Uncoupling Turning Points In Intimate Relationships:

Uncoupling Diane Vaughan, 1986 Many books explain why relationships end but never before has a book shown in riveting step by step detail precisely how they end Through extensive interviews and original research Diane Vaughan reveals the underlying pattern beneath every disintegrating relationship This is a groundbreaking book that will help anyone who has ever left a relationship or been left to understand what happened Perhaps even more important it will help some people who don't even know their relationship is in trouble to see what is happening Armed with a new awareness of what is usually an unconscious process until it's too late the partners acquire the ability to either live with it control it or change it Vaughan shows that no matter what the characteristics of the couple involved rich or poor straight or gay married or not and whether they've been together 18 months or 18 years the dynamics of the uncoupling process are essentially the same The key to understanding how two people separate according to Vaughan is the role they assume in the leavetaking Most often one partner the initiator wants out of a relationship while the other wants the relationship to continue Although both people must go through the same steps in altering their perceptions of each other and themselves they do so at different times By the time the still loving partner realizes the relationship is in serious trouble the initiator is already gone in a number of ways Uncoupling begins with the initiator's first secret awareness of discomfort depicts his or her search for a confidant who is selected is a telling factor and reveals the subtle often barely perceptible signalling of his discontent to the partner Vaughan traces the initiator's groping for and testing of a new single identity and depicts the initiator's confrontation with the partner She shows how two people try and why trying often fails Finally she explains how the partner makes his or her own transition out of the relationship Replete with case histories many poignant the book provides answers to many puzzling questions why one person can sometimes take the end of a long term relationship so calmly why counseling so often fails why one member of a couple can be so much better prepared for a single life than the other why some people never psychologically separate and much more Uncoupling : Turning Points in Intimate Relationships Diane Vaughan, 1990 **Uncoupling** Diane Vaughan, 1986 **The Practice of Qualitative Research** Sharlene Nagy Hesse-Biber, Patricia Leavy, 2006 Covering all the key mainstream qualitative methods this book offers candid wisdom tips from leading researchers that will help students with the process of completing a successful research project Knowing and Not Knowing in Intimate Relationships Paul C. Rosenblatt, Elizabeth Wieling, 2013-07-25 A comprehensive exploration of knowing and not knowing being known and not known in intimate relationships **Uncoupling** Diane Vaughan, 1987 Based on ten years research this is the only book of its type on the market today It explains in lucid and engaging detail the turning points in intimate relationships showing that there are basic similar patterns Vaughan's extensive use of interviews of both straight and gay couples married and live ins makes her book lively and interesting **The Dark Side of Close Relationships** Brian H. Spitzberg, William R. Cupach, 2013-06-17 This collection of essays represents a follow up to the editors 1994 publication The Dark Side of

Interpersonal Communication In the preface to that collection of essays they argued that To fully understand how people function effectively requires us to consider how individuals cope with social interaction that is difficult problematic challenging distressing and disruptive In this companion volume the focus expands from social interaction to close relationships Aside from the inherent need to investigate the bad as well as the good of interpersonal relationships the editors and their colleagues simply find the dark side metaphor to be intellectually arousing It stimulates investigation of important yet often neglected phenomena and it especially encourages consideration of the hidden and forbidden and the paradoxical and ironic elements of human relating This volume assembles the cutting edge work of first rate scholars from the ranks of communication psychology sociology and cognate disciplines As in the previous text the subject matter and stylistic approaches are diverse reflecting the broad and interdisciplinary domain that is the dark side of human affairs The selection of topics is somewhat selective reflecting only a sample of emerging scholarship in the interdisciplinary study of relationships These internationally recognized scholars examine various topics related to the dark side including fatal attractions jealousy and envy misunderstanding gossip conflict codependence sexual coercion stalking relationship termination unrequited love and mental health problems in relationships Some chapters present original data and models whereas others reconfigure the way in which the understandings of relationships can be better understood In addition the bookend chapters examine the ideology nature and problems of dark side scholarship Collectively the scholarly journeys made in this volume are intended to illustrate the complexities both moral and functional involved in close relationship processes The intent is neither to valorize nor demonize the darker aspects of close relationships but rather to emphasize their importance to the day to day doing of relationships Only by accepting such processes as integral to relationships can their role be fully understood

Inside Relationships Sandra Faulkner, 2021-12-29 The second edition of this book again uses original case studies as a means to bring home to students through lived experiences the theories and concepts of interpersonal communication Each piece takes an arts based approach spanning essays short stories scripts photographs poetry and has been newly written for this edition by communication researchers writers and artists The case studies focus on the aesthetic dimensions of relating to illustrate to students the workings of relationship management with regards to friendship race class gender family interaction sexuality and other key topics in relational communication The case studies are framed from a critical interpersonal perspective to encourage students to consider how power and cultural discourses about relationships influence their relating Faulkner's introduction to each section provides important pedagogical content to give context and meaning to the cases that follow Each case closes with questions for discussion activities and additional resources to help students analyze the material The book is suited as core or supplemental reading for courses in interpersonal or relational communication

Human Chemistry (Volume One) Libb Thims, 2007-09-01 Human chemistry is the study of bond forming and bond breaking reactions between people and the structures they form People often speak of having either good or bad chemistry

together whereby according to consensus the phenomenon of love is a chemical reaction The new science of human chemistry is the study of these reactions Historically human chemistry was founded with the 1809 publication of the classic novella *Elective Affinities* by German polymath Johann von Goethe a chemical treatise on the origin of love Goethe based his human chemistry on Swedish chemist Torbern Bergman's 1775 chemistry textbook *A Dissertation on Elective Attractions* which itself was founded on Isaac Newton's 1687 supposition that the cause of chemical phenomena may all depend upon certain forces by which the particles of bodies by some causes hitherto unknown are either mutually impelled towards each other and cohere in regular figures or are repelled and recede from one another which thus defines life

The Top Books of the Year Uncoupling Turning Points In Intimate Relationships The year 2023 has witnessed a noteworthy surge in literary brilliance, with numerous engrossing novels captivating the hearts of readers worldwide. Lets delve into the realm of bestselling books, exploring the engaging narratives that have captivated audiences this year. Uncoupling Turning Points In Intimate Relationships : Colleen Hoover "It Ends with Us" This heartfelt tale of love, loss, and resilience has gripped readers with its raw and emotional exploration of domestic abuse. Hoover expertly weaves a story of hope and healing, reminding us that even in the darkest of times, the human spirit can triumph. Uncover the Best : Taylor Jenkins Reids "The Seven Husbands of Evelyn Hugo" This spellbinding historical fiction novel unravels the life of Evelyn Hugo, a Hollywood icon who defies expectations and societal norms to pursue her dreams. Reids compelling storytelling and compelling characters transport readers to a bygone era, immersing them in a world of glamour, ambition, and self-discovery. Uncoupling Turning Points In Intimate Relationships : Delia Owens "Where the Crawdads Sing" This evocative coming-of-age story follows Kya Clark, a young woman who grows up alone in the marshes of North Carolina. Owens crafts a tale of resilience, survival, and the transformative power of nature, entrancing readers with its evocative prose and mesmerizing setting. These popular novels represent just a fraction of the literary treasures that have emerged in 2023. Whether you seek tales of romance, adventure, or personal growth, the world of literature offers an abundance of compelling stories waiting to be discovered. The novel begins with Richard Papen, a bright but troubled young man, arriving at Hampden College. Richard is immediately drawn to the group of students who call themselves the Classics Club. The club is led by Henry Winter, a brilliant and charismatic young man. Henry is obsessed with Greek mythology and philosophy, and he quickly draws Richard into his world. The other members of the Classics Club are equally as fascinating. Bunny Corcoran is a wealthy and spoiled young man who is always looking for a good time. Charles Tavis is a quiet and reserved young man who is deeply in love with Henry. Camilla Macaulay is a beautiful and intelligent young woman who is drawn to the power and danger of the Classics Club. The students are all deeply in love with Morrow, and they are willing to do anything to please him. Morrow is a complex and mysterious figure, and he seems to be manipulating the students for his own purposes. As the students become more involved with Morrow, they begin to commit increasingly dangerous acts. The Secret History is a exceptional and suspenseful novel that will keep you guessing until the very end. The novel is a warning tale about the dangers of obsession and the power of evil.
