The Family Child Support Conspiracy JC Street,2022-09-13 In January 1975 President Gerald Ford signed into law HR 17045 of the Health and Human Services which gave birth to the Child Support Enforcement Program This is a federal state program whose purpose was to help strengthen families by securing financial support for children from their noncustodial parents As a bonus this new Child Support Enforcement program along with President Johnson s unconditional war on poverty in the America Act better known as the Economic Opportunity Act of 1964 was sold to be the answer to eliminate intergenerational poverty cycles here in the United States At the time of this groundbreaking new HR 17045 law the child poverty rate was at 12 percent However standing in the way of this bill passing Congress was a heavily favored constitutional bedrock law called the Privacy Act At its foundation was the 1890 Brandeis Right to Privacy law That was simply stated the right to be let alone Then there was the 1948 UN Declaration of Human Rights that declares no one shall be subjected to

arbitrary interference with his privacy family home or correspondence nor attacks upon his honor and reputation The Congress of 1974 was in a decisive moment In order to pass this failing bill there needed to be a compromise In exchange for a yes vote to change the Privacy Act so that we can have this new child support program Congress will grant exemptions to some federal employees so that their pay cannot be garnished by this new child support program And to cement this program with the everyday American people Congress agreed to input a couple of stimulus response theories into this package They understood that providing a stimulus to individuals will cause them to react in a certain way and by rewarding or punishing these responses they can train the person to react in a particular way They also used operant conditioning a method of learning that employs rewards and punishes behaviors to establish and maintain conflict between parties in this example behaviors between fathers mothers and their children Both psychological theories work together to ensure a desired destination the classic divide and conquer plan Now that this bill was signed into law there was only one thing left to do That was to sell this program to the American people and collect the profits They found the perfect strategy to get their message across it s called yellow journalism It s an 1890s melodrama technique coined by newspaper owners William Randolph Hearst and Joseph Pulitzer It used sensational dramatic pieces with exaggerated characters to persuade its readers to believing that made up storylines were true In the end it made them both very rich It s now 2021 We have had over forty years to look back over this child support program Opinions are conflicting However we cannot change the facts remember facts are very stubborn things It is a proven fact that this system the child support system needs conflict to work Folks it s important to understand what is at stake here it s your family tree At least three consecutive generations after you will or can be affected by what you do It is now up to you to plant the seed of hope in the lives of those who you directly affect which are your children The good news is that God saw this coming He has a plan for you and your family to escape break free from this intergenerational poverty cycle Insights about how and why this is so very important are shared in this book **Love Strong** Denna Babul, R.N.,2020-06-23 The search for love is a booming business in the United States There is speed dating matchmaking online dating and every other modality under the sun to help women find love However finding love is not the issue Finding the right love and sustaining it is where the difficulty lies More than any other time in history women are facing their problems head on They want it all the white picket fence the career the love of their lives and two adorable children to wrap it all up in a well deserved bow When love evades them over and over again they want to know why In her experience as a relationship coach Denna Babul sees women start to panic looking for answers when they feel their dreams begin to lose shape while everyone else s lives are coming together If this sounds familiar then Denna s proven methodology and quick wit will transform the way you approach love Her candid and wildly proven process will educate women with relationship dilemmas on how to move on from the wrong guy stop wasting time trying to figure out what happened and get back to looking within themselves for the real answers Denna is that tough love girlfriend everyone needs but not everyone is lucky
