**Bodywise** Joseph Heller, William Henkin, 2004-10-20 Bodywise is based on Joseph Heller's own brand of deep tissue bodywork which makes the connection between life issues and natural bodily alignment and shows how to restore the body's natural balance. The book teaches readers how to regain control and become a full time owner of their bodies. Part One explains the way the body works in everyday life as well as in the structures of consciousness. Part Two takes the reader on a guided tour of the Hellerwork experience.

**BodyWise** Rachel Carlton Abrams, M.D., 2016-12-27 Are you tired? Do you suffer from chronic pain, headaches, backaches, or other persistent discomfort? Do you experience depression or feel anxious? Do you have allergies or autoimmune issues? Have you lost your sex drive somewhere along the way? If you have one or more of these symptoms, you may be suffering from what Rachel Carlton Abrams MD calls Chronic Body Depletion, a condition that can be related to weight gain, high blood pressure, exhaustion, and many other symptoms that leave the body drained. In BodyWise, Dr. Abrams helps us to understand that these symptoms, uncomfortable as they may be, are actually a sign of our body's intelligence. Our bodies are trying to communicate, sometimes screaming at us to pay attention, and only when we learn to listen are we able to treat what ails us to achieve optimum healing and lifelong health. Dr. Rachel shares her customizable 28-day program used with thousands of patients in her clinic for healing the body both physically and emotionally. Through quizzes and detailed self-assessments, she explains how you can evaluate your own body wisdom for different areas in your life, including stress, sleep, libido, pain, anxiety, depression, allergies, and autoimmune issues. Guiding you through thoughtful diet, routine, and lifestyle changes, BodyWise will help you discover your own unique needs and offer you the principles and practices to create the vibrant, balanced, healthy life you have always deserved.

*Body Wise* Joseph Heller, William A. Henkin, 1991 Hellerwork connects life issues and natural bodily alignment and restores the body's natural balance from the inside out.

King James Onlyism James D. Price, 2006 The doctrine that the King James Version is the only authoritative Bible for English speaking people has become known as King James Onlyism, taking on the characteristics of a sect. Using evidence from Scripture, history, theology, textual criticism, and ancient and modern Bible versions, this book demonstrates that this doctrine is of recent vintage, being unknown before the mid-twentieth century. It also demonstrates that conservative modern translations of the Bible equally support the cardinal doctrines of Scripture. Amazon.com

**The Guardian Projects** James Herbert Edwards, 2007-05-09 On a chilly day in October of 1982, I uncovered an alien creature while trying to make an oil well location in Copperhead Hollow, West Virginia. I'm not real good at driving a bulldozer, but I managed to unearth the turtle-shaped creature after he nicely telepathically talked me into it. It was a good thing that I liked Sci-Fi, or I probably would have gone nuts. The creature's name is Pracon, and he is a silicone creature from the Procyon system. I still see him occasionally. Not only did we communicate, but before he left me the first time he touched me mentally, or I should say he shocked me like a freakin' electric line, leaving me with knowledge and brain power that I had never felt before. It was like he

had supercharged my brain I suddenly knew things I didnt understand like images of other aliens some quite frightening along with their strange dialects and languages He also left me with a knowledge of the universe that included directions on how to get to different galaxies and planets as well as who lived there how they lived and whether they would love me or kill me I gotta tell you the nightmares I had for several months afterwards were horrible to say the least yet nothing like what happened next Several months did go by with the nightmares and such People started talking behind my back that I was possessed for I would sometimes talk to them in Tharx a truly universal language and then look at them like I expected them to understand me Or avoid me when my eyes turned colors and tables and chairs started moving around me I myself often looked into the mirror while shaving and didnt really recognize the person looking back at me Joan my girlfriend my sweetheart stayed with me through it all and in the process became part of the bigger picture Then one day a knock at the door produced a creature that was identical to the geologist I worked with Rick only this one wanted me dead Had I not been on the phone talking to the real Rick I sure I would have been killed that day and not just shot in the ass But using my new found intelligence I was able to paralyze the creature a thing made of living tissue and metal and get rid of its head before the damn thing blew up Yes it was freaky And it got freakier The explosion drew law enforcement officers from all over as well as a group of alien Guardians from the planet Entimall short white colored humanoids who helped me subdue another humanlike creature masquerading this time as a paramedic Yet their purpose for coming to our planet was not to help save me but to see if I would help them save their own world By the time they found out I did not know what a Guardian was I was visited by another creature an red Altairian a devilish looking man named Crouthhamel He was their commander and quickly sent them packing threatening to remove their sex organs from their chests for their violation of landing here Ouch Hes the one who enlisted me by first taking me to the backside of the moon and then sticking a Vega collar on my head He didnt hurt me with it as its purpose was to educate not punish like some of them can do he just tested me and taught me until the damn thing started smoking Pracons imparted knowledge together with my own education and personality must have convinced him I would make a good Guardian for my sector of space Thats when he gave me my very own spaceship He didnt really give it to me more like offered me to it The ship was actually a living being and quite capable of acting on its own Unfortunately it was only the second one ever made and are you ready for this the first one kinda went nuts so they had to destroy it As you will see I probably should have made a note to myself about that Did it stop me from enlisting
