The Weimar Republic Sourcebook Anton Kaes, Martin Jay, Edward Dimendberg, 1994 Sourcebook on the Weimar Republic
M Anton Kaes, 2019-07-25 Fritz Lang's *M* 1931 is an undisputed classic of world cinema Lang considered it his most lasting work Peter Lorre's extraordinary performance as the childlike misfit Hans Beckert was one of the most striking of film debuts and it made him an international star Lang's vision of a city gripped with fear haunted by surveillance and total mobilization is still remarkably powerful today And *M* resonates too in the serial killer genre which is so prominent in contemporary cinema *M* speaks to us as a timeless classic but also as a Weimar film that has too often been isolated from its political and cultural context In this groundbreaking book Anton Kaes reconnects *M*'s much studied formal brilliance to its significance as an event in 1931 Germany recapturing the film's extraordinary social and symbolic energy Interweaving close reading with cultural history Kaes reconstitutes *M* as a crucial modernist artwork In addition he analyzes Joseph Losey's 1951 film noir remake and in an appendix publishes for the first time *M*'s missing scene **Einstein's Pacifism and World War I** Virginia Iris Holmes, 2017-06-22 To understand how Albert Einstein's pacifist and internationalist thought matured from a youthful inclination to pragmatic initiatives and savvy insights Holmes gives readers access to Einstein in his own words Through his private writings she shows how Einstein's thoughts and feelings in response to the war evolved from horrified disbelief to ironic alienation from both the war's violence and patriotic support for it by the German people to a kind of bleak endurance Meanwhile his outward responses progressed from supporting initiatives of other pacifists to developing his own philosophy of a postwar order to being the impetus behind initiatives In the beginning of the postwar period Einstein's writing reflected an optimism about Germany's new Weimar Republic and trust in the laudatory effects of military defeat and economic hardship on the German people He clearly supported the principles in US President Woodrow Wilson's Fourteen Points speech Yet Einstein's enthusiasm diminished as he became disappointed in the early Weimar Republic's leaders and as his aversion to the culture of violence developing in Germany grew He also felt offended at the betrayal of Wilson's principles in the Treaty of Versailles Drawing upon personal correspondence and public proclamations Holmes offers an intimate and nuanced exploration of the pacifist thought of one of our greatest intellectuals "The Artist-Operas of Pfitzner, Krenek and Hindemith" Claire Taylor-Jay, 2017-07-05 This is the first book length study of the genre of artist opera in which the work's central character is an artist who is uncomfortable with his place in the world It investigates how three such operas Pfitzner's *Palestrina* 1915 Krenek's *Jonny spielt auf* 1926 and Hindemith's *Mathis der Maler* 1935 contributed to the debate in early twentieth century Germany about the place of art and the artist in modern society and examines how far the artist character may be taken as functioning as a persona for the real composer of the work Because of their concern with the place of art within society the works are also engaged with inherently political questions and each opera is read in the light of the political context of its time conservatism circa World War I Americanism and democracy and

the rise of National Socialism **The Routledge Companion to Global Film Music in the Early Sound Era** Jeremy Barham, 2024-01-31 In a major expansion of the conversation on music and film history The Routledge Companion to Global Film Music in the Early Sound Era draws together a wide ranging collection of scholarship on music in global cinema during the transition from silent to sound films the late 1920s to the 1940s Moving beyond the traditional focus on Hollywood this Companion considers the vast range of cinema and music created in often overlooked regions throughout the rest of the world providing crucial global context to film music history An extensive editorial Introduction and 50 chapters from an array of international experts connect the music and sound of these films to regional and transnational issues culturally historically and aesthetically across five parts Western Europe and Scandinavia Central and Eastern Europe North Africa The Middle East Asia and Australasia Latin America Soviet Russia Filling a major gap in the literature The Routledge Companion to Global Film Music in the Early Sound Era offers an essential reference for scholars of music film studies and cultural history

Nazi Germany Pamela E. Swett, S. Jonathan Wiesen, 2024-07-11 Nazi Germany provides a comprehensive survey of the National Socialist dictatorship artfully balancing social and cultural history with a political and military history of the regime The book unravels the complexities of the daily lives of perpetrators victims and bystanders in the Third Reich and it also places events in Germany from 1933 to 1945 in a transnational context Nazi Germany prompts readers to think about not only the historical debates but also the ethical questions that attend the study of this period Pamela E Swett and S Jonathan Wiesen address The movement s ideological origins and the party s rise to power The creation of a police state the use of propaganda and public support for Nazi ideas and programs The Nazis persecution of religious racial and sexual minorities The place of youth family gender and cultural expression in Nazi society The transnational influence of Nazism and preparations for war in Germany The Holocaust resistance to Nazism and the Second World War Swett and Wiesen explore how the violence and racism of the Nazis coexisted alongside Germany s self presentation as a normal state with happy productive citizens Through exposure to the voices of contemporaries readers will be prompted to consider key questions How did German democracy give way to a brutal dictatorship so quickly What was daily life like for average Germans and those labeled as biological and political outsiders Why did the Nazi dictatorship embark on a destructive war that led to the death of tens of millions of Europeans and to the demise of a political order that had become exceedingly popular by 1939
