The Trouble With Textbooks Distorting History And Religion:

The Trouble with Textbooks Gary A. Tobin, Dennis R. Ybarra, 2008-01-01 Our elementary middle and high school teaching about Jews Judaism and Israel is driven by textbook misstatements about Jewish theology social structure and the history of Israel that comprise an unsavory picture of Jews and Israel This book will be an extremely valuable reference tool for educators and members of the public interested in religion and the Middle East

The Trouble with Textbooks Gary A. Tobin, Dennis R. Ybarra, 2008-07-31 School textbooks in Iran Saudi Arabia Egypt and elsewhere in the Arab and Muslim worlds are filled with anti Western and anti Israel propaganda Most readers will be shocked to discover that history and geography textbooks widely used in America s elementary and secondary classrooms contain some of the very same inaccuracies about Jews Judaism and Israel Did you know that there is no record of any important Jewish contribution to the sciences World Civilizations Thomson Wadsworth Or that Christianity was started by a young Palestinian named Jesus The World Scott Foresman Pearson Supplemental materials and other classroom influences are even worse The Trouble with Textbooks exposes the poor scholarship and untruths in textbooks about Jews and Israel The problems uncovered in this ground breaking analysis are instructive and illustrate the need for reform in the way textbooks are developed written marketed and distributed Substitute another area how we teach American history Western civilization or comparative religion and we have another equally intriguing case study The Trouble with Textbooks shows what can go terribly wrong in discussing religion geography culture or history and in this case all of them The Trouble with Textbooks tells a cautionary tale for all readers whatever their background of how textbooks that Americans depend on to infuse young people with the values for good citizenship and to help acculturate students into the multicultural salad that is American life instead disparage some groups and teach historical distortions With millions of young people using these textbooks each year the denigration of some should be a concern for all

Stephen Blanton, 2011-01-01 What motivates some followers of Islam to commit terrorist acts What does the Islamic holy book say about murder war and women s rights Why won t moderate Muslims speak out against mass murder committed by their extremist brothers Should we take Islamic jihadists seriously when they proclaim their goal of world conquest Can anything be done to stop Islamic violence The Heart of Islam answers these questions clearly and succinctly with easily verifiable facts The world view of Islam will change when its doctrines strategies and history become widely known The time to learn is now Blog [http theheartofislam wordpress com](http://theheartofislam.wordpress.com) Twitter [http twitter com stephenblanton](http://twitter.com/stephenblanton) Facebook [https www facebook com pages The Heart Of Islam 151931891539269](https://www.facebook.com/pages/The-Heart-Of-Islam/151931891539269) pages The Heart Of Islam 151931891539269 sk wall

[Textbooks on Israel-Palestine](#) Seyed Hadi Borhani, 2022-01-27 How is the Israel Palestine question narrated in Western academia What ideas dominate the key textbooks on the subject and what is presented as truth This book answers these critical questions It is widely known that Western support of Israel played a vital role in the realization of Zionist objectives in Palestine But academic support of Israel in the West has been a neglected issue

with Western academic knowledge being regarded as impartial and objective This book reveals that this understanding of Western academic knowledge is wrong when it comes to the Israel Palestine question Rather knowledge has been biased misleading and dogmatic and Western college students are subscribing to factual histories based on theories at best if not fiction The book is the first empirical investigation able to document this partial reporting of history Seyed Hadi Borhani examines the most popular college level textbooks used to teach the history of the Israel Palestine in Western universities combining textbook analysis to determine how the dominant academic texts report the question and a context analysis to identify who manufactures the dominant knowledge The book provides a historical map of how the Israel Palestine conflict is understood in the West The book can be used as a critique for students and professors to use alongside textbooks and is a vital and much needed intervention into the state of affairs in Western academia **The Trouble with Textbooks** Gary A. Tobin, Dennis Ybarra, Scott Rubin, 2008

State Religious Education and the State of Religious Life Liam Gearon, Joseph Prud'homme, 2018-04-04 This book explores recent calls to increase instruction of the Bible in American public schools The work develops a distinctive philosophical and trans Atlantic assessment of these proposals by critiquing European approaches to religious education and by reviewing the role of religion in contemporary democracies The work will spark debate among political scientists policy experts Religious Education instructors theologians and social and educational theorists **The Bible in the American Experience** Claudia Setzer, David A. Walking the Plank: To a Dhimmi Nation Mary Christina Love, 2010-01-12 Walking the Plank To a Dhimmi Nation reveals how America has been systematically submitting to Islam for decades as American businessmen and politicians endorse Islamic causes in exchange for oil money and power Mary Christina Love describes Islam as a Russian Doll with each victory

leading to a larger victory She shows how Islam is exerting increasing influence on America through immigration oil economics cultural exchange education political correctness financial contributions and the threat of terror with 9 11 instrumental in enabling Islamic expansion in the United States by destroying evidence of who the world s real imperialists are and affording Muslims an affront to feel aggrieved and demand special protection status Cohorts in what could result in the largest coup d tat ever Globalists and Islamists are allies that use a potpourri of tactics to eliminate Capitalism and Democracy to create a one world government The global warming theory the recent financial crisis the bailout cap and trade and the health care plan will establish a framework that if successful will ultimately drive America into generations of dhimmitude Mary Christina Love describes dhimmitude a pacifist reaction to aggression as submission to Islamic demands resulting from cowardice vulnerability bribery and extortion A dhimmi is a non Muslim entity that accepts the conditions of Islamic law and remains safe by surrendering to Islamic terms She provides current and historical examples such as the Barbary Wars to show how America is submitting to Islam through concession and appeasement under coercion and constant fear of reprisal
