The Wisdom Of Religious Commitment The Wisdom Of Religious Commitment

Peter Forrest

The Wisdom Of Religious Commitment The Wisdom Of Religious Commitment:

The Wisdom of Religious Commitment Terrence W. Tilley, 1995-04-05 By exploring a practical rather than propositional understanding of religious belief this book provides a new construct through which to view philosophy of religion Terrence W Tilley shifts the focus of debate from the justification of rational belief to the exercise of wisdom in making or maintaining a commitment to religious practices It is through practices Tilley concludes that religious belief is formed After analyzing the strengths and limitations of the modern approaches Tilley applies the concept of wisdom to the process of making a religious commitment Wisdom as explored by Aristotle St Thomas Aquinas and John Henry Newman may be thought of as the bridge between intellectual and moral virtues Roughly it can be described as the ability to put intellect into action in a context Because wisdom is a virtue requiring concrete display the book discusses the wisdom of commitment to specific religious practices of a range of traditions These examples demonstrate the issues and complexities involved in the wisdom of making a religious commitment This important challenge to contemporary philosophy of religion will be of special interest to students and teachers of theology and philosophy of religion *Disagreement, Deference, and Religious Commitment* John Pittard, 2020 Every known religious or explicitly irreligious outlook is contested by large contingents of informed and reasonable people Many philosophers have argued that reflection on this fact should lead us to abandon confident religious or irreligious belief and to embrace religious skepticism John Pittard critically assesses the case for such disagreement motivated religious skepticism While the book focuses on religious disagreement it makes a number of significant contributions to the more general discussion of the rational significance of disagreement as well **Rationality and Religious Commitment** Robert Audi, 2011-09-22 Can it be rational to be religious Robert Audi gives a persuasive positive answer through an account of rationality and a rich nuanced understanding of what religious commitment means It is not just a matter of belief but of emotions and attitudes such as faith and hope of one's outlook on the world and of commitment to live in certain ways *Reading the Old Testament as Christian Scripture (Reading Christian Scripture)* Mark S. Gignilliat, Heath A. Thomas, 2025-03-11 This survey textbook by two respected Old Testament scholars is designed to meet the needs of contemporary undergraduate students The book effectively covers the Old Testament books and major topics in the Old Testament assuming no prior academic study of the Bible Mark Gignilliat and Heath Thomas pay attention to the subject matter of the Old Testament God's revelation of himself Their focus is on the triune God and God's engagement with the world The authors attend to the Old Testament's literary theological and historical dimensions and explore how these texts are received and interpreted in Christian and Jewish tradition The book is organized according to the Hebrew structure of the Old Testament Law Prophets and Writings The authors utilize this structure to generate numerous interpretive and theological insights as well as fresh avenues of discovery for Christian readers who may lack familiarity with the Hebrew ordering of the Old Testament documents Chapters can be assigned in any order making this an ideal textbook for one

semester courses Beautifully designed in full color this addition to the Reading Christian Scripture series offers a full array of pedagogical aids that hold interest and aid learning photographs sidebars maps time lines charts glossary and discussion questions Additional resources for instructors and students are available through Textbook eSources

Intellectual, Humanist and Religious Commitment Peter Forrest, 2019-07-25 This book offers a rigorous analysis of why commitment matters and the challenges it presents to a range of believers Peter Forrest treats commitment as a response to lost innocence He considers the intellectual consequences of this by demonstrating why for example we should not believe in angels He then explores why humans are attached to reason and to humanism recognising the different commitments made by theist and non theist humanists Finally he analyses religious faith specifically fideism defining it by way of contrast to Descartes Pascal and William James as well as contemporary philosophers including John Schellenberg and Lara Buchak Of particular interest to scholars working on the philosophy of religion the book makes the case both for and against committing to God recognising that God's divine character sets up an emotional rather than an intellectual barrier to commitment to worship

Beyond Reason and Tolerance Robert Joseph Thompson, 2014-03 Beyond Reason and Tolerance argues that to prepare students to engage political ethnic and religious differences higher education must adopt a developmental model for a formative and liberal undergraduate education

Theology and the New Histories Gary Macy, 1999 In this collection of essays members of the College Theology Society explore how Christianity as an historical religion is responding to the challenge of multiple readings of history The many new ways of writing history women's history history written from the perspective of minority groups new sources of history including those that are non Western and deconstructivist history pose challenges to the assumptions of traditional theology They also affect our understanding of the history of Christianity and of the development of Christian doctrine

The Cumulative Book Index, 1996 A world list of books in the English language

The Politics of Secularism in International Relations Elizabeth Shakman Hurd, 2008 This textbook develops a new approach to religion and international relations that challenges realist liberal and constructivist assumptions that religion has been excluded from politics in the West

Proverbs Dermot Cox, 1982

The Imitation of Christ Thomas A. Kempis, 2000-11-21 The Imitation of Christ is the work of at least three men Gerard Groote Florent Radewijns and Thomas a Kempis The first two were founders of the Brethren of the Common Life a lay religious society that flourished in the Netherlands from the fourteenth to the sixteenth century Working on their manuscripts first as a compiler and editor and then as a coauthor was Kempis So successful were Kempis's efforts that the work became the golden treasury not only of their community but also of the contemporary spirituality movement known as the Modern Devotion Its prescriptions might very well be known as the Perennial Devotion for its continual appeal through the centuries In its fifteenth century Latin original the Imitation was not a silken cord of consecutive prose Rather it was a series of scratchings the sort that a spiritual

director would note down in preparation for sermons and addresses What wasn't always in the original was exactly how Kempis developed each topic sentence or wisdom quotation as he delivered it In this new rendition William Griffin recovers the original experience of listening to Kempis as he taught and preached to his spiritual charges Using a variety of literary and historical means Griffin enhances the original making the insights of this seminal exposition of Christian life more accessible

Handing on the Faith Robert P. Imbelli, 2006 Volume 1 THE CHURCH IN THE 21st CENTURY SERIES A new venture of Herder Herder in cooperation with The Church in the 21st Century Center at Boston College [www bc edu church21](http://www.bc.edu/church21)

Commitments and Consequences Page Bailey, 1968 **Christian Faith and Political Choice** John Coleman Bennett, 1963 **The Jewish Spectator**, 1991 **Faith, Authenticity, and Morality** Donald D. Evans, 1980 Christian Scholar's Review, 2006 **Ten Essential Texts in the Philosophy of Religion** Steven M. Cahn, 2005 Includes selections from Plato Boethius Anselm Thomas Aquinas David Hume Kierkegaard William James Anthony Flew accompanied by modern essays
