The Theory Of Entrepreneurship Creating And Sustaining Entrepreneurial Value:

The Theory of Entrepreneurship Chandra S. Mishra,R. Zachary,2014-12-04 The Theory of Entrepreneurship examines the interiors of the entrepreneurial value creation process and offers a new unified and comprehensive theory to afford empirical investigations as well as delineate a broader view of the entrepreneurial contextual milieu *Creating and Sustaining Competitive Advantage* Chandra S. Mishra,2017-06-13 This book develops a unified framework to explain the phenomena of competitive advantage and firm value creation in dynamic environments Through a new strategic value creation theory it explores how a firm can measure and sustain its competitive advantage through management incentives capital market forces organizational culture and structure and social complexity It also considers how management can utilize their resources and capabilities shadow options product market forces customer needs and organizational learning as a means to differentiate them from the competition With an innovative approach to theory and research it will be positioned to inform both scholars and practitioners in management business strategy and entrepreneurship on the process of competitive and sustainable value creation **Creating Entrepreneurial Space** David Higgins,Paul Jones,Paucic McGowan,2019-06-17 The book draws upon new theoretical perspectives and approaches as a means of illustrating the inherently social and contextualized nature of entrepreneurial practice and advance the manner in which we critically think about and engage with various aspects of entrepreneurial practice and development Family Entrepreneurship Matt R. Allen,William B. Gartner,2021-04-05 This book provides recent ideas insights facts evidence frameworks and perspectives on how and why entrepreneurial families are successful over generations The book focuses on how families successfully implement entrepreneurship across generations That success it argues requires entrepreneurship at the level of the family not only in the businesses the family owns and manages Written by noted academics and consultants who are authorities on family entrepreneurship the chapters provide a comprehensive exploration of the characteristics of successful entrepreneurial families their motivations how they behave over time and suggestions for how business families can encourage and sustain entrepreneurship This comprehensive look at family entrepreneurship will serve as a fundamental reference text for family business consultants owners and scholars **Concise Introduction to the Family Firm** Ramon K. Zachary,Sharon M. Danes,Elisa Balabram,2023-01-20 Building on the current structural focus of the family firm discipline this Concise Introduction provides a function based processual approach to the area It rethinks the nature of the family firm advancing a deeper understanding of its internal dynamics Ramona Kay Zachary Sharon M Danes and Elisa Balabram offer comprehensive theories of the family firm the best methods of investigation and the relationships among the owning family its business as well as how these are interconnected Getting Funded Chandra S. Mishra,2015-09-01 Investors receive thousands of business plans but only a few businesses receive funding While there are many how tos out there for entrepreneurs no one has focused on the mind set tools and foundation that are important to investors and therefore

essential to entrepreneurs Getting Funded examines and develops a framework on which to base a business concept conduct due diligence research and risk analysis refine a business model and reformulate a business strategy and develop a risk and reward structure that protects investment money and incentivizes entrepreneurs to successfully manage the opportunity to create and share value Getting Funded shows entrepreneurs the tools and framework critical to a venture's success teaching entrepreneurs to refine their business model and strategy as well as to develop an investment model to improve the investability of the venture and thereby increase the chances of getting funded Even without the need for external funding these tools will improve a venture's potential odds of success Listen to the author discuss the book on the UK based radio show The Evening Show with Simon Rose

Handbook of Research on Financial Management During Economic Downturn and Recovery Teixeira, Nuno Miguel, Lisboa, Inês, 2021-06-04 Times of crisis are unexpected and they bring diverse challenges and opportunities for companies financial markets and the economy On one hand more risk and uncertainties appear yet on the other hand it is an opportunity to reorganize and reinvent the company It is important for businesses to understand ways to deal with uncertainty and risk in times of economic downturn and what financial strategies and tools can be used to eliminate or reduce the potential negative effects These effects can reach the company's financial performance capital structure as well as cause financial debt and the availability of cash flow to companies However different financial instruments can sustain the business and deal with the difficulties of payment when sales reduce and uncertainty increases thus research is essential in this critical area When economic downturn affects the financial markets the role of banks country dynamics the economy and many other facets of the business world financial management becomes the key for business recovery The Handbook of Research on Financial Management During Economic Downturn and Recovery shares relevant knowledge on challenges and opportunities caused by crises such as the pandemic and the effects on economic and financial arenas The chapters cover topics such as business models to understand how companies react to pandemic and crises situations as well as how they change their management and way of conducting business Other important topics include sustainable development international financial markets capital structure changes uncertainty and risk and governance and leadership This book is ideal for shareholders directors and managers economists researchers academics practitioners stakeholders researchers academicians and students interested in knowledge on topics about challenges in the way that companies financial markets financial institutions and governments respond to risk and uncertainty

[A World Scientific Encyclopedia Of Business Storytelling, Set 1: Corporate And Business Strategies Of Business Storytelling \(A 5-volume Set\)](#), 2023-08-17 This set of multi reference works is meant to be read together as the five volumes interlace one another like the laces of a shoe in the famous painting by Vincent van Gogh Who will wear the shoes is a question long debated in art history and philosophy If we take these five volumes from different points of view on the theory and practice of business storytelling then we have a crisscrossing a new and impressive dialogue for the reader This set is presented as a

new way to lace up the laces of business storytelling Volume 1 aims to recount narratives in a variety of ways so that the precepts of entrepreneurial storytelling can be made accessible to a variety of audiences academic practitioner student and community member Entrepreneurship has a long history and tradition but there are disputed ways of doing business storytelling in entrepreneurship that the next four volumes articulate Volume 2 provides insights into stories fostering the idea of business and not necessarily business itself It focuses specifically on history contributing to the current debates within management and organizational history around the idea of the historic turn It reflects on the idea of business and beyond could there be more to history and business storytelling than what has previously been accepted in the field This book sets out to explore a diverse array of alternative modes and multiple ways of storying organizations The editors intentionally sought to involve an international network of authors with diverse storytelling accounts of history as a way of helping build out this new storytelling paradigm in a diverse and inclusive ethic As a result this volume showcases a broad spectrum of critical storytelling from geographically diverse authors working in universities small businesses and public service throughout Brazil Canada Finland the United Kingdom and the United States To reflect these dynamics and for the stories in this volume to fit together chapters were organized into three themes stories of processing history tales of history as method and narratives of history through a business opportunity Volume 3 features stories that reflect the exacerbated inequalities of race gender and income across the world These inequalities and power relations remain continuously contested particularly in these trying times despite being captive to a particular economic ideology built on the premise of exploitation and subjugation The stories told in this volume tell against the orthodoxy the colonizer and the seemingly powerful They are organized as stories of resistance emancipation and transformation They invite us to rethink the multiple ways to re structure power relations between the colonizer and the colonized and open up spaces for the marginalized underprivileged voices Volume 4 is designed to create a new business storytelling paradigm that critically approaches business narratives that have historically privileged a corporate agenda It explores the various ways that images of the other in business are developed presented and accounted for through powerful and dominant narratives The stories in this volume collectively help readers to understand resist and provide strategies for change through various analyses of how business narratives come to develop get written are legitimized are challenged and get changed over time Volume 5 brings together the practices specific to the socioeconomic approach to management SEAM SEAM is a method of change management developed through research interventions carried out in more than 2 000 companies and organizations since 1975 This method is systemic it considers the whole company and tends to simultaneously increase social and economic performance by focusing mainly on the development of human skills and behaviors making it possible to reduce dysfunctions and recycle hidden costs into added value
