American Labor and Immigration History, 1877-1920s Dirk Hoerder, 1983

Charlton Frank Morrill and Hannah Morrill, 2014 By the mid nineteenth century 80 percent of Charlton land was used for agricultural purposes The railroad arrived in 1838 giving the farmers new markets The dairy industry from which Charlton received it moniker cow town expanded up to the First World War then began a long decline and has now vanished As the twentieth century drew closer small shops along the many waterways began to be absorbed by larger mills which are now gone Charlton s excellent school system and its geographic location with its proximity to Worcester Springfield Hartford and

Boston resulted in a dramatic population increase in the latter part of the 20th century In 1920 the population was 1 995 by 1970 it had slowly increased to 4 654 then it was discovered and today it is over 13 000 Today taking a leisurely walk through the woodlands of Charlton will result in viewing stonewalls in every direction evidence of once open fields cleared of stones by hard working farmers of a bygone time Race to Revolution Gerald Horne,2014-07-08 The histories of Cuba and the United States are tightly intertwined and have been for at least two centuries In Race to Revolution historian Gerald Horne examines a critical relationship between the two countries by tracing out the typically overlooked interconnections among slavery Jim Crow and revolution Slavery was central to the economic and political trajectories of Cuba and the United States both in terms of each nation s internal political and economic development and in the interactions between the small Caribbean island and the Colossus of the North Horne draws a direct link between the black experiences in two very different countries and follows that connection through changing periods of resistance and revolutionary upheaval Black Cubans were crucial to Cuba s initial independence and the relative freedom they achieved helped bring down Jim Crow in the United States reinforcing radical politics within the black communities of both nations This in turn helped to create the conditions that gave rise to the Cuban Revolution which on New Years Day in 1959 shook the United States to its core Based on extensive research in Havana Madrid London and throughout the U S Race to Revolution delves deep into the historical record bringing to life the experiences of slaves and slave traders abolitionists and sailors politicians and poor farmers It illuminates the complex web of interaction and influence that shaped the lives of many generations as they struggled over questions of race property and political power in both Cuba and the United States
