The United Nations And Collective Security Routledge Research In International Law:

The United Nations and Collective Security Gary Wilson, 2014-02-03 The role of the United Nations in collective security has been evolving since its inception in 1945 This book explores collective security as practiced within the legal framework provided by the United Nations Charter with a particular focus upon activity undertaken under the auspices of the UN Security Council the body conferred by the Charter with the primary responsibility for the maintenance of international peace and security Although the book is primarily grounded in international law where appropriate it also draws upon relevant political insights in order to present a clear picture of the UN collective security system in operation and the factors which impact upon the way in which it functions Offering a comprehensive analysis it considers the full range of measures which can be utilised by the UN in the performance of its collective security remit including military enforcement action peacekeeping non military sanctions and diplomacy The book considers each of these measures in detail assessing the legal framework applicable to the form of action the main legal controversies which arise in respect of their appropriate utilisation and the UN s use of this collective security tool in practice The book draws conclusions about the main strengths and shortcomings of the various means through which the UN can attempt to prevent minimise or end conflict

Research Handbook on International Law and Human Security Oberleitner, Gerd, 2022-10-14 This comprehensive Research Handbook considers the place of human security both in practice and as a concept within international law examining the preconditions for and consequences of applying human security to international legal thinking and practice It also proposes a future international law in which human security is central to the law s purpose This title contains one or more Open Access chapters

Mutual Trust in Regional and Interregional Cooperation on Counterterrorism Céline C. Cocq, 2024-07-29 This book provides a detailed theoretical and practical analysis of a key concept in cooperation namely mutual trust in the EU and ASEAN regions It particularly looks at the issue of counterterrorism It analyses the differences in the legalistic approach of the EU and the consultation and consensus based approach in the ASEAN region and the correlation between mutual trust and regional and interregional cooperation against terrorism Thereby this book extends the well known concept of counterterrorism in EU criminal law to another regional case in order to analyse its possible use and operationalisation in other regions It provides important findings on whether and if so how the EU and ASEAN legal frameworks have facilitated intra regional and potentially interregional cooperation In order to measure trust it focuses on information sharing and discusses the terminology related to this matter the mechanisms of cooperation and the difficulties and successes of information sharing This book is of great interest for academics doing research on trust transnational cooperation regional counterterrorism legal architecture in the EU and ASEAN and comparative legal regional and interregional analysis and officials and practitioners involved in transnational cooperation in criminal matters especially terrorism

The Oxford Handbook of the International Law of Global Security Robin Geiß, Nils Melzer, 2021-02-16 Understanding the global

security environment and delivering the necessary governance responses is a central challenge of the 21st century. On a global scale, the central regulatory tool for such responses is public international law. But what is the state role and relevance of public international law in today's complex and highly dynamic global security environment? Which concepts of security are anchored in international law? How is the global security environment shaping international law, and how is international law in turn influencing other normative frameworks? The Oxford Handbook of the International Law of Global Security provides a ground-breaking overview of the relationship between international law and global security. It constitutes a comprehensive and systematic mapping of the various sub-fields of international law dealing with global security challenges and offers authoritative guidance on key trends and debates around the relationship between public international law and global security governance. This Handbook highlights the central role of public international law in an effective global security architecture and, in doing so, addresses some of the most pressing legal and policy challenges of our time. The Handbook features original contributions by leading scholars and practitioners from a wide range of professional and disciplinary backgrounds, reflecting the fluidity of the concept of global security and the diversity of scholarship in this area.

The Defining the Crossword of Sovereignty and Security Bo Long, 2023-06-05. In general summary on the basis of the perspective of realism, this book has thoroughly and critically assessed the international legal topic of the application of the UNCSS in territorial disputes. Firstly, from the discussion of the initial two chapters, it can be learnt that territorial disputes and the UNCSS are mutually important to each other. Meanwhile, as the corresponding background, there is a lack of relevant legal studies on the present research topic. Secondly, from the discussion of the middle two chapters, it can be learnt that both territorial disputes and the UNCSS have their specific nature and characters. As the result, it also can be recognized that although the general environment of the international community is pursuing peace and security, but the engagement between territorial dispute and the UNCSS is still inevitable. Thirdly, from the discussion of the final two chapters, it can be learnt that due to their diversified advantages and shortages, the various measures of the UNCSS can exert different effects on territorial disputes. Nevertheless, there are well-directed ways for the reform of the UNCSS in this field, and thereupon an applicable reform scheme can be drafted.

The Law and Practice of the United Nations Benedetto Conforti†, Carlo Focarelli, 2016-07-18. The Law and Practice of the United Nations examines the law of the United Nations through an analysis of the Organization's practice from its inception until the present, in particular to the transformations the UN has undergone since the end of the Cold War. Special consideration is given to Chapter VII of the UN Charter and its interpretation, the United Nations membership and organs' competences, along with the peaceful settlement of disputes and coercive action for the maintenance of international peace and security. In addition, this important new edition explores such areas as general and smart sanctions, peacekeeping authorizations of the Security Council, territorial administrations, self-determination, human rights, financing of the Organization, acts adoptable by the UN organs, and a review of their legality. Offering a fully revised

and updated analysis of the main legal issues surrounding the United Nations practice The Law and Practice of the United Nations will be of interest to all those involved with legal issues surrounding the United Nations the analysis of said issues and their impacts on international practice **A Companion to State Power, Liberties and Rights** Morley, Sharon, Turner, Jo, Karen Corteen, Paul Taylor, 2017-02-15 This handbook sets out defines and analyzes the essential vocabulary and terminology involved in the study of state power individual liberties and rights As part of the Companions series it is organized alphabetically taking up and defining key topics in these areas particularly as they relate to the study of crime and harm Topics addressed include state and corporate crime terrorism security risk legislation and policy human rights and civil liberties policing punishments and detention surveillance and regulation and many others Accessible yet challenging the book will be useful for both undergraduates and graduate students working in criminology criminal justice international relations political science and other fields **International Law** Malcolm David Evans, 2014 Clearly and accessibly written this new text provides a valuable resource for undergraduate and postgraduate students of international law and covers subjects including the history theories and sources of international law as well as current areas of interest such as international criminal law *Feminist Conversations on Peace* Sarah Smith, Keina Yoshida, 2022-07-26 EPUB and EPDF available Open Access under CC BY NC ND licence This edited collection brings together conversations across borders and boundaries which explore plural intersectional and interdisciplinary concepts of feminist peace *The United Nations* Kent J. Kille, Alynna J. Lyon, 2020-09-08 This key resource for anyone interested in the United Nations global issues or world politics provides accessible and comprehensive coverage of the history growth and development of ideas and institutions governing the globe The United Nations has been an essential actor in world politics for 75 years Its entities have eliminated smallpox protected the ozone layer promoted arms control and helped to save the lives of over 90 million children Yet it is frequently criticized as ineffective and antiquated This book provides a balanced and systematic overview of the UN s contributions and challenges highlighting areas where it plays an essential role in global governance as well as areas of redundancy and needed reform This book provides readers with a clear well organized reference resource to the entire UN system its principal organs specialized agencies programs and funds and key issues of engagement Through individual entries it examines the history of UN engagement ranging from peace and security to migration and climate change It moves beyond a simple description of UN entities as it assesses the development of ideas such as that of sustainable development as well as responses to changes in world politics Finally it presents both the significant successes of UN work and continued challenges
