

Universities Students Universities Students

Rachel S Tattersall

Universities Students Universities Students:

The Social Role of the University Student Florian Znaniecki, 1994 This previously unpublished demographic study explores the activities behaviors goals and other facets of students attending the University of Illinois at Urbana Champaign during the early 1940s **Who's who Among Students in American Universities and Colleges** Henry Pettus Randall, 1996

Multiple Perspectives on College Students Needham Yancey Gulley, 2022 This edited collection explores diverse perspectives about today's college students from a variety of higher education stakeholders including faculty researchers policymakers administrators parents and students themselves All too often those concerned with higher education make assumptions based on outdated information the voices in this volume provide a grounded and real understanding of college students and explore how we might better support them in our colleges and universities Each section includes a series of essays with a culminating chapter written by scholars who analyze contextualize and ground these perspectives in theory **Multiple Perspectives on College Students** brings current data and experience to light in a way that helps readers understand the needs and opportunities for supporting all college students for success *Today's College Students* Pietro A. Sasso, Joseph L. DeVitis, 2014 Today's College Students A Reader looks at a wide variety of student groups and identities which sets it apart from other texts on contemporary college students that do not cover such a broad spectrum

First-Generation College Student Research Studies Terence Hicks, Douglas M. Butler, Mondrail Myrick, 2019-07-15 First Generation College Student Research Studies brings together research from a group of dynamic scholars from a variety of institutions across the United States This extraordinary edited volume examines the first generation college student population and analyzes topics such as college choice social experiences dual credit on academic success lifestyles and health status and professional identity teaching practices The empirical studies in this book contribute greatly to the research literature regarding the role that educational leaders have in educating first generation college students

Political Disaffection Among British University Students Jack Citrin, David J. Elkins, 1975 *Generation on a Tightrope* Arthur Levine, Diane R. Dean, 2012-07-19 Today's college students feel as if they are crossing an abyss between their dreams and the reality of an uncertain future They are a generation seeking stability in a time of profound and accelerating change They want government and our other social institutions to work in a time when they're broken they cling to the American Dream in an age of diminished expectations They are walking a tightrope attempting to balance digital connectedness and personal isolation global citizenship and local vision commonality and difference in the most diverse generation in American history and a desire to be treated as mature adults while being more dependent on their parents than previous college students *Generation on a Tightrope* offers a compelling portrait of today's undergraduate college students that sheds light on their attributes expectations aspirations academics attitudes values beliefs social lives and politics Based on research of 5 000 college students and student affairs practitioners from 270 diverse college campuses the book explores

the similarities and differences between today's generation of students and previous generations The authors examine the myriad forces that have shaped these students and will continue to shape them as they prepare to meet the future The first two volumes in this series exploring the psyche of college students When Dreams and Heroes Died 1980 and When Hope and Fear Collide 1998 offered thoughtful and accurate profiles of the students of the 1980s and 1990s As Generation on a Tightrope clearly reveals today's students need a very different education than the undergraduates who came before them an education for the 21st Century which colleges and universities are ill equipped to offer and which will require major changes of them to provide Painting a realistic picture of today's college students the authors offer guidance to higher education professionals researchers practitioners policymakers employers parents and the public The book's insights can help them equip students for the world they face and the world they will help to create
