Woman's Rights Tracts Wendell Phillips, Theodore Parker, Thomas Wentworth Higginson, 1854 **Woman's Rights**
Tracts Matilda Joslyn Gage, 1853 *Guide to Reprints 2007* K. G. Saur Editorial Staff, 2006-01-10 **Woman Suffrage**
and Women's Rights Ellen Carol DuBois, 1998-08-01 An essential examination of the woman suffrage movement In recent decades the woman suffrage movement has taken on new significance for women s history Ellen Carol DuBois has been a central figure in spurring renewed interest in woman suffrage and in realigning the debates which surround it This volume gathers DuBois most influential articles on woman suffrage and includes two new essays The collection traces the trajectory of the suffrage story against the backdrop of changing attitudes to politics citizenship and gender and the resultant tensions over such issues as slavery and abolitionism sexuality and religion and class and politics Connecting the essays is DuBois belief in the continuing importance of political and reform movements as an object of historical inquiry and a force in shaping gender The book which includes a highly original reconceptualization of women s rights from Mary Wollstonecraft to contemporary abortion and gay rights activists and a historiographical overview of suffrage scholarship provides an excellent overview of the movement including international as well as U S suffragism in the context of women s broader concerns for social and political justice *Mary Robinson and the Genesis of Romanticism* Ashley Cross, 2016-08-19 Originally coming to prominence as an actress and scandalous celebrity Mary Robinson created an identity for herself as a poet and novelist of the Romantic school Cross argues that Robinson s dialogues shaped the nature of Romantic verse and went on to influence second generation Romantics such as Christina Rossetti and Alfred Lord Tennyson *Woman in America* Virginia R. Terris, 1980 **The Clothes that Wear Us** Jessica Munns, Penny Richard, 1999-11 Throughout the collection there is an emphasis on the ways in which clothing could function to appropriate explore subvert and assert alternative identities and possibilities **BOOK JACKET** **The Status of Women in Classical Economic Thought** Robert William Dimand, Chris Nyland, 2003-01-01 This book explores how the classical economists explained the status of women in society As the essays show the focus of the classical school was not nearly as limited to the activities of men as conventional wisdom has supposed Chris Nyland from Monash University **American Creed** Kathleen D. McCarthy, 2011-04-15 Since the dawn of the republic faith in social equality religious freedom and the right to engage in civic activism have constituted our national creed In this bracing history Kathleen D McCarthy traces the evolution of these ideals exploring the impact of philanthropy and volunteerism on America from 1700 to 1865 What results is a vital reevaluation of public life during the pivotal decades leading up to the Civil War The market revolution participatory democracy and voluntary associations have all been closely linked since the birth of the United States *American Creed* explores the relationships among these three institutions showing how charities and reform associations forged partnerships with government provided important safety valves for popular discontent and sparked much needed economic development McCarthy also demonstrates how the idea of philanthropy

became crucially wedded to social activism during the Jacksonian era She explores how acts of volunteerism and charity became involved with the abolitionist movement educational patronage the struggle against racism and female social justice campaigns What resulted she contends were heated political battles over the extent to which women and African Americans would occupy the public stage Tracing then the evolution of civil society and the pivotal role of philanthropy in the search for and exercise of political and economic power this book will prove essential to anyone interested in American history and government

Islam in World Politics Nelly Lahoud,A.H. Johns,2012-10-12 This book examines the influence of Islamist movements in national and international power politics in the equilibrium of the world of finance and the articulation of gender issues in Islamic and non Islamic countries alike
