Underminers A Guide To Subverting The Machine:

Underminers Keith Farnish,2012-11-13 Underminers is a book about undermining the industrial system It provides ordinary people with the tools needed to become truly connected human beings and the potential to remove the things that are keeping others from leaving the industrial system Radical frightening and liberating it really could change everything Please note this is the British English author s edit and has not been independently proof read All efforts have been made to keep errors to a minimum The published version is due out in late 2013 from New Society Publishers *Underminers* Keith Farnish,2013-08-26 A vibrant growing movement of radical protest is sweeping North America in opposition to high stakes capitalism and the appalling environmental desecration that accompanies it At once entertaining shocking and inspiring Underminers is the monkey wrencher s guide to navigating and subverting the industrial machine showing how symbolic protestors can become real activists reconnected to one another and co creators of a viable future **Schools on Trial** Nikhil Goyal,2017-01-10 A devastating critique of the American way of education and a hopeful blueprint for change which can unlock the creativity and joy of learning inherent in all students In this book Nikhil Goyal a journalist and activist whom The Washington Post has dubbed a future education secretary and Forbes has named to its 30 Under 30 list both offers a scathing indictment of our teach to the test while killing the spirit educational assembly line and maps out a path for all of our schools to harness children s natural aptitude for learning by creating an atmosphere conducive to freedom and creativity He prescribes an inspiring educational future that is thoroughly democratic and experiential and one that utilizes the entire community as a classroom **Drinking Molotov Cocktails with Gandhi** Mark Boyle,2015-10-01 Get ready for the new three R s Resist Revolt Rewild More than ever people are longing for deep and meaningful change Another world is not only possible it is essential Yet despite our creative and determined efforts to attain social justice and ecological sustainability our global crises continue to deepen In Drinking Molotov Cocktails with Gandhi bestselling author Mark Boyle argues that our political and economic system has brought us to the brink of climate catastrophe ransacking ecosystems and unravelling communities for the benefit of the few at the expense of the many He makes a compelling case that we must rewild the political landscape as history teaches us that positive social change has always been wrought by movements prepared to use any means available The time has come for pacifists revolutionaries and freedom fighters to work together for the creation of a world worth sustaining Eloquent visionary and beautifully written this incendiary manifesto strikes at the heart of the world s crises and reframes our understanding of how to solve them signaling a turning point in our journey towards an ecologically just society The three R s of the climate change generation reduce reuse and recycle are long overdue for an upgrade Welcome to resist revolt rewild *The Other Worldview* Peter Jones,2015-06-24 A must read for every concerned American and especially for every Christian who weeps at the graveside of his culture R C Sproul A cataclysmic change has occurred as our culture has shifted toward belief in Oneism Every religion and philosophy fits into

one of two basic worldviews Oneism asserts that everything is essentially one while Twoism affirms an irreducible distinction between creation and Creator The Other Worldview exposes the pagan roots of Oneism traces its spread throughout Western culture and demonstrates its inability to save For bodily holiness and transformed thinking we depend entirely on one amazing thing the incredibly powerful message of the Gospel to a sinful world which is the ultimate expression and goal of Twoism The only hope is in Christ alone
