Psychology Brant Cortright, 2010-03-10 Integral Psychology connects Eastern and Western approaches to psychology and healing Psychology in the East has focused on our inner being and spiritual foundation of the psyche Psychology in the West has focused on our outer being and the wounding of the body heart mind and self Each requires the other to complete it and in bringing them together an integral view of psychology comes into view The classical Indian yogas are used as a way to see psychotherapy psychotherapy as behavior change or karma yoga psychotherapy as mindfulness practice or jnana yoga psychotherapy as opening the heart or bhakti yoga Finally an integral approach is suggested that synthesizes traditional Western and Eastern practices for healing growth and transformation **The Gnostic Path of St. Thomas** Tau Malachi, 2023-12-08 Discover the Heart Essence Teachings of St Thomas Gnostic Gospel Verses Written roughly a century earlier than the four gospels that appear in the Bible the Gospel of St Thomas features 114 verses detailing an inward mystical spirituality thought to be some of the closest records to Yeshua s Jesus teachings Tau Malachi explores each of these translated verses in depth providing a unique perspective on how to live in Christ and develop a relationship to the Divine Focusing not on sin but on the ignorance that leads to sin and suffering the Gospel of St Thomas reveals the Messiah s secret knowledge This book is a journey through 114 parables and sayings sharing essential and straightforward teachings that help you reach enlightenment and liberation With an emphasis on the true meaning of each verse The Gnostic Path of St Thomas will enrich your life by opening your eyes to the innate unity with God and the Divine Soul within us all *A new paradigm of reality?* Gonzalo Rodríguez-Fraile, 2015-11-04 The vision that culture has historically offered about reality has failed to help humans to live fully or to achieve their potential A knowledge revolution has been taking place in recent years that once it is understood can completely transform human beings offering new solutions to personal and collective problems because their root causes have been identified at last What we now know means that we can understand spiritual truths and their multiple dimensions without abandoning rationality This new vision is strong enough to put an end to human suffering and boost inner peace which is for what every being human yearns New science sees an intelligent design in the whole Universe Quantum physics has revolutionized our knowledge of reality All scientists are now aware of the quantum enigmas but not everyone agrees on how to interpret them This book offers an interpretation that might explain them and one that is based on the idea of science within consciousness As you read the book it will become evident that this interpretation most closely resembles the vision of reality that both the perennial wisdom of Humanity and the teachings of the great spiritual masters have offered us throughout history The first part of the book outlines briefly what some of the leading thinkers on science and philosophy have to say about reality and how this new vision of the world is converging with what the perennial wisdom of Humanity has been saying throughout our history The second part seeks to explain what can happen to us when we are exposed to this new knowledge and how all of us can change inside ourselves in the light of this information This book aims to unite not divide helping Humanity to raise its level of consciousness allowing us to live a higher quality life in accordance with our spiritual
