Marco Cascella

Ungoverned Spaces Alternatives To State Authority In An Era Of Softened Sovereignty:

Ungoverned Spaces Anne Clunan, Trinkunas A. Harold, 2010-05-10 Ungoverned spaces are often cited as key threats to national and international security and are increasingly targeted by the international community for external interventions both armed and otherwise This book examines exactly when and how these spaces contribute to global insecurity and it incorporates the many spaces where state authority is contested from tribal sectarian or clan based governance in such places as Pakistani Waziristan to areas ruled by persistent insurgencies such as Colombia to nonphysical spaces such as the internet and global finance Within this multiplicity of contexts the book addresses a range of security concerns including weapons of mass destruction migrants dirty money cyberdata terrorists drug lords warlords insurgents radical Islamist groups and human privacy and security Ultimately Ungoverned Spaces demonstrates that state centric approaches to these concerns are unlikely to supplant the many sites of authority that provide governance in a world of softened sovereignty

Criminal Insurgents in Mexico and Latin America John P. Sullivan, Robert J. Bunker, 2015-03-05 The 4th Small Wars Journal/El Centro anthology comes at a pivotal time roughly a third of the way through the term for the Enrique Peña Nieto administration in Mexico The mass kidnapping and execution of 43 rural student teachers in Iguala Guerrero in late September 2014 has only served to further highlight the corruptive effects of organized crime on the public institutions in that country In addition many other states in Latin America are now suffering at the hands of criminal insurgents who are threatening their citizens and challenging their sovereign rights Dave Dilegge SWJ Editor in Chief *Global Security Upheaval* Robert Mandel, 2013-04-03 This book calls into question the commonly held contentions that central governments are the most important or even the sole sources of a nation's stability and that subnational and transnational nonstate forces are a major source of global instability By assessing recent real world trends Mandel reveals that areas exist where it makes little sense to rely on state governments for stability and that attempts to bolster such governments to promote stability often prove futile He demonstrates how armed nonstate groups can sometimes provide local stability better than states and how power sharing arrangements between states and armed nonstate groups may sometimes be viable He concludes that these trends in the international setting call for major shifts in our understanding of what constitutes stable governance proposing that we adopt a fluid emergent actor approach And he calls for significant deviation from standard policy responses to the opportunities and dangers posed by nontraditional sources of national authority **Routledge Handbook of International Statebuilding** David Chandler, Timothy D. Sisk, 2013-09-02 This new Handbook offers a combination of theoretical thematic and empirical analyses of the statebuilding regime written by leading international scholars Over the past decade international statebuilding has become one of the most important and least understood areas of international policy making Today there are around one billion people living in some 50-60 conflict affected fragile states vulnerable to political violence and civil war The international community grapples with the core challenges and dilemmas of using outside force aid and

persuasion to build states in the wake of conflict and to prevent such countries from lapsing into devastating violence The Routledge Handbook of International Statebuilding is a comprehensive resource for this emerging area in International Relations The volume is designed to guide the reader through the background and development of international statebuilding as a policy area as well as exploring in depth significant issues such as security development democracy and human rights Divided into three main parts this Handbook provides a single source overview of the key topics in international statebuilding Part One Concepts and Approaches Part Two Security Development and Democracy Part Three Policy Implementation This Handbook will be essential reading for students of statebuilding humanitarian intervention peacebuilding development war and conflict studies and IR Security Studies in general *Violent Non-State Actors* Zdenek Ludvík, 2023-05-15 Violent Non State Actors The Politics of Territorial Governance is an original in depth scholarly explanation of the impact of territorial penetration control and governance on the effectiveness of the activities of violent non state actors VNSA The theoretical framework operates with the assertion that a non linear causal relationship mediated through the capacity for territorial control and governance exists between the effectiveness of objective achievement and territorial penetration Using four case studies Zdenek Ludv k links these interrelated concepts of territorial penetration territorial control and territorial governance into an interrelated sequentially conceptualized causal framework To this end extensive and unique empirical material gathered to examine the activities of VNSA in considerable detail presents a wholly original and comprehensive method of measuring the degree of territorial capability of VNSA Zdenek Ludv k demonstrates that there is no directly proportional relationship between territorial penetration and objective effectiveness since neither territorial penetration nor territorial control alone are sufficient to achieve increased effectiveness He shows that territorial penetration and territorial governance are necessary conditions for objective effectiveness since only when territorial penetration and territorial control are followed by territorial governance at the level of advanced wartime social order can VNSA hope to achieve a higher degree of effectiveness The Oxford Handbook of Terrorism Erica Chenoweth, Richard English, Andreas Gofas, Stathis N. Kalyvas, 2019-03-19 The Oxford Handbook of Terrorism systematically integrates the substantial body of scholarship on terrorism and counterterrorism before and after 9 11 In doing so it introduces scholars and practitioners to state of the art approaches methods and issues in studying and teaching these vital phenomena This Handbook goes further than most existing collections by giving structure and direction to the fast growing but somewhat disjointed field of terrorism studies The volume locates terrorism within the wider spectrum of political violence instead of engaging in the widespread tendency towards treating terrorism as an exceptional act Moreover the volume makes a case for studying terrorism within its socio historical context Finally the volume addresses the critique that the study of terrorism suffers from lack of theory by reviewing and extending the theoretical insights contributed by several fields including political science political economy history sociology anthropology criminology law geography and psychology In doing so the volume showcases the analytical

advancements and reflects on the challenges that remain since the emergence of the field in the early 1970s Pirate Lands Ursula Daxecker, Brandon Prins, 2021-01-22 Maritime piracy's improbable re-emergence following the end of the Cold War was surprising as the image of pirates evokes masted galleons and cutlasses. Yet the number of incidents and their intensity skyrocketed in the 1990s and 2000s off of the coasts of Indonesia, Malaysia, the Philippines, India, Bangladesh, Nigeria, and Somalia. As Ursula Daxecker and Brandon Prins demonstrate in *Pirate Lands*, maritime piracy like civil war, terrorism, and organized crime is a problem of weak states. Surprisingly though, pirates do not operate in the least governed areas of weak states. Daxecker and Prins address this puzzle by explaining why some coastal communities experience more pirate attacks in their vicinity than others. They find that pirates do well in places where elites and law enforcement can be bribed but they also need access to functioning roads, ports, and markets. Using statistical analyses of cross-national and sub-national data on pirate attacks in Indonesia, Nigeria, and Somalia, Daxecker and Prins detail how governance at the state and local level explains the location of maritime piracy. Additionally, they employ geo-spatial tools to rigorously measure how local political capacity and infrastructure affect maritime piracy. Drawing upon interviews with former pirates, community members, and maritime security experts, *Pirate Lands* offers the first comprehensive social scientific account of a phenomenon whose re-appearance after centuries of remission took almost everyone by surprise.

Taking a Hard Look Amanda Du Preez, 2009 It is the aim of this edited volume to take a hard look at gender and visual culture. Gender and visual culture traverse in quite unique and often fascinating ways. On the one hand, gender functions as an interdisciplinary approach and critical tool to analyse and investigate several subject fields. As such, gender contributes to establishing a much-needed theoretical and functional platform spanning across many fields of enquiry from where gender practices can effectively be critiqued and ideally changed. On the other hand, the growing popularity and ubiquity of visual culture in a global context create the increasing need to reflect on and interrogate this phenomenon in an academic manner. Although Visual Culture Studies is an established subject at many Northern institutions, it is fairly new and relatively under-theorised in the South. In response to the growing need to investigate issues dealing with gender and visual culture and particularly how they creatively intersect, this selection of chapters first presented as papers at the Taking a Hard Look Gender and Visual Culture international conference 20-21 June 2007, Institute for Gender and Women's Studies, University of Pretoria, South Africa, are collected here in the hope to make a purposeful contribution to the burgeoning discourse. However, by addressing the creative intersection between gender and visual culture, this edited volume is no novelty. In fact, the topic of gender and visual culture has been addressed over the past decade in several edited volumes. It is in this proud tradition that this book aims to take its place and to create a dialogue with international theory on gender and visual culture studies from a South perspective. Key questions that are explored in the volume: What type of gendered visual culture is being presented and created in the South, particularly but not exclusively? How is visual culture gendered? Can one refer to a move beyond gender in terms of a trans-gendered visual

culture or are we still caught up in the same debilitating role models How does one address the ever increasing alienation between gender studies and the younger generation of students and scholars moving into higher education What is the role of gender as interdisciplinary tool in the academic analysis of visual culture as it spans across several subjects such as science social work technology psychology medicine philosophy sociology engineering communication economics religious studies business management anthropology geography historical studies cultural and media studies visual studies art history and literature studies

Conflict Analysis Matthew Bernard Levinger, 2013 *Conflict Analysis Understanding Causes Unlocking Solutions* is a guide for practitioners seeking to prevent deadly conflict or mitigate political instability This handbook integrates theory and practice and emphasizes the importance of analyzing the causes of peace as well as the causes of conflict It stresses that conflict analysis is a social as well as an intellectual process helping practitioners translate analysis into effective action

Territorialidades, conflictos e desafíos à soberania estatal na América Latina Luís Fernando Ayerbe, 2012

The Writers Directory, 2013

The Social Construction of Russia's Resurgence Anne L. Clunan, 2009-06-01 Shortlisted 2010 Joseph Rothschild Prize in Nationalism and Ethnic Studies Association for the Study of Nationalities Once again it appears that Russia is marching to the forefront of the international stage Anne L Clunan's analysis of Russia's resurgence convincingly argues that traditional security concerns historical aspirations and human agency are coalescing around a new national identity and reconfigured national interests in the post Soviet nation Her work moves beyond balance of power and realist politics to posit a new interdisciplinary theory aspirational constructivism This groundbreaking theory draws on international relations research and social psychology Clunan argues that the need for collective self esteem creates aspirations often based in a nation's past that directly shape its national and security interests In applying this theory to Russia she points to the nation's continuing efforts to exert influence over former Soviet satellite states and relates the desire for international status found in five broad Russian national self images Western statist Slavophile neocommunist and nationalist to Russia's definition of its security interests with respect to Europe Eurasia and nuclear weapons Clunan's examination of how sociology social psychology and traditional international politics affect post Soviet Russian identity and security concerns is truly cross disciplinary A concluding chapter discusses the policy implications of aspirational constructivism for Russia and other nations and a methodological appendix lays out a framework for testing the theory

Mind the Gap? The International Sources of Sovereignty and State Weakness Melissa M. Lee, 2015 Why do some developing countries fail to govern parts of their territory The consequences of incomplete sovereignty are often severe in terms of order public goods and economic growth which raise the question of why ungoverned spaces remain without effective authority Although there are many reasons why states leave broad swathes of their territory partially or fully ungoverned I identify the impact international factors have on domestic sovereignty I argue that bad regional neighborhoods those populated by hostile states can reduce state administration and control Neighboring enemy states can

reduce domestic sovereignty in target states through subversion in which they support third party proxy groups hostile to the target state or through coercion in which they deter or compel the target into leaving some parts of their territory ungoverned This practice of external interference creates or sustains ungoverned spaces in the target state and sometimes generates weak state authority in the enemy state s own territory through a blowback effect Drawing on an innovative new measure of state authority and evidence from a cross national statistical analysis a natural experiment and two qualitative case studies I show that bad neighborhoods weaken the state *The Illusion of Chaos* Jennifer Keister, 2014

Ungoverned Spaces ,2018

The book delves into Ungoverned Spaces Alternatives To State Authority In An Era Of Softened Sovereignty. Ungoverned Spaces Alternatives To State Authority In An Era Of Softened Sovereignty is a crucial topic that must be grasped by everyone, ranging from students and scholars to the general public. This book will furnish comprehensive and in-depth insights into Ungoverned Spaces Alternatives To State Authority In An Era Of Softened Sovereignty, encompassing both the fundamentals and more intricate discussions.

1. The book is structured into several chapters, namely:
 - Chapter 1: Introduction to Ungoverned Spaces Alternatives To State Authority In An Era Of Softened Sovereignty
 - Chapter 2: Essential Elements of Ungoverned Spaces Alternatives To State Authority In An Era Of Softened Sovereignty
 - Chapter 3: Ungoverned Spaces Alternatives To State Authority In An Era Of Softened Sovereignty in Everyday Life
 - Chapter 4: Ungoverned Spaces Alternatives To State Authority In An Era Of Softened Sovereignty in Specific Contexts
 - Chapter 5: Conclusion
2. In chapter 1, this book will provide an overview of Ungoverned Spaces Alternatives To State Authority In An Era Of Softened Sovereignty. This chapter will explore what Ungoverned Spaces Alternatives To State Authority In An Era Of Softened Sovereignty is, why Ungoverned Spaces Alternatives To State Authority In An Era Of Softened Sovereignty is vital, and how to effectively learn about Ungoverned Spaces Alternatives To State Authority In An Era Of Softened Sovereignty.
3. In chapter 2, this book will delve into the foundational concepts of Ungoverned Spaces Alternatives To State Authority In An Era Of Softened Sovereignty. This chapter will elucidate the essential principles that must be understood to grasp Ungoverned Spaces Alternatives To State Authority In An Era Of Softened Sovereignty in its entirety.
4. In chapter 3, this book will examine the practical applications of Ungoverned Spaces Alternatives To State Authority In An Era Of Softened Sovereignty in daily life. The third chapter will showcase real-world examples of how Ungoverned Spaces Alternatives To State Authority In An Era Of Softened Sovereignty can be effectively utilized in everyday scenarios.
5. In chapter 4, this book will scrutinize the relevance of Ungoverned Spaces Alternatives To State Authority In An Era Of Softened Sovereignty in specific contexts. This chapter will explore how Ungoverned Spaces Alternatives To State Authority In An Era Of Softened Sovereignty is applied in specialized fields, such as education, business, and technology.
6. In chapter 5, this book will draw a conclusion about Ungoverned Spaces Alternatives To State Authority In An Era Of Softened Sovereignty. The final chapter will summarize the key points that have been discussed throughout the book. This book is crafted in an easy-to-understand language and is complemented by engaging illustrations. This book is highly recommended for anyone seeking to gain a comprehensive understanding of Ungoverned Spaces Alternatives To State

Authority In An Era Of Softened Sovereignty.

Ungoverned Spaces Alternatives To State Authority In An Era Of Softened Sovereignty Introduction

In today's digital age, the availability of Ungoverned Spaces Alternatives To State Authority In An Era Of Softened Sovereignty books and manuals for download has revolutionized the way we access information. Gone are the days of physically flipping through pages and carrying heavy textbooks or manuals. With just a few clicks, we can now access a wealth of knowledge from the comfort of our own homes or on the go. This article will explore the advantages of Ungoverned Spaces Alternatives To State Authority In An Era Of Softened Sovereignty books and manuals for download, along with some popular platforms that offer these resources. One of the significant advantages of Ungoverned Spaces Alternatives To State Authority In An Era Of Softened Sovereignty books and manuals for download is the cost-saving aspect. Traditional books and manuals can be costly, especially if you need to purchase several of them for educational or professional purposes. By accessing Ungoverned Spaces Alternatives To State Authority In An Era Of Softened Sovereignty versions, you eliminate the need to spend money on physical copies. This not only saves you money but also reduces the environmental impact associated with book production and transportation. Furthermore, Ungoverned Spaces Alternatives To State Authority In An Era Of Softened Sovereignty books and manuals for download are incredibly convenient. With just a computer or smartphone and an internet connection, you can access a vast library of resources on any subject imaginable. Whether you're a student looking for textbooks, a professional seeking industry-specific manuals, or someone interested in self-improvement, these digital resources provide an efficient and accessible means of acquiring knowledge. Moreover, PDF books and manuals offer a range of benefits compared to other digital formats. PDF files are designed to retain their formatting regardless of the device used to open them. This ensures that the content appears exactly as intended by the author, with no loss of formatting or missing graphics. Additionally, PDF files can be easily annotated, bookmarked, and searched for specific terms, making

them highly practical for studying or referencing. When it comes to accessing Ungoverned Spaces Alternatives To State Authority In An Era Of Softened Sovereignty books and manuals, several platforms offer an extensive collection of resources. One such platform is Project Gutenberg, a nonprofit organization that provides over 60,000 free eBooks. These books are primarily in the public domain, meaning they can be freely distributed and downloaded. Project Gutenberg offers a wide range of classic literature, making it an excellent resource for literature enthusiasts. Another popular platform for Ungoverned Spaces Alternatives To State Authority In An Era Of Softened Sovereignty books and manuals is Open Library. Open Library is an initiative of the Internet Archive, a non-profit organization dedicated to digitizing cultural artifacts and making them accessible to the public. Open Library hosts millions of books, including both public domain works and contemporary titles. It also allows users to borrow digital copies of certain books for a limited period, similar to a library lending system. Additionally, many universities and educational institutions have their own digital libraries that provide free access to PDF books and manuals. These libraries often offer academic texts, research papers, and technical manuals, making them invaluable resources for students and researchers. Some notable examples include MIT OpenCourseWare, which offers free access to course materials from the Massachusetts Institute of Technology, and the Digital Public Library of America, which provides a vast collection of digitized books and historical documents. In conclusion, Ungoverned Spaces Alternatives To State Authority In An Era Of Softened Sovereignty books and manuals for download have transformed the way we access information. They provide a cost-effective and convenient means of acquiring knowledge, offering the ability to access a vast library of resources at our fingertips. With platforms like Project Gutenberg, Open Library, and various digital libraries offered by educational institutions, we have access to an ever-expanding collection of books and manuals. Whether for educational, professional, or personal purposes, these digital resources serve as valuable tools for continuous learning and self-improvement. So why not take advantage of the vast world of Ungoverned Spaces Alternatives To State Authority In An Era Of Softened Sovereignty books and manuals for download and embark on your journey of knowledge?

FAQs About Ungoverned Spaces Alternatives To State Authority In An Era Of Softened Sovereignty Books

How do I know which eBook platform is the best for me? Finding the best eBook platform depends on your reading preferences and device compatibility. Research different platforms, read user reviews, and explore their features before making a choice. Are free eBooks of good quality? Yes, many reputable platforms offer high-quality free eBooks, including classics and public domain works. However, make sure to verify the source to ensure the eBook credibility. Can I read eBooks without an eReader? Absolutely! Most eBook platforms offer web-based readers or mobile apps that allow you to read eBooks on your computer, tablet, or smartphone. How do I avoid digital eye strain while reading eBooks? To prevent digital

Ungoverned Spaces Alternatives To State Authority In An Era Of Softened Sovereignty

eye strain, take regular breaks, adjust the font size and background color, and ensure proper lighting while reading eBooks. What the advantage of interactive eBooks? Interactive eBooks incorporate multimedia elements, quizzes, and activities, enhancing the reader engagement and providing a more immersive learning experience. Ungoverned Spaces Alternatives To State Authority In An Era Of Softened Sovereignty is one of the best book in our library for free trial. We provide copy of Ungoverned Spaces Alternatives To State Authority In An Era Of Softened Sovereignty in digital format, so the resources that you find are reliable. There are also many Ebooks of related with Ungoverned Spaces Alternatives To State Authority In An Era Of Softened Sovereignty. Where to download Ungoverned Spaces Alternatives To State Authority In An Era Of Softened Sovereignty online for free? Are you looking for Ungoverned Spaces Alternatives To State Authority In An Era Of Softened Sovereignty PDF? This is definitely going to save you time and cash in something you should think about.
