Foundations of Low Vision Anne Lesley Corn, Jane N. Erin, 2010 Foundations of Low Vision Clinical and Functional Perspectives the ground breaking text that highlighted the importance of focusing on the functional as well as the clinical implications of low vision has been completely updated and expanded in this second edition The revised edition goes even further in its presentation of how best to assess and support both children and adults with low vision and plan programs and services that optimize their functional vision and ability to lead productive and satisfying lives based on individuals actual abilities Part 1 Personal and Professional Perspectives provides the foundations of this approach with chapters focused on the anatomy of the eye medical causes of visual impairment optics and low vision devices and clinical low vision services as well as psychological and social implications of low vision and the history of the field Part 2 focuses on children and youths providing detailed treatment of functional vision assessment instruction use of low vision devices orientation and mobility and assistive technology Part 3 presents rehabilitation and employment issues for working age adults and special considerations for older adults

Looking to Learn Frances Mary D'Andrea, Carol Farrenkopf, 2000 This handbook provides teachers with practical tips and advice on improving literacy skills for students with low vision The book

provides easy to understand explanations of vital topics such as interpreting eye reports performing functional vision assessments working with low vision service providers and more The valuable resource section tables sample reports and sidebars offer essential information on assessing low vision students and helping them use their vision effectively Low Vision G.C. Woo,2012-12-06 An International Symposium on Low Vision was sponsored by the Centre for Sight Enhancement of the School of Optometry University of Waterloo in June 1986 bringing low vision researchers and clinicians together from a number of countries The unique feature of the conference is the multi disciplinary approach towards low vision care A total of 44 papers were presented in the three day period by speakers of note from the fields of optometry ophthalmology psychophysics special education nursing and vision rehabilitation The papers deal with issues in diagnostic science low vision assessment and rehabilitation The proceedings volume is ideal for clinicians and vision scientists to update their understanding of low vision research and clinical practice **The Low Vision Handbook** Barbara Brown,1997 The Basic Bookshelf for Eyecare Professionals is a series that provides fundamental and advanced material with a clinical approach to clinicians and students A special effort was made to include information needed for the certification exams in ophthalmic and optometric assisting low vision surgical assisting opticianry and contact lens examiners The purpose of The Low Vision Handbook is to make each step in the low vision process clear for the assistant who is going to provide the most complete level of services for the client Two main subjects are focused on in The Low Vision Handbook First an introduction to low vision as a medical and optical problem is presented The second section covers rehabilitation concerns of low vision and blindness including psychological responses to vision loss and how to understand patients in various stages of acceptance The Low Vision Handbook is one of several books in our Basic Bookshelf for Eyecare Professionals series The goal of the Basic Bookshelf is to provide basic and advanced material with a clinical approach to clinicians and students Features In depth discussion of various low vision problems and low vision aids including how to use the aids where to get the aids and how to train the patients Patient diagnoses treatment and rehabilitation are well described including the psychological impact of low vision problems Case histories of actual patients Carefully chosen art and photos are included to illustrate the effectiveness of low vision aids *Low Vision Assessment* Jane Macnaughton (MCOptom.),2005 Eye Essentials is a major new series which provides authoritative and accessible information for all eye care professionals whether in training or in practice Each book is a rapid revision aid for students taking higher professional qualifications and a handy clinical reference guide for practitioners in busy clinics Highly designed with synoptic text handy tables key bullet points summaries and stunning full colour illustrations the books have rapidly established themselves as the essential eye clinic pocket books Authoritative evidence based information from world opinion leaders Highly designed modern with boxes tables synoptic text clinical pearls practice pitfalls and clear action icons Very practical with highlighted advice sections for patients handy tables Pulls the information together in one place very briefly Well illustrated Foundations of Rehabilitation Teaching with

Persons who are Blind Or Visually Impaired Paul E. Ponchillia, Susan Kay Vlahas Ponchillia, 1996 This book details the background on the history and development of rehabilitation teaching and provides practical information and instructional strategies Proven techniques are described for working with individuals with adventitious or congenital visual impairments as well as strategies for teaching basic living skills Included are chapters on each of the skill areas taught by rehabilitation teachers detailed step by step lesson plans for specific skills in each area and valuable sample forms for assessing and planning the needs and course of instruction for new clients

Occupational Therapy with Elders - E-Book Rene Padilla, Sue Byers-Connon, Helene Lohman, 2011-03-18 The only comprehensive book on geriatric occupational therapy designed specifically for the COTA Occupational Therapy with Elders Strategies for the COTA 3rd Edition provides in depth coverage of each aspect of geriatric practice from wellness and prevention to death and dying A discussion of foundational concepts includes aging trends and strategies for elder care and coverage of emerging areas includes low vision rehabilitation mobility issues including driving and Alzheimer s disease and other forms of dementia Expert authors Ren Padilla Sue Byers Connon and Helene Lohman offer an unmatched discussion of diverse populations and the latest on geriatric policies and procedures in this fast growing area of practice Unique A focus on the occupational therapy assistant highlights the importance of COTAs to the care of elder clients Case studies illustrate principles and help you apply what you ve learned to actual situations Key terms chapter objectives and review questions highlight important content in each chapter Use of the term elder reduces the stereotypical role of dependent patients and helps to dispel myths about aging A multidisciplinary approach demonstrates how the OT and the COTA can collaborate effectively Unique Attention to diverse populations and cultures prepares you to respect and care for clients of different backgrounds Unique The companion Evolve website makes review easier with more learning activities references linked to MEDLINE abstracts and links to related OT sites Unique A discussion of elder abuse battered women and literacy includes information on how the COTA can address these often overlooked issues New information on alternative treatment settings for elders reflects new trends in OT care Updated information on Medicare Medicaid and HIPAA regulations discusses the latest policies and how to incorporate the newest procedures into practice Significant additions are made to the chapters on public policy dementia and oncology

Living with Low Vision and Blindness John M. Crandell, Lee W. Robinson, 2007 This book summarizes the findings in the fields of general education and psychology as they relate to vision loss It is concerned primarily with providing understanding of the many elements that must be considered before a successful rehabilitative and or an educational program can be developed This type of understanding is illustrated in the book by examples drawn from experience that the authors have directly observed Theoretical factors are described that must be considered in the development of a suitable program for a person with specific strengths and weaknesses Discussions are also included that relate to the meaning and implications of self concept and self esteem in the overall adjustment of individuals with vision loss Also psychological and sociological theories

are evaluated of the blind as described in writings such as Kim's *The Community of the Blind* and Scott's *The Making of a Blind Man* in terms of their relevance of life adjustment Weaknesses are identified in the research bases in this field and propose specific research activities that could help alleviate problems Another focus is on provision of explanations of the origin development influence and modification of public attitudes toward blindness and the influence of these attitudes on the adjustment of individuals with blindness It will be of interest not only to educators and rehabilitation specialists in the field of work for the blind but also to psychologists social workers educators and therapists

Foundations of Low Vision Anne L. Corn, Ed.D, Alan J. Koenig, Ed.D., 1996 This video and accompanying manual is a creative package for making information on cultural programs and facilities accessible to people who are blind or visually impaired Created especially for libraries museums historical societies outdoor cultural facilities corporations and everyone whose mission involves providing information to the community Reaching Out offers practical design and program solutions

[Occupational Therapy with Elders - eBook](#) Helene Lohman, Sue Byers-Connon, Rene Padilla, 2017-12-26 Get the focused foundation you need to successfully work with older adults Occupational Therapy with Elders Strategies for the COTA 4th Edition is the only comprehensive book on geriatric occupational therapy designed specifically for the certified occupational therapy assistant It provides in depth coverage of each aspect of geriatric practice from wellness and prevention to death and dying Expert authors Helene Lohman Sue Byers Connon and Ren Padilla offer an unmatched discussion of diverse populations and the latest on geriatric policies and procedures in this fast growing area of practice You will come away with a strong foundation in aging trends and strategies for elder care in addition to having a deep understanding of emerging areas such as low vision rehabilitation driving and mobility issues Alzheimer's disease and other forms of dementia new technological advancements health literacy public policy dignity therapy and more Plus you will benefit from 20 additional evidence briefs and numerous case studies to help apply all the information you learn to real life practice It's the focused evidence based and client centered approach that every occupational therapy assistant needs to effectively care for today's elder patients

UNIQUE Focus on the occupational therapy assistant highlights the importance of COTAs to the care of elder clients Unique Attention to diverse populations and cultures demonstrates how to respect and care for clients of different backgrounds

UNIQUE Discussion of elder abuse battered women and literacy includes information on how the OTA can address these issues that are often overlooked User resources on Evolve feature learning activities to help you review what you have learned and assess your comprehension Case studies at the end of certain chapters illustrate principles and help you understand content as it relates to real life situations Multidisciplinary approach demonstrates the importance of collaboration between the OT and OTA by highlighting the OTA's role in caring for the elderly and how they work in conjunction with occupational therapists Key terms chapter objectives and review questions are found in each chapter to help identify what information is most important

NEW 20 Additional evidence briefs have been added to reinforce this book's evidence based client centered

approach NEW Incorporation of EMR prevalence and telehealth as a diagnostic and monitoring tool have been added throughout this new edition NEW Expanded content on mild cognitive impairment health literacy and chronic conditions have been incorporated throughout the book to reflect topical issues commonly faced by OTs and OTAs today NEW Coverage of technological advancements has been incorporated in the chapter on sensory impairments NEW Other updated content spans public policy HIPAA power of attorney advanced directives alternative treatment settings dignity therapy and validation of the end of life NEW Merged chapters on vision and hearing impairments create one sensory chapter that offers a thorough background in both areas
