Your Other Left Punch Lines From The Frontlines:

The Liberators Michael Hirsh, 2010-03-16 At last the everyday fighting men who were the first Americans to know the full and horrifying truth about the Holocaust share their astonishing stories Rich with powerful never before published details from the author s interviews with more than 150 U S soldiers who liberated the Nazi death camps The Liberators is an essential addition to the literature of World War II and a stirring testament to Allied courage in the face of inconceivable atrocities Taking us from the beginnings of the liberators final march across Germany to V E Day and beyond Michael Hirsh allows us to walk in their footsteps experiencing the journey as they themselves experienced it But this book is more than just an in depth account of the liberation It reveals how profoundly these young men were affected by what they saw the unbelievable horror and pathos they felt upon seeing stacks of bodies like cordwood and skeletonlike survivors in camp after camp That life altering experience has stayed with them to this very day It s been well over half a century since the end of World War II and they still haven t forgotten what the camps looked like how they smelled what the inmates looked like and how it made them feel Many of the liberators suffer from what s now called post traumatic stress disorder and still experience Holocaust related nightmares Here we meet the brave souls who now in their eighties and nineties have chosen at last to share their stories Corporal Forrest Robinson saw masses of dead bodies at Nordhausen and was so horrified that he lost his memory for the next two weeks Melvin Waters a 4 F volunteer civilian ambulance driver recalls that a woman at Bergen Belsen fought us like a cat because she thought we were taking her to the crematory Private Don Timmer used his high school German to interpret for General Dwight Eisenhower during the supreme Allied commander s visit to Ohrdruf the first camp liberated by the Americans And Phyllis Lamont Law an army nurse at Mauthausen Gusen recalls the shock and ultimately the hope that you can save a few From Bergen Belsen in northern Germany to Mauthausen in Austria The Liberators offers readers an intense and unforgettable look at the Nazi death machine through the eyes of the men and women who were our country s witnesses to the Holocaust The liberators recollections are historically important vivid riveting heartbreaking and on rare occasions joyous and uplifting This book is their opportunity perhaps for the last time to tell the world

A Sniper's Journey Gary D. Mitchell, Michael Hirsh, 2007-01-02 A Vietnam sniper tells his story and reveals the battles he fought even after the war was over In 1968 Gary Mitchell enlisted in the Army and was sent to Vietnam where he earned a reputation for keeping his head in extreme situations This caught the eye of his superiors who trained him in long distance shooting setting him on the path to becoming a sniper Over a twenty four year career Mitchell had twenty four confirmed kills most of these in Vietnam where intelligence agents borrowed him from his Army unit This is not just the story of a man at war it s also about the war within the man because the memories of his sniper missions followed him home throughout his career and into civilian life And as the years went by the full realization of what he d done in the line of duty came back to haunt Mitchell s scarred conscience With the love and support of his wife Ellen he struggled to understand

what had happened to him and what his actions revealed about him And though the immediate horror of Vietnam was long past he found himself facing a different kind battle one that nearly destroyed him The Journal of Military History ,2004

Your Other Left! Michael Hirsh,2004 This compendium of one liners from all branches of the military proves that any resemblance between the way the military does things and common sense is purely coincidental ANZACS on the Western Front Peter Pedersen,2012-03-15 A lavishly illustrated account of the ANZACs involvement in the Western Front complete with walking and driving tours of 28 battlefields With rare photographs and documents from the Australian War Memorial archive and extensive travel information this is the most comprehensive guide to the battlefields of the Western Front on the market Every chapter covers not just the battles but the often larger than life personalities who took part in them Following a chronological order from 1916 through 1918 the book leads readers through every major engagement the Australian and New Zealanders fought in and includes tactical considerations and extracts from the personal diaries of soldiers This is the perfect book for anyone who wants to explore the battlefields of the Western Front either in person or from the comfort of home **Front Lines** Lorraine Mary York,1991 This first full length study of Timothy Findley argues that his novels and short stories are part of a system of war texts Not only is Findley s fiction haunted by the specter of war it is also a compulsive testament to the infinite repetitions of war in domestic gender and class conflicts Influenced by feminist literary theory the workings of literary intertextuality and the new historiography the study shows how war as a literary device as well as various historical wars documents of war and literary war texts inform the novels and stories of Timothy Findley to such an extent that war becomes an integral part of their signifying systems **American Book Publishing Record** ,2004

Normal Instructor and Primary Plans ,1919 **SODA BOTTLE OPENER** ANEEL KHANNA,2019-06-28 The book while taking the reader on a tour of a man s personal journey from mediocrity to excellence from getting better to being beaten unravels the warped and demanding corporate mantras for success Compete and win at all costs Give no quarters Be fierce aggressive and get him before he gets you It is you or him better you Winners always win be a winner Exploit the ignorant and ignorance as there is no place for also rans Open the soda bottled within you and release the possibilities reinvent and project yourself constantly if you want to be more than just successful It s a journey that never reaches the end
