Whole Scale Change Toolkit:

Whole-scale Change Toolkit Dannemiller Tyson Associates,2000 This hands on guide to the change process details each step of the way for change agents and leaders both inside and outside organizations The authors explain the underlying theory of the Whole Scale Change process and detail the steps to putting it in action They tell how to put together planning and logistics teams and describe what needs to be done before during and after the various events Jacket **Whole-Scale Change** Dannemiller Tyson Associates,2000-10-25 PEOPLE IN ORGANIZATIONS of all types public and private large and small have for years had to wrestle with the formidable challenge of successfully planning and implementing changes in how they do business Today the demand for faster approaches is increasing across a broad spectrum of organizations in business and society as they are faced daily with an array of change mandates new business strategy development and deployment merger and acquisition integration work re design community organizing and more Traditional command and control structures and processes no longer enable and mobilize people in organizations the rapid rate of change in the environment demands new and different ways for organizations to respond Whole Scale Change Unleashing the Magic in Organizations combines systems theory and practical methodology to offer a proven flexible approach that leads to aligned action by hundreds even thousands of people and creates powerful processes for change Shattering the old paradigm about how long it takes organizations to change the book shows how to rapidly engage the whole system in meeting organizational agility and flexibility demands It offers adaptable repeatable strategies for different settings and convening issues through the authors unique Whole Scale approach which has been successfully applied in diverse businesses and industries the service sector health care education government other nonprofits and communities throughout the world Imagine everyone in your organization pulling in the same direction everyone with the same information acting quickly to solve the problems and confront the issues facing your organization Whole Scale Change provides not only the theories and principles underlying the approach but also the practical methods tools and road maps for unleashing the energy and combining the power and wisdom of all the people in an organization *The Change Handbook (Volume 1 of 4) (EasyRead Super Large 18pt Edition)* ,

The Change Handbook (Volume 1 of 2) (EasyRead Edition) , *The Change Handbook* Peggy Holman,2009-06-24 This book is about effective change It describes methods for changing whole systems that is change based on two powerful foundation assumptions high involvement and a systemic approach to improvement High involvement means engaging the people in changing their own system It is systemic because there is a conscious choice to include the people functions and ideas that can affect or be affected by the work Whole system change methods help you initiate high leverage sustainable improvements in organizations or communities High leverage is emphasized because in any improvement effort we want the highest possible value for the effort invested We believe that involving people in a systematic way is a key to high leverage and that the methods in this book can provide this leverage for you You ll need to determine the one s best suited to moving

your organization or community to the culture you want We wrote this book to support your efforts The book is intended to answer questions such as What methods are available that have proven successful in addressing today s needs for organizational or community change What are the key distinctions among these methods How do I know if a method would be a good fit for my organization or community How do I get started after I select one or more methods To make a good choice you ll need some basic information Rather than provide details of how to do each method we give you an overview of what s available and some tools to help focus your exploration
