The Translators Turn Parallax Re Visions Of Culture And Society:

The Translator's Turn Douglas Robinson, 1991 Robinson's book is original and stimulating and I suspect it will remain a provocative landmark in its field for some time to come Steven Rendall *Philosophy and Literature* *A Bergsonian Approach to Translation and Time* Salah Basalamah, 2024-10-15 This innovative book offers a systematic conceptual exploration of translation through the lens of time challenging the traditional notion of translation as mere linguistic transfer and advancing a new research agenda within the philosophy of translation The volume sets the stage by establishing an overarching framework that positions the philosophy of translation as a distinct subdiscipline within translation studies It then reviews existing scholarship on translation in light of Henri Bergson's philosophy of time proposing an expanded conceptualization of translation Using this foundation Basalamah explores a variety of topics at the intersection of translation and time from transdisciplinary perspectives including epistemology consciousness mediations through image and art the mind body problem time in phenomenology and ethical and religious considerations As a pioneering work on the temporal characteristic of translation this book will be of interest to students and scholars in translation studies especially those focused on its philosophical treatment

Semiotics and the Problem of Translation Dinda L. Gorlée, 2022-10-04 Here is a radically interdisciplinary account of how Charles S Peirce's theory of signs can be made to interact meaningfully with translation theory In the separate chapters of this book on semiotranslation the author shows that the various phenomena we commonly refer to as translation are different forms of genuine and degenerate semiosis Also drawing on insights from Ludwig Wittgenstein and Walter Benjamin and drawing analogies between their work and Peirce's it is argued that through the kaleidoscopic evolutionary process of unlimited translation signs deploy their meaning potentialities This enables the author to throw novel light upon Roman Jakobson's three kinds of translation intralingual interlingual and intersemiotic translation Gorlée's pioneering study will entice translation specialists semioticians and language philosophers into expanding their views upon translation and hopefully into cooperative research projects

Wittgenstein in Translation Dinda L. Gorlée, 2012-04-26 Apart from the *Tractatus* Wittgenstein did not write whole manuscripts but composed short fragments The current volume reveals the depths of Wittgenstein's soul searching writings his new philosophy by concentrating on ordinary language and using few technical terms In so doing Wittgenstein is finally given the accolade of a neglected figure in the history of semiotics The volume applies Wittgenstein's methodological tools to the study of multilingual dialogue in philosophy linguistics theology anthropology and literature Translation shows how the translator's signatures are in conflict with personal or stylistic choices in linguistic form but also in cultural content This volume undertakes the impossible task of uncovering the reasoning of Wittgenstein's translated texts in order to construct rather than paraphrase the ideal of a terminological coherence

Literary Translation Clifford E. Landers, 2001-01-01 In this book both beginning and experienced translators will find pragmatic techniques for dealing with problems of literary translation whatever the original

language Certain challenges and certain themes recur in translation whatever the language pair This guide proposes to help the translator navigate through them **The Anglo Saxon Literature Handbook** Mark C. Amodio,2013-06-04 The Anglo Saxon Literature Handbook presents an accessible introduction to the surviving works of prose and poetry produced in Anglo Saxon England from AD 410 1066 Makes Anglo Saxon literature accessible to modern readers Helps readers to overcome the linguistic aesthetic and cultural barriers to understanding and appreciating Anglo Saxon verse and prose Introduces readers to the language politics and religion of the Anglo Saxon literary world Presents original readings of such works as Beowulf The Battle of Maldon The Wanderer The Seafarer and The Anglo Saxon Chronicle **Allegorica** ,1992 The Organization of Distance Lucas Klein,2018-07-17 What makes a Chinese poem Chinese Some call modern Chinese poetry insufficiently Chinese saying it is so influenced by foreign texts that it has lost the essence of Chinese culture as known in premodern poetry Yet that argument overlooks how premodern regulated verse was itself created in imitation of foreign poetics Looking at Bian Zhilin and Yang Lian in the twentieth century alongside medieval Chinese poets such as Wang Wei Du Fu and Li Shangyin The Organization of Distance applies the notions of foreignization and nativization to Chinese poetry to argue that the impression of poetic Chineseness has long been a product of translation from forces both abroad and in the past

Early Modern Medievalisms ,2010-09-24 Modernity has historically defined itself by relation to classical antiquity on the one hand and the medieval on the other While early modernity s relation to Antiquity has been amply documented its relation to the medieval has been less studied This volume seeks to address this omission by presenting some preliminary explorations of this field In seventeen essays ranging from the Italian Renaissance to Enlightenment France it focuses on three main themes continuities and discontinuities between the medieval and early modern early modern re uses of medieval matter and conceptualizations of the medieval Collectively the essays illustrate how early modern medievalisms differ in important respects from post Romantic views of the medieval ultimately calling for a re definition of the concept of medievalism itself Contributors include Mette Bruun Peter Damian Grint Anne Marie De Gendt Daphne Hoogenboezem Tiphaine Karsenti Joost Keizer Waldemar Kowalski Elena Lombardi Coen Maas Pieter Mannaerts Christoph Pieper Jacomien Prins Adam Shear Paul Smith Martin Spies Andrea Worm and Aur lie Zygel Basso Publishers Trade List Annual, 1992 ,1992
