Verplanken, Geoffrey Haddock**

Why We Evaluate Functions Of Attitudes:

Why We Evaluate Gregory R. Maio, James M. Olson, 1999-11 This edited volume offers engaging summaries on the latest research on attitude function from the leaders in the field Topics include attitude functions persuasion individual differences approaches the role of motivation and the practical implication

The Psychology of Attitudes and Attitude Change Greg Maio, Geoffrey Haddock, 2009-12-18 An outstanding new text Written in an engaging style it provides an impressive review of both basic and applied work Classic studies are interwoven with important recent findings to provide a scholarly overview of this exciting area of social psychology Professor Mark Conner University of Leeds Maio and Haddock provide an excellent up to date summary of the key findings in the field in their very readable new text Richard E Petty Ohio State University People spontaneously evaluate things We form opinions on topics such as war and climate change on other people such as our work colleagues and celebrities and on behaviours such as sexual activity and waste recycling At times these attitudes can be the focus of bitter debate and as humans we naturally crave to understand attitudes and how to change them In four sections and 11 chapters Greg Maio and Geoffrey Haddock describe how scientific methods have been used to better understand attitudes and how they change The first section looks at what attitudes are and why they are important The second section examines the ability of attitudes to predict behaviour From there the authors consider how attitudes are formed and changed Finally they present a variety of major issues for understanding internal such as neurological and external such as culture influences on attitude along with unresolved questions With the aid of a few helpful metaphors the text provides readers with a grasp of the fundamental concepts for understanding attitudes and an appreciation of the scientific challenges that lie ahead *The Psychology of Attitudes and Attitude Change* is for students in psychology health psychology communication business and political science It is a core text for courses in the psychology of attitudes persuasion and social influence and a key resource for modules in social cognition and introductory social psychology

The Psychology of Attitudes and Attitude Change Gregory Maio, Geoff Haddock, Bas Verplanken, Andrew Luttrell, 2025-10-25 This book explores what attitudes are and how they are shaped how they influence behaviour and the scientific methods that are used to understand attitudes and how they change Introducing the fundamental concepts for understanding attitudes with a balanced consideration of all approaches the book pulls together many diverse threads from research across the world The fourth edition has been updated to include cutting edge topics such as attitudes to vaccines political polarisation and the effects of social media on attitude change It covers the applications of attitude research in the domains of environmental political and health psychology and critically reflects on the methods used for attitude research and considers the role of new technologies and social media in attitudes and attitude research Key features Updated Research highlights illustrate interesting and important case studies and their findings Recap what we have learned and what do you think questions encourage critical reflection and deep thinking Key terms and a glossary help you get up to speed with terminology Diverse

and inclusive examples from across the globe

The Psychology of Attitudes and Attitude Change Gregory R. Maio, Bas Verplanken, Geoffrey Haddock, 2018-10-27 This third edition explores the scientific methods that are used to better understand attitudes and how they change updated to reflect the flurry of research activity in this dynamic subject over the past few years Providing the fundamental concepts for understanding attitudes with a balanced consideration of all approaches the book pulls together many diverse threads from research across the world Key features Research highlights illustrate interesting and important case studies and their findings Recap What we have learned and What do you think questions at the end of chapters get students thinking Key terms and a glossary help students get up to speed with terminology Even more international in scope with research drawn from many countries and a stronger European perspective New research in areas such as hypocrisy persuasion matching and evaluative conditioning has been considered and included showing the flourishing nature of this subject area Online resources including multiple choice questions journal articles and flashcards for students and PowerPoint slides and essay questions for lecturers to use for teaching ideas available at study.sagepub.com/psychofattitudes3e

Attitudes and Attitude Change Gerd Böhner, Michaela Wanke, 2014-03-18 Attitudes cognitive representations of our evaluation of ourselves other people things actions events ideas and attitude change have been a central concern in social psychology since the discipline began People can and do have attitudes on an infinite range of things but what are attitudes how do we form them and how can they be modified This book provides the student with a comprehensive and accessible introduction to the basic issues in the psychological study of attitudes Drawing on research from Europe and the USA it presents up to date coverage of the key issues that will be encountered in this area including attitude formation and change functions of attitudes attitude measurement attitudes as temporary constructs persuasion processes and prediction of behaviour from attitudes

The SAGE Handbook of Prejudice, Stereotyping and Discrimination John F Dovidio, 2010-08-05 The SAGE Handbook of Prejudice Stereotyping and Discrimination provides comprehensive coverage on the state of research critical analysis and promising avenues for further study on prejudice stereotyping and discrimination Each chapter presents in depth reviews of specific topics describing the current state of knowledge and identifying the most productive new directions for future research Representing both traditional and emerging perspectives this multi disciplinary and truly international volume will serve as a seminal resource for students and scholars

Attitudes and Attitude Change Tobias Vogel, Michaela Wanke, 2016-04-14 Attitudes have been a central topic in social psychology from its early beginnings But what exactly are attitudes where do they come from and how can they be modified The overall aim of Attitudes and Attitude Change is to provide students with a comprehensive and accessible introduction to these basic issues in the psychological study of attitudes In four parts readers learn about how attitudes can be measured how attitudes are shaped in the course of life how they are changed by other people and finally how attitudes in turn affect our thoughts and behavior This completely revised and updated second edition covers many

recent developments and reports cutting edge research while also addressing the classic findings and theories that advanced the field In addition to integrating the newly emerged topics of implicit attitudes and recent models regarding the coexistence of explicit and implicit attitudes this edition also adds chapters on social influence and resistance to persuasion This comprehensive and user friendly book carefully balances theoretical underpinnings and empirical findings with applied examples to enable readers to use the insights of attitude research for practical applications Critical discussions also instigate readers to develop their own thinking on key topics

The Handbook of Attitudes, Volume 1: Basic Principles

Dolores Albarracín, Blair T. Johnson, 2018-10-10 Attitudes are evaluations of people places things and ideas They help us to navigate through a complex world They provide guidance for decisions about which products to buy how to travel to work or where to go on vacation They color our perceptions of others Carefully crafted interventions can change attitudes and behavior Yet attitudes beliefs and behavior are often formed and changed in casual social exchanges The mere perception that other people favor something say rich people may be sufficient to make another person favor it People's own actions also influence their attitudes such that they adjust to be more supportive of the actions People's belief systems even change to align with and support their preferences which at its extreme is a form of denial for which people lack awareness These two volumes provide authoritative critical surveys of theory and research about attitudes beliefs persuasion and behavior from key authors in these areas The first volume covers theoretical notions about attitudes the beliefs and behaviors to which they are linked and the degree to which they are held outside of awareness It also discusses motivational and cultural determinants of attitudes influences of attitudes on behavior and communication and persuasion The second volume covers applications to measurement behavior prediction and interventions in the areas of cancer HIV substance use diet and exercise as well as in politics intergroup relations aggression migrations advertising accounting education and the environment

The Science of Attitudes Joel Cooper, Shane Blackman, Kyle Keller, 2015-09-16 The Science of Attitudes is the first book to integrate classic and modern research in the field of attitudes at a scholarly level Designed primarily for advanced undergraduates and graduate students the presentation of research will also be useful for current scholars in all disciplines who are interested in how attitudes are formed and changed The treatment of attitudes is both thorough and unique taking a historical approach while simultaneously highlighting contemporary views and controversies The book traces attitudes research from the inception of scientific study following World War II to the issues and methods of research that are prominent features of today's research Researchers in the field of attitudes will be particularly interested in classic and modern research on the organization structure strength and function of attitudes Researchers in the field of persuasion will be particularly interested in work on attitude change focusing on propositional and associative learning metacognition and dynamic theories of dissonance balance and reactance The book is designed to present the integration of the properties of the attitude with the dynamic considerations of attitude change The Science of Attitudes is also the first book on attitudes to

devote entire chapters to work on implicit measurements resistance to persuasion and social neuroscience

Communication and Emotion Jennings Bryant, David R. Roskos-Ewoldsen, Joanne Cantor, 2003-05-14 This collection serves two important functions it synthesizes theory and research in the vital and vibrant area of communication and emotion and it highlights the scholarly work and contributions of Dolf Zillmann the preeminent contributor to this area of inquiry As one of the most productive and influential scholars in the annals of communication inquiry Zillmann is well known for his contributions in the areas of communication emotion media effects and aggression Editors Jennings Bryant David Roskos Ewoldsen and Joanne Cantor have collected groundbreaking essays from scholars active in the field all of whom studied under or worked with Zillmann during his exemplary career The contributions included here acknowledge the significance of Zillmann's work and identify many of the intellectual streams that contributed to his scholarship Utilizing both psychology and communication perspectives this volume covers the current literature in communication and emotion with a focus on key theories media effects and entertainment theory As a comprehensive synthesis of theory and research in communication and emotion it will be of great interest to scholars in communication theory cognitive and social psychology and psychophysiology With a concluding state of the art chapter by Dolf Zillmann himself this volume offers a thorough and distinctive examination of communication and emotion scholarship and it will serve as an invaluable resource for current and future generations of scholars
