The Truth About Love:

The Truth About Love Conor Creighton, 2022-06-02 We are trained from the youngest of ages to imagine that love is a force outside of ourselves that if you keep swiping one day your prince will come that love is something you have to look for work for diet for The truth is we are creators of love not discoverers of love and until we realise that love comes out of us rather than to us we ll never really get it or feel it Conor Creighton learned this the hard way with a string of tumultuous relationships in his past That was until through meditation he woke up to the powerful force that is self love and watched as his relationships and the whole world transformed around him In a unique hybrid of memoir and self help here Conor uses his life lessons to help readers wake up to the truth about love A modern manifesto and spiritual guide to relationships The Truth About Love makes a daring call to action showing how to change yourself and the world around you through the courageous act of opening your heart

The Truth about Love Elizabeth Currie, 2005 The Truth About Love is an original philosophical theory which presents a comprehensive holistic model of the normal human psyche The purpose of the book is to reveal to the average person their own nature The Truth About Love is written in question and answer form which gives the advantage of allowing the reader to focus quickly on questions of personal interest and to reflect on each issue before moving on to a new concept The first section Love The Key comprises the central theory which explains the phenomenon of love You learn how love transcends its reputation as a romantic attachment to another person and gives you a basic premise for understanding most aspects of human nature The second section Emotion and Feeling gives a complete explanation of emotion and for the first time an explanation of feeling apart from emotion This new knowledge is used to examine old philosophical questions about human nature such as altruism creativity and happiness The third section Motivation relates the central theory to your everyday life giving structure and meaning to your thoughts and actions in a simple and concise way Also in this section is perhaps the most important application of the concepts of love emotion and feeling in an explanation of self love In conclusion you will discover how self love leads to optimum mental health and how this affects other areas of your life The Truth About Love provides answers that you cannot find in textbooks but that you ask yourself everyday They are simple questions and simple answers that will change your life
