What's Best Next Study Guide Matt Perman,2019-12-10 By anchoring your understanding of productivity in God s plan the What s Best Next Study Guide gives your study group or class a practical approach for increasing effectiveness in work and life There are a lot of myths about productivity what it means to get things done and how to accomplish work that really matters In our current era of innovation and information overload it may feel harder than ever to understand the meaning of work or to have a sense of vocation or calling So how do you get more of the right things done without confusing mere activity for actual productivity Matt Perman has spent his career helping people learn how to do work in a gospel centered and effective way What s Best Next explains his approach to unlocking productivity and fulfillment in work by showing how faith relates to work even in our

everyday grind The What's Best Next Study Guide a companion to What's Best Next and the What's Best Next Video Study offers a practical approach for improving productivity in all areas of life It will help you better understand How to create a mission statement for your life that's actually practicable How to delegate to people in a way that really empowers them How to overcome time killers like procrastination interruptions and multitasking by turning them around and making them work for you How to process workflow efficiently and get your email inbox to zero every day How to have peace of mind without needing to have everything under control How generosity is actually the key to unlocking productivity This twenty four session study guide includes Reflection questions for group and personal study Video teaching notes Frequent Bible references and quotes from Christian thinkers Ample space for notetaking Closing prayers at the end of each session Productivity isn't just about getting more things done It's about getting the right things done the things that count make a difference and move the world forward You can learn how to do work that matters and how to do it well *Counterfeit Gods* Timothy Keller, 2011-10-04 New York Times bestselling author of *The Prodigal Prophet* and nationally renowned minister Timothy Keller exposes the error of making good things ultimate in this book and shows readers a new path toward a hope that lasts Success true love and the life you've always wanted Many of us placed our faith in these things believing they held the key to happiness but with a sneaking suspicion they might not deliver No wonder we feel lost alone disenchanted and resentful There is only one God who can wholly satisfy our cravings and now is the perfect time to meet Him again or for the first time In *Counterfeit Gods* Timothy Keller shows how a proper understanding of the Bible reveals the unvarnished truth about societal ideals and our own hearts This powerful message cements Keller's reputation as a critical thinker and pastor and comes at a crucial time for both the faithful and the skeptical **Shaped by the Gospel** Timothy Keller, 2016-03-15 It is easy to assume that if we understand the gospel and preach it faithfully our ministry will necessarily be shaped by it but this is not true Many churches claim to be gospel centered but do not have a ministry that is shaped by centered on and empowered through the gospel The implications of the gospel have not yet worked their way into the fabric of how that church does ministry Gospel centered ministry is more theologically driven than program driven To pursue it we must spend time reflecting on the essence the truths and the very patterns of the gospel itself The gospel is neither religion nor irreligion but something else entirely a third way of relating to God through grace In *Shaped by the Gospel* bestselling author and pastor Timothy Keller addresses several current discussion and conflicts about the nature of the gospel and shows how faithful preaching of the gospel leads to individual and corporate renewal This new edition contains the first section of *Center Church* in an easy to read format with new reflections and additional essays from Timothy Keller and several other contributors
