Women Alonzo L. Gaskill, 2023-02-14 The wife and the mother are the inappreciable treasures given unto you by God They are the fairest ornaments of existence and of them shall be born all the inhabitants of the world In the late 1800s a Russian explorer discovered another record of Christ s life and teachings guarded for centuries by the leaders of a monastery in Tibet Ancient traders recorded their experiences with Christ and His teachings and brought these records to India The explorer reported that these words were remarkable for their character of divine grandeur and were sublime words from the Master Himself Alonzo Gaskill presents this extra biblical text in which Christ expounds the divine role of women in the gospel and the family This book will help expand your appreciation and respect for women and their sacred part in God s plan

Divorce and Remarriage Tom Roberts, 2018-03-22 From the birth of Christianity and with the Christian churches separation from Judaism a tragic misunderstanding of marriage and divorce has occurred Not only have we lost the understanding of biblical marriage counsel and wisdom we have also lost the process of marriage and its biblical allowances for separation of man and wife under certain conditions Christianity often fails to understand the biblical practice of marriage as well as divorce and remarriage Our Lord employed rabbinic teaching to uplift the status of women in his temple discourses with Jewish sects such as the Sadducees and many groups of Pharisees Unless we understand the Semitic discussion within those groups and properly translate Our Lord s response to these questions his teaching is held in tension

with that of the epistles of Paul Jesus and Paul are dealing with different case studies together with different communities of faiths which affects how we should interpret the general message contained in the text These misinterpretations of this vital information have needlessly ruined the lives of many innocent victims It is long overdue for the Christian Church to reevaluate her response to this growing problem There is a blessing for those who will receive this teaching

Catholic and Mormon Stephen H. Webb,Alonzo L. Gaskill,2015 What could Roman Catholicism and Mormonism possibly have to learn from each other On the surface they seem to diverge on nearly every point from their liturgical forms to their understanding of history With its ancient roots Catholicism is a continuous tradition committed to the conservation of the creeds while Mormonism teaches that the landscape of Christian history is riddled with errors and apostasy and in need of radical revision and spiritual healing Additionally successful proselyting efforts by Mormons in formerly Catholic strongholds have increased opportunities for misunderstanding polemic and prejudice between the two faiths However as demonstrated in this unique and spirited dialogue between two theologians one a convert to Catholicism and the other a convert to Mormonism these two traditions are much closer to each other than many assume including in their treatment of central doctrines such as authority grace Jesus Mary and revelation Both Catholicism and Mormonism have ambitiously universal views of the Christian faith and readers will be surprised by how close Catholics and Mormons are on a number of topics and how these traditions probed to their depths shed light on each other in fascinating and unexpected ways Catholic and Mormon is an invitation to the reader to engage in a discussion that makes understanding the goal and marks a beginning for a dialogue that will become increasingly important in the years to come
