The FASB Conceptual Framework Project, 1973-1985 Pelham Gore, 1992 This work investigates why the Financial Accounting Standards Board's Conceptual Framework Project 1973-1985 which sought to set down financial reporting standards for accounting attracted so much criticism The author suggests that a CF is expected to bear too heavy a load but that it cannot furnish the answer to all financial accounting ills He believes that the best contribution that a CF can offer is that it can provide a focus to the debate that leads to a new financial reporting standard **Accountants' Professional Negligence** Jonathan R.H.H. Pockson, 1982-06-18 **The Banking Crisis Handbook** Greg N Gregoriou, 2009-12-01 Explores the Origin of the Recent Banking Crisis and how to Preclude Future Crises Shedding new light on the recent worldwide banking debacle The Banking Crisis Handbook presents possible remedies as to what should have been done prior during and after the crisis With contributions from well known academics and professionals the book contains e Health Planning Methods and Technology Series, 1976 *Financial Reporting in the UK* B.A. Rutherford, 2007-05-07 This fine account of the period following the 1960s charts the history of the Accounting Standards Committee Written by a respected scholar it makes a major contribution to the history of financial reporting **How Honesty Pays** Charles E. Watson, 2005-10-30 Against the all too familiar backdrop of corporate scandal and greed Charles Watson provides what he calls a blueprint to help working men and women from the tops of organizations to the bottoms step forward and help restore and defend the integrity of business Step by step he outlines fifteen fundamental commandments of honest business from put people first to be your own person common sensical approaches to making decisions solving problems and taking action in ways that deliver results without compromising on principles Using dozens of compelling examples from companies large and small Watson demonstrates how honesty integrity and trust are at the root of such essential business concepts as creativity and innovation risk taking collaboration attracting and retaining talented people and anticipating and exceeding customer expectations He also tackles such complex issues as how to prevent an ethical ego from becoming arrogant and how to stand your ground when faced with unethical competition resistance from above or below or the temptation to take the path of least resistance Ultimately he provides practical not abstract or theoretical recommendations for developing individuals and organizations that encourage authentic relationships act in ways that society admires and have the boldness to initiate action with conviction Watson also tackles such complex issues as how to prevent an ethical ego from becoming arrogant and how to stand your ground when faced with unethical competition resistance from above or below or the temptation to take the path of least resistance He reminds us that integrity is derived from the Latin integritas oneness a consistency of purpose word and deed Applying this principle he provides practical not abstract or theoretical recommendations for developing individuals and organizations that encourage authentic relationships celebrate positive achievements act in ways that society admires and have the boldness to initiate action with conviction Ultimately Watson demonstrates that with courage and

humility you can indeed do well by doing good not only at work but in all aspects of your life

Evaluation for an Equitable Society Stewart I. Donaldson, Robert Picciotto, 2016-04-01 Governments and organizations of all shapes and sizes espouse values of equity and social justice Yet there are many examples of unfair social arrangements and employment conditions dysfunctional government practices and growing income inequality in both developed and developing countries worldwide The profession and transdiscipline of evaluation is well equipped to address issues of inequality and social injustice but until recently has been much more focused on primary stakeholder and donor satisfaction being as useful as possible to funders of interventions and evaluations and accountability concerns The authors in this volume challenge the field of evaluation to become more concerned about using evaluation to develop more equitable organizations governments and societies Leading evaluation theorists and practitioners including Michael Scriven Jennifer Greene Thomas Schwandt Emily Gates Sandra Mathison Karen Kirkhart Saville Kushner Lois Ellin Datta Ernest House Robert Stake Patricia Rogers Robert Picciotto and Stewart Donaldson provide a range of visions for how evaluation can play a much larger role in facilitating social justice across the globe Evaluation for an Equitable Society will be of great interest to evaluation practitioners students and scholars It will be of interest to those teaching and taking introductory evaluation courses as well as advanced courses focused on improving evaluation theory and practice
