Wicked Inheritance A Novel Of Family Madness And Murder:

The Anatomy of Evil Michael H. Stone, The crimes of Charles Manson Ted Bundy Jeffrey Dahmer John Wayne Gacy Dennis Rader and other high profile killers are so breathtakingly awful that most people would not hesitate to label them evil In this groundbreaking book renowned psychiatrist Michael H Stone host of Discovery Channel s former series Most Evil uses this common emotional reaction to horrifying acts as his starting point to explore the concept and reality of evil from a new perspective In an in depth discussion of the personality traits and behavior that constitute evil across a wide spectrum Dr Stone takes a clarifying scientific approach to a topic that for centuries has been inadequately explained by religious doctrines Basing his analysis on the detailed biographies of more than 600 violent criminals Stone has created a 22 level hierarchy of evil behavior which loosely reflects the structure of Dante s Inferno He traces two salient personality traits that run the gamut from those who commit crimes of passion to perpetrators of the worst crimes sadistic torture and murder One trait is narcissism as exhibited in people who are so self centered that they have little or no ability to care about their victims The other is aggression the use of power over another person to inflict humiliation suffering and death Stone then turns to the various factors that singly or intertwined contribute to pushing certain people over the edge into committing heinous crimes They include heredity adverse environments violence prone cultures mental illness or brain injury and abuse of mind altering drugs All are considered in the search for the root causes of evil behavior What do psychology psychiatry and neuroscience tell us about the minds of those whose actions could be described as evil And what will that mean for the rest of us Stone discusses how an increased understanding of the causes of evil will affect the justice system He predicts a day when certain persons can safely be declared salvageable and restored to society and when early signs of violence in children may be corrected before potentially dangerous patterns become entrenched Michael H Stone MD New York NY is professor of clinical psychiatry at the Columbia College of Physicians and Surgeons He is the author of ten books most recently *Personality Disorders Treatable and Untreatable* and over two hundred professional articles and book chapters He is also the host of Discovery Channel s former series *Most Evil* and has been featured in the *New York Times* *Psychology Today* the *Christian Science Monitor* *CNN* *ABC News* *CBS News* *NBC News* the *New York Post* the *London Times* the *BBAC* and *Newsday* among many other media outlets *The Mammoth Book of Best New Horror 16* Stephen Jones,2012-03-01 The latest edition of the world s foremost annual showcase of horror and dark fantasy fiction Here are some of the very best short stories and novellas by today s finest exponents of horror fiction including Kim Newman Neil Gaiman China Mi ville Paul McAuley Glen Hirshberg Ramsey Campbell and Tanith Lee *The Mammoth Book of Best New Horror 16* also contains the most comprehensive overview of horror around the world during the year lists of useful contact addresses and a fascinating necrology It is the one book that is required reading for every fan of macabre fiction *Damn Him to Hell* Patricia Rice,Jamie Quaid,2020-10-20 In which Tina learns she can be a Fury meting out justice or a lawyer not both Tina Clancy s

scholarship in history art history and literature as well as on developments in sociology psychoanalysis and cultural theory However the author ultimately relies on new and extensive primary research to ground the changing ways in which the reading public became consumers of literary commodities on a scale never before seen Previous commentators have coded the mass market as somehow always feminine and King offers a genealogy of how such a gender identity came about Finally King recontextualizes within the Victorian mass market three key nineteenth century novels Walter Scott's *Ivanhoe* Mary Braddon's *Lady Audley's Secret* and Émile Zola's *The Ladies Paradise* and in so doing suggests radically new and unexpected meanings
