Zen And The Art Of Creating Escape At Home:

Zen and the Art of Creating Escape at Home Paula Y.,2012-02-24 ABOUT THE BOOK The art of Zen involves living in the moment something that is often difficult to do in our fast paced modern world where the media channels are always switched on and we are always running for the next target Although most of us are lucky enough to live in a world of relative safety our brains are still programmed for the fight or flight response that allowed our ancient ancestors to survive When it comes to danger our brains don't always make the distinction between a real threat like a man eating bear in front of us and a virtual threat like not hitting the deadline with that report we need to get finished by 4pm today And of course in some cases not hitting the deadline may mean a threat to our livelihood and the security of our position At that point the virtual threat becomes a real threat so the fight or flight response is completely understandable We live in a world where the rational left brained approach to life is celebrated often at the risk of the imaginative right brained holistic world We've become very disconnected from the natural world and the rhythms of the earth and as a result many of us are finding it particularly difficult to cope with the synthetic materialistic world we've created The prevalence of stress related illness is testimony to the fact that our world is literally making us sick Relaxation and escape have never been more important And although there are spas and treatment centres galore they are not always the cheapest option nor conveniently located and nor are they tailored to your particular needs So to help yourself and your loved ones cope with the new kinds of threats we've created in our always on always connected western world use some of the techniques below to make your home a place where you can escape from the outside world EXCERPT FROM THE BOOK Another method of escape is to lose yourself in a good film For maximum benefit make it a feel good option like a musical or comedy or an uplifting tale of pilgrimage and change like The Way Other options are TV series that allow you to completely immerse yourself in another world like Friends Pride and Prejudice or North and South If you're a science fiction buff the entire Star Trek Babylon 5 or Firefly seasons will keep you occupied for quite some time Turn down the lights and snuggle up on the sofa with popcorn or ice cream You're bound to feel better at the end of the session You could also opt for a travel DVD or Internet stream that takes you to another country another realm such as under the sea or even another time and place like ancient Rome National Geographic and the BBC produce some particularly good programs and YouTube is a rich source of excellent documentaries Buy a copy to keep reading *Artful Dwellings: Making Your House a Home With Beautiful Art* Neil Milliner,2024-01-15 Transform your living space into a sanctuary of beauty and inspiration with Artful Dwellings This enchanting guide reveals how to select display and integrate art into your home to create an inviting and personal haven Whether you're a budding art enthusiast or a seasoned collector this book provides you with the tools and inspiration to make every corner of your home a masterpiece Inside this book you'll discover Selecting Art Learn how to choose pieces that reflect your style and personality creating a harmonious and cohesive look Curating Collections Explore tips for building a curated art collection that tells your unique
