The Advance of English Poetry in the Twentieth Century William Lyon Phelps, 2019-11-29 In *The Advance of English Poetry in the Twentieth Century* William Lyon Phelps offers a comprehensive examination of English poetry's evolution amidst the complexities of the modern age. Phelps employs a critical yet accessible literary style, engaging readers with a rich tapestry of poetic movements, themes, and styles. He deftly navigates through the works of prominent poets, contextualizing their contributions against historical and cultural backdrops. His analysis illuminates the shifts in language and form, encapsulating the tensions and innovations that defined the century's poetic landscape. William Lyon Phelps, an esteemed literary critic and scholar, brought his extensive knowledge and passionate engagement with literature to this seminal work. His career spanned over several decades during which he fostered a deep appreciation for English poetry, significantly influencing academic discourse. Phelps's insights were shaped by his own experiences as an educator at Yale University, where he inspired generations of students to explore the nuances of language and poetic expression. For readers and scholars alike, Phelps's exploration serves as an essential resource to understand the trajectory of English poetry in a transformative period. Walter Pater and the Beginnings of English Studies Charles Martindale, Elizabeth Prettejohn, Lene Østermark-Johansen, 2023-11-09 The first collected study of Pater's significance to criticism, revealing his pivotal role in establishing principles of the literary essay.

In the Frame Jane Hedley, Nick Halpern, Willard Spiegelman, 2009 The subject of *In the Frame* is poetic ekphrasis: poems whose starting point or source of inspiration is a work of visual art. The authors of these sixteen essays, several of whom are poets as well as critics, have a twofold purpose: calling attention to the contribution women poets have made to this important genre of poetic writing and rethinking ekphrastic poetry's motives and purposes. From Marianne Moore and Elizabeth Bishop to Mary Jo Salter, C. D. Wright, and Susan Wheeler, many of our best women poets have done important work in this genre, and when they describe, confront, or speak for an image that is itself wordless, their motives are not only formal but aesthetic. Their poems also raise important questions from a perspective that is often, but not always, gender-inflected about how art is made and displayed, experienced.
