The Thin Book Of Soar The Thin Book Of Soar:

The Thin Book of® SOAR Jacqueline M. Stavros, Gina Hinrichs, 2009 Very creative and enlightening I strongly urge everyone to buy the book if you are looking for a new and unique way to conduct strategic planning Strategy is everybody's job SOAR is the acronym of a new strategic planning process that is based on discovering and multiplying what the organization does well SOAR takes the Appreciative Inquiry philosophy and applies it to provide a strategic thinking and dialogue process The authors have been instrumental in developing this process and will share the concept and case studies to give you the confidence to try SOAR **The Thin Book of SOAR** Jacqueline M. Stavros, Gina Hinrichs, 2019-04

Conversations Worth Having. Second Edition Jackie Stavros, Cheri Torres, 2021-11-02 Now in a second edition this classic book shows how to make conversations generative and productive rather than critical and destructive so people organizations and communities flourish We know that conversations influence us but we rarely stop to think about how much impact they have on our well being and ability to thrive This book is the first to show how Appreciative Inquiry a widely used change method that focuses on identifying what's working and building on it rather than just trying to fix what's broken can help us communicate more effectively and flourish in all areas of our lives By focusing on what we want to happen instead of what we want to avoid and asking questions to deepen understanding and increase possibilities we expand creativity improve productivity and unleash potential at work and home Jackie Stavros and Cheri Torres use real life examples to illustrate how these two practices and the principles that underlie them foster connection innovation and success This edition has been revised throughout with new examples updates on the latest supporting research in neuroscience positive science and positive psychology and a discussion guide It also features a new chapter on what the authors call tuning in cultivating awareness of how our physical and mental state affect our perceptions emotions and thoughts as we engage in conversation This book teaches you how to use the practices and principles of Appreciative Inquiry to strengthen relationships build effective teams and generate possibilities for a future that works for everyone *Building Resilience with Appreciative Inquiry* Joan McArthur-Blair, Jeanie Cockell, 2018-05-15 Journey through hope despair and forgiveness Leaders cannot predict the complex challenges they are called on to face Veteran consultants Joan McArthur Blair and Jeanie Cockell show that Appreciative Inquiry AI is an invaluable tool to build resilience AI is a widely used change approach that emphasizes identifying what's working well in a system Leaders can use AI to increase their ability to weather the storms they'll inevitably encounter and be resilient A profound guide this book features personal accounts from leaders across a variety of settings describing how they've practiced appreciative resilience in the ongoing cycle of hope despair and forgiveness
