Timothy P. Maga

The Way Of Deliverance Three Years With The Condemned Japanese War Criminals:

The Way of Deliverance Shinshō Hanayama,1955 **The Way of Deliverance** Shinsho Hanayama,2016-11-11 Originally published in 1950 this is the English translation of the book written by the Buddhist chaplain in Sugamo Prison who attended the Japanese war criminals before their execution It is a collection of the records of the condemned that Shinsho Hanayama collected during his spiritual guidance in order to show an ardent hope for peace as well as an awakening to religious ecstasy Hanayama tells of the services held the preparation of the men for death the traditional rites and the prisoners deepening reverence as the days passed He also recorded in details the last words wills and letters of 27 condemned prisoners and later those of the seven A class war criminals sentenced to death by hanging for war crimes crimes against humanity and crimes against peace including General Hideki T j later Prime Minister of Japan who was responsible for ordering the attack on Pearl Harbor A fascinating historically significant read *The Way of Deliverance. Three Years with the Condemned Japanese*

War Criminals ... Translated by Hideo Suzuki [and Others], Etc Shinshō Hanayama,1950 **Japanese War Criminals** Sandra Wilson,Robert Cribb,Beatrice Trefalt,Dean Aszkielowicz,2017-02-14 Beginning in late 1945 the United States Britain China Australia France the Netherlands and later the Philippines the Soviet Union and the People s Republic of China convened national courts to prosecute Japanese military personnel for war crimes The defendants included ethnic Koreans and Taiwanese who had served with the armed forces as Japanese subjects In Tokyo the International Military Tribunal for the Far East tried Japanese leaders While the fairness of these trials has been a focus for decades Japanese War Criminals instead argues that the most important issues arose outside the courtroom What was the legal basis for identifying and detaining subjects determining who should be prosecuted collecting evidence and granting clemency after conviction The answers to these questions helped set the norms for transitional justice in the postwar era and today contribute to strategies for addressing problematic areas of international law Examining the complex moral ethical legal and political issues surrounding the Allied prosecution project from the first investigations during the war to the final release of prisoners in 1958 Japanese War Criminals shows how a simple effort to punish the guilty evolved into a multidimensional struggle that muddled the assignment of criminal responsibility for war crimes Over time indignation in Japan over Allied military actions particularly the deployment of the atomic bombs eclipsed anger over Japanese atrocities and among the Western powers new Cold War imperatives took hold This book makes a unique contribution to our understanding of the construction of the postwar international order in Asia and to our comprehension of the difficulties of implementing transitional justice **The Tokyo Trial** Jeanie Maxine Welch,2001-11-30 Overshadowed for many years by the Nuremberg trials the Tokyo Trial one of the major events in the aftermath of World War II has elicited renewed interest since the 50th anniversary of the war s end Revelations of previously hidden war crimes including comfort women and biological warfare and the establishment of international courts to try Yugoslav and Rwandan war criminals have added to the interest This bibliography addressees the

renewed interest in the Tokyo Trial providing over 700 citations to official publications scholarly monographs and journal articles contemporaneous accounts manuscript collections and Web sites Also included are sources on the Trial s influence on international law and military law and unresolved issues being debated to this day Defining war crimes after the fact practicing victor s justice to punish enemies holding military commanders accountable for their troops actions these were issues confronted in the Tokyo Trial and other Asia Pacific war crimes trials They are still being investigated researched and debated today This bibliography helps to illuminate these issues from different perspectives providing a variety of ways to locate relevant English language sources The volume also includes citations to contemporary issues stemming from the Asia Pacific war crimes trials comfort women biological warfare and unresolved issues of reparations and official apologies The book is a useful guide to sources on all aspects of the Tokyo Trial Acta historiae Neerlandica , The Oxford Handbook of American Buddhism Ann Gleig,Scott A. Mitchell,2024 The Oxford Handbook of American Buddhism offers the most comprehensive and up to date scholarship available on Buddhism in America It charts the history and diversity of Buddhist communities including traditions and communities that have been previously neglected and looks at the ways in which Buddhist practices such as mindfulness meditation have been adopted in non Buddhist settings *Engaged Buddhism in the West* Christopher S. Queen,2012-11-12 Engaged Buddhism is founded on the belief that genuine spiritual practice requires an active involvement in society Engaged Buddhism in the West illuminates the evolution of this new chapter in the Buddhist tradition including its history leadership and teachings and addresses issues such as violence and peace race and gender homelessness prisons and the environment Eighteen new studies explore the activism of renowned leaders and organizations such as Thich Nhat Hanh Bernard Glassman Joanna Macy the Buddhist Peace Fellowship and the Free Tibet Movement and the emergence of a new Buddhism in North America Europe South Africa and Australia *The Tokyo War Crimes Trial* International Military Tribunal for the Far East,1981 Nanking Masahiro Yamamoto,2000-08-30 The December 1937 incident that has come to be known as the Rape of Nanking is without doubt a tragedy that will not soon be forgotten While acknowledging that a tremendous loss of life occurred this study challenges the current prevailing notion that the incident was a deliberate planned effort on the part of the Japanese military and analyzes events to produce an accurate estimate of the scale of the atrocities Drawing on Chinese Japanese and English sources Yamamoto determines that what happened at Nanking were unfortunate atrocities of conventional war with precedents in both Eastern and Western military history He concludes that post war events such as the war crimes trials and the impact of the Holocaust in Europe affected public opinion regarding Nanking and led to a dramatic reinterpretation of events The Rape of Nanking consisted of two distinct phases the mass execution of prisoners of war as well as conscription age men who appeared to be combatants and the delinquent acts of individual soldiers The first phase which occurred immediately after Nanking s fall and which claimed most of the atrocity victims was the result of the Japanese military s attempt to clear the city of Chinese soldiers thought to

be in plain clothes The second phase which lasted approximately six weeks was horrible but resulted in a much smaller number of fatalities It was characterized by numerous criminal acts ranging from rape and murder to arson and theft committed by unrestrained Japanese soldiers The root cause for both phases was the Japanese military's bureaucratic inefficiency and command irresponsibility While both Chinese and American contemporary sources initially attributed the incident to these causes subsequent Japanese atrocities against both military and civilian Allied personnel during World War II and evidence presented at war crimes trials would come to reshape perceptions of the Nanking events as an Asian counterpart to the Nazi Holocaust

The Tokyo International Military Tribunal Neil Boister, Robert Cryer, 2008 The Tokyo International Military Tribunal IMT is not frequently discussed in the literature on international criminal law and it is often thought that it was little more and possibly less than a footnote to the Nuremberg proceedings This work seeks to dispel this widely held belief by showing the way in which the Tokyo IMT was both similar and different to its Nuremberg counterpart the extent to which the critiques of the Tokyo IMT have purchase and the Tribunal's contemporary relevance The book also shows how the IMT needs to be treated not just as one overarching entity but also as being made up of different sets of people who made up the prosecution the defence and the judges These disagreed with each other and at times internally over the way in which the trial should proceed and the book shows how each had an impact on the proceedings The book is a comprehensive legal analysis of the Tokyo IMT covering its law theory practice and the lessons it may teach to those prosecuting and defending international crimes today It also places the trial in its political and historical context The work is based in part of extensive archival research undertaken by the authors which has unearthed large quantities of documents that have previously been ignored by those who have studied the Tribunal

War Crimes, War Criminals, and War Crimes Trials Norman E. Tutorow, Karen Winnovich, 1986-08-18 4 500 entries annotated mostly English and German with some material in other European languages Includes books articles dissertations microfilms and tapes and information on the location of documents Sections IV VI pp 105 256 deal with war crimes in Europe during World War II the Holocaust and concentration camps listing 34 specific camps apart from the general material Section IX pp 283 342 is devoted to the Nuremberg International Military Tribunal and section XII pp 408 428 lists material on the Eichmann trial in 1961

A History of the Development of Japanese Thought from A.D. 592 to 1868 Hajime Nakamura, 1969 *Library of Congress Catalogs* Library of Congress, 1955 Library of Congress Catalog Library of Congress, 1965 A cumulative list of works represented by Library of Congress printed cards

The British National Bibliography Cumulated Subject Catalogue, 1955 **The New York Times Book Review Index, 1896-1970: Subject index**, 1973 Cumulative Index to English Translations, 1948-1968, 1973

Judgment at Tokyo Timothy P. Maga, 2001 In this controversial book the author contends that in the Japanese war crimes trials Chief Prosecutor Joseph B Keenan and his compatriots adopted criminal court tactics and established precedents in the conduct of war crimes trials that still stand today Maga reviews the context for the

trials recounts the proceedings and concludes that they were in fact decent examples of American justice and fair play 9
