Womens Lacrosse A Guide For Advanced Players And Coaches:

Women's Lacrosse Janine Tucker, Maryalice Yakutchik, 2008-05-14 Women's lacrosse is one of the fastest growing sports in the United States. As stick technology advances, athleticism increases, and rules and regulations adapt, even the most experienced players and coaches need to keep current on all aspects of the game. Janine Tucker, head women's lacrosse coach at the Johns Hopkins University, and Maryalice Yakutchik, a writer and former lacrosse player, here supply the ultimate guide to women's lacrosse. Each chapter provides a detailed explanation of a specific skill or technique, illustrated with easy-to-read instructional diagrams and photographs. Coach Tucker begins with lacrosse survival skills: throwing, catching, cradling, and scooping ground balls, and then moves on to more advanced techniques such as precise checking, fast footwork, correct stick and body position, deceptive shooting, and quick dodges. Chapters on cutting edge offensive and defensive strategy, as well as specialized skills such as goal tending and the draw, will get any team ready to hit the field. For young women who want to play at the college level, the concluding chapter on recruiting offers a timeline, testimony from players, parents, and college coaches who have been through the process, and a sample résumé.
