Wordcatcher An Odyssey Into The World Of Weird And Wonderful Words:

Wordcatcher Phil Cousineau, 2010-04-13 The English poet W H Auden was once asked to teach a poetry class 200 students applied but he only had space for 20 When asked how he chose his students he said he picked only those who truly loved words Wordcatcher is a book for just such people people who are fascinated by words their origins history and meaning Who would ever have thought the country of Canada was named after a mistake Or that all the adventures of Ancient Greek sailors rest on the word nostalgia Cousineau's delightful and fascinating book is the perfect gift for anyone with a love of words

Wordcatcher Phil Cousineau, 2010-03-15 Who knew that the great country of Canada is named for a mistake How about bedswerver the best Elizabethan insult to hurl at a cheating boyfriend By exploring the delightful back stories of the 250 words in Wordcatcher readers are lured by language and entangled in etymologies Author Phil Cousineau takes us on a tour into the obscure territory of word origins with great erudition and endearing curiosity The English poet W H Auden was once asked to teach a poetry class and when 200 students applied to study with him he only had room for 20 of them When asked how he chose his students he said he picked the ones who actually loved words So too with this book it takes a special wordcatcher to create a treasure chest of remarkable words and their origins and any word lover will relish the stories that Cousineau has discovered

The Painted Word Phil Cousineau, Gregg Chadwick, 2012-09-18 WORDCATCHER Phil Cousineau illuminates the history and mystery of weird and wonderful word stories To untangle the knot of interlocking meanings of these painted words logophile and mythologist Phil Cousineau begins each fascinating word entry with his own brief definition He then fills it in with a tint of etymology and a smattering of quotes that show how the word is used ending with a list of companion words The words themselves range from commonplace like biscuit a twice baked cake for Roman soldiers to loanwords including chaparral from the Basque shepherds who came to the American West words from myths such as hector metamorphosis words like silly which evolved holy to goofy in a mere thousand years and words well worthy of revival such as carrytale a wandering storyteller Whether old fangled or brand new all the words included in The Painted Word possess an ineffable quality that makes them luminous

[The Hidden History of Coined Words](#) Ralph Keyes, 2021-02-19 Written by one of the country's most experienced and entertaining etymological detectives The Hidden History of Coined Words provides a delightful excavation into the process by which words became minted Not only does Ralph Keyes give us the who what where of it all but delights in stories that reveal the mysteries of successful coinage

Beyond Forgiveness Phil Cousineau, 2010-12-29 If we harbor thoughts of violence or hatred or seek revenge or retribution we are contributing to the wounding of the world if we transform those thoughts into forgiveness and compassion and then move beyond them to actually make amends or restitution we are contributing to the healing of the world This timely powerful and compassionate book helps show us the way Deepak Chopra Nothing will help us survive the present age more than breaking the tragic cycles of violence and revenge that threaten our very existence To do so we must honor our

soul's desire for deeper forms of reconciliation a process that Phil Cousineau reveals here as being on the other side of forgiveness in the ancient ritual of atonement His book is a profoundly important contribution to the healing of the world and I give it my blessing Robert A Johnson author of Transformation Inner Work and Owning Your Own Shadow As indispensable as forgiveness has been to the healing process throughout history there is another equally profound action that is needed for ultimate reconciliation which Arun Gandhi grandson of Mohandas Gandhi calls the other side of the coin Turning over the coin of forgiveness we discover atonement the half hidden much overlooked other half of the reconciliation process Beyond Forgiveness shows how acts of atonement making amends providing restitution restoring balance can relieve us of the pain of the past and give us a hopeful future This rich and powerful book includes 15 thoughtful contributions by high profile thinkers and activists including Huston Smith Michael Bernard Beckwith Azim Khamisa Rabbi Michael Lerner Jacob Needleman Michael Nagler Diane Hennacy Powell James O Dea Arun Gandhi Kate Dahlstedt Ed Tick Richard J Meyer Rev Heng Sure Douglas George Kanentiio and Katharine Dever Atonement is put forward as a process that we must all learn to practice from individuals to nations if we are to heal our wounds and move forward Authorisms Paul Dickson, 2014-04-22
