Working Classes Higher Education Opportunity:

The Working Classes and Higher Education Amy E. Stich, Carrie Freie, 2015-12-22 Within the broader context of the global knowledge economy wherein the college for all discourse grows more and more pervasive and systems of higher education become increasingly stratified by social class important and timely questions emerge regarding the future social location and mobility of the working classes Though the working classes look very different from the working classes of previous generations the weight of a universal working class identity background amounts to much of the same economic vulnerability and negative cultural stereotypes all of which continue to present obstacles for new generations of working class youth many of whom pursue higher education as a necessity rather than a choice Using a sociological lens contributors examine the complicated relationship between the working classes and higher education through students distinct experiences challenges and triumphs during three moments on a transitional continuum the transition from secondary to higher education experiences within higher education and the transition from higher education to the workforce In doing so this volume challenges the popular notion of higher education as a means to equality of opportunity and social mobility for working class students

The Working Classes and Higher Education Amy E. Stich, Carrie Freie, 2015-12-22 Within the broader context of the global knowledge economy wherein the college for all discourse grows more and more pervasive and systems of higher education become increasingly stratified by social class important and timely questions emerge regarding the future social location and mobility of the working classes Though the working classes look very different from the working classes of previous generations the weight of a universal working class identity background amounts to much of the same economic vulnerability and negative cultural stereotypes all of which continue to present obstacles for new generations of working class youth many of whom pursue higher education as a necessity rather than a choice Using a sociological lens contributors examine the complicated relationship between the working classes and higher education through students distinct experiences challenges and triumphs during three moments on a transitional continuum the transition from secondary to higher education experiences within higher education and the transition from higher education to the workforce In doing so this volume challenges the popular notion of higher education as a means to equality of opportunity and social mobility for working class students

Working-Class Minority Students' Routes to Higher Education Roberta Espinoza, 2012-10-02 While stories of working class and minority students overcoming obstacles to attend and graduate from college tend to emphasize the individualistic and meritocratic aspect this book based in extensive empirical study of American high school classrooms and in theories of social and cultural capital examines the social relations that often underpin such successes highlighting the significant formal and informal academic interventions by educators and other education professionals

The Working-Class Student in Higher Education Terina Roberson Lathe, 2017-11-08 The Working Class Student in Higher Education Addressing a Class Based Understanding challenges understandings of social class and

education by asking how community college faculty perceive working class students and how that perception reflects class based assumptions in higher education Faculty may recognize social class but how it is experienced within higher education is often lost in translation particularly when faculty members are interacting with a differently classed student population Recommended for scholars of education pedagogy and sociology **Working Class Female Students' Experiences of Higher Education** Sam Shields,2021-11-09 This book explores the experiences of working class women undergraduates at three universities in the North of England The author examines the women s identities choices and emotions in relation to higher education and how they reframe their constrained university choices to maximise their chances of academic success Highlighting differences in working class women s learner identities caring commitments and quests for upwards social mobility the book offers an understanding of working class female student journeys and their mixture of compromise uncertainty and hope It will be of interest and value to scholars of working class women students widening participation and sociologists of education **Working Class Community** Brian Jackson,1998 Annotation Originally published in 1968

Class, Race, Disability and Mental Health in Higher Education Mike Seal,2022-05-19 All universities have to produce plans to eliminate the gaps in access success and participation of disadvantaged student in higher education setting targets with regards to Global Majority working class disabled and student with mental health conditions In this book Mike Seal examines the terminology theoretical debates and positions identifies the causes of gaps and evaluates proposed initiatives He argues that there is an unexamined assumption that higher education is a good thing materially and intellectually which demonises those for whom this is questionable The book also highlights the continuing structural and individual discrimination in terms of class race and disability and a denial of the extent to which higher education is a cause of mental health issues and negative well being It uncovers unexamined assimilation models in higher education that expects these students to abandon their culture and communities despite students wanting to give back to these communities being a major extrinsic motivation and to embrace a culture that will not embrace them The book starts from the perspective that contemporary international higher education reproduces existing privileges and the book goes on to argue that widening participation agendas should recognise the changing nature of academic life through a more inclusive holistic approach Seal argues that it is essential to include an informed understanding of how students position themselves in academia and how their identity and academic status is enabled and developed with the support of the university In order to do this universities need to redefine their purpose and the nature of their relationships with the communities they purport to serve **Russian and West European Women, 1860-1939** Marcelline J. Hutton,2001 This ambitious study provides a sweeping overview of the position of women in England France Germany and Russia USSR from 1860 1939 The book illustrates their struggles to realize their dreams and their resourcefulness in coping with often dreary hard even horrifying lives Deftly combining statistical data to underscore collective experiences and belles lettres to highlight the texture of individual women s lives the

book assesses the significance of gender class nationality and religion This richly researched work traces common patterns and unique experiences in women s lives by showing how they defined themselves coped with daily life and confronted disaster with courage and resourcefulness **Class, Culture and Education (RLE Edu L)** Harold Entwistle,2012-05-23

This book examines the concepts of equality class culture work and leisure and explores their interrelationship through the discussion of some current problems especially the problems posed for schools for the culturally deprived The debate about differential provision of schooling for different social groups is taken up through examination of the assumption that schools are middle class institutions and the claims and counter claims about the possibility of there being a common culture as the basis for a common curriculum in comprehensive schools The concept of culture and especially the meaning of working class culture receives examination in this context as well as the thesis that any sub culture constitutes an adequate or valid way of life **Student Life in a Class Society** Joan Abbott,2014-05-17

Student Life in a Class Society covers specific topics within the general field of social anthropology This book discusses the social class composition and influence in the student body of the University of Edinburgh as well as the motives of students entering the university This book is composed of four parts encompassing 16 chapters The first parts deal first with the curvilinear model of organizational change in societies research methods social class as a factor in participation in and leadership of student organizations spatial factors in social relations relevance of social class in defined social situation and cultural factors in social relations These parts also looks into the general reactions of students and their families The remaining parts consider the concepts of student s social mobility and social motility the students attitude to university expansion and the students in control and rebellion These parts are also concerned with the structural distances and institutional socialization as well as the research problems in education The book can provide useful information to psychologists teachers students and researchers

Working Classes Higher Education Opportunity Book Review: Unveiling the Power of Words

In a world driven by information and connectivity, the energy of words has been much more evident than ever. They have the capacity to inspire, provoke, and ignite change. Such is the essence of the book **Working Classes Higher Education Opportunity**, a literary masterpiece that delves deep into the significance of words and their impact on our lives. Published by a renowned author, this captivating work takes readers on a transformative journey, unraveling the secrets and potential behind every word. In this review, we will explore the book's key themes, examine its writing style, and analyze its overall effect on readers.
