Womans Orgasm A Guide To Sexual Satisfaction:

Woman's Orgasm Georgia Kline-Graber, Benjamin Graber, 1975 *Handbook of Sex Therapy* Joseph LoPiccolo, Leslie LoPiccolo, 2012-12-06 When is it timely to publish a synthesis of previously published and original materials from a specific discipline I believe it to be timely when one has a sufficient amount of high quality material covering the critical areas of that topic when the previously published material is scattered over a wide range of journals and books and when there is no single book that synthesizes the discipline The treatment of sexual dysfunction emerged to the front lines of health delivery only during the past decade with the pioneering work of William Masters and Virginia Johnson In spite of the rash of sex clinics and sex therapists that followed precious little solid research has been conducted on the various strategies of therapy the means of assessing complex interpersonal sexual relations and the manner by which clinical change is objectively assessed No one reader can keep pace with the multitude of journals that publish key material by sophisticated investigators And no one investigator can cover these salient areas alone with his or her original work in a single volume The critical papers have now been written Ten were written specifically for this volume and thirty three have previously appeared This volume laces them together into a coherent pattern Thus the time for a synthesis in sexual dysfunction Restoring the Pleasure Clifford Penner, Joyce J. Penner, 2016-03-08 Do you need help restoring the pleasure to your marriage Whether you've been married a day a decade or half a century if your sexual relationship is marred by pain tension or disappointment you are not alone Thousands of couples struggle with sexual problems that keep their marriages from being all that God intended them to be But there is hope Now sexual therapists and best selling authors Joyce and Cliff Penner share their proven methods in this comprehensive easy to follow book of detailed explanations realistic anecdotes and clearly written exercises Providing the biblical basis for the sexual relationship as well as helpful diagnostic aids the Penners help you improve communication and educate yourselves about your God given sexual response Then they lead you step by step through creative and fun sexual retraining assignments to help you overcome various problems The Penners provide straightforward advice and reassuring encouragement to help you start restoring the pleasure to your marriage Beginning counselors and pastors will also find this an invaluable resource for helping others overcome their sexual barriers *Sexual Dysfunction: Beyond the Brain-Body Connection* R. Balon, 2011-10-11 During the last years human sexuality has been the focus of interest and study by various disciplines In this volume a multidisciplinary team of international experts discuss contemporary issues of human sexuality from updates on diagnosis to the management of various sexual dysfunctions Reviews of the management of several female sexual dysfunctions the impact of cancer on sexual functioning the impact of trauma on sexual desire and function as well as the newest trends in sex therapy androgen deprivation treatment of sexual behavior and autogynephilia are discussed in detail Further the complex interplay between the field of human sexuality and the Internet psychological and cultural aspects of infertility are reviewed A large amount of clinical material on topics rarely covered in other volumes will

Circumvaginal Musculature and Sexual Function B. Graber, 1982-11-03

A Resident's Guide to Psychiatric Education M. Thompson, 2012-12-06 This is the inaugural volume of the new series Critical Issues in Psychiatry An Educational Series for Residents and Clinicians It is an appropriate beginning for this book represents a milestone in the evolution of psychiatric education For the first time there will now be a single place where one can find a comprehensive collection of educational goals and objectives to define the broad spectrum of knowledge and skills essential for general and child psychiatry This collection does not represent the bias of a single educator or program Rather it consists of a consensually validated ranking of relative importance for each educational goal and objective as determined by a large and international sampling of experienced psychiatric educators as well as an editorial board with some of the most distinguished names in psychiatric education It is even possible to tell at a glance whether the ranked level of importance is the same or different within several national groups for example Canadians vs Americans This book is intended for all students of psychiatry It is particularly valuable to residents in training but equally so for experienced clinicians preparing for Board examination or simply attending to the process of continuing education and intellectual renewal While it might well be used by an institution to delineate the dimensions of a training program in psychiatry it is intended primarily for the self evaluation and self monitoring of one s growth as a psychiatrist
