**Challenging Ableism, Understanding Disability, Including Adults with Disabilities in Workplaces and Learning Spaces** Tonette S. Rocco, 2011-12-21 Disability can affect adults across the life span and it is the one minority group every person could join This sourcebook aims to broaden the view of disability from a medical or economic concern to a social justice concern It examines practical theoretical and research aspects of disability including those who question disability classifications and situates it as a political and social justice concern technical and pragmatic concern and personal experience The authors present the perspectives of individuals with disabilities service providers parents and teachers and offer analyses that range from the personal to the broadly political This is the 132nd volume in this Jossey Bass higher education quarterly report series Noted for its depth of coverage this indispensable series explores issues of common interest to instructors administrators counselors and policymakers in a broad range of adult and continuing education settings

**Critical Theory and Disability** Teodor Mladenov, 2016-06-30 *Critical Theory and Disability* explores social and ontological issues encountered by present day disabled people applying ideas from disability studies and phenomenology It focuses on disabling contexts in order to highlight and criticize the ontological assumptions of contemporary society particularly those related to the meaning of human being In empirical terms the book explores

critically social practices that undermine disabled people's well-being drawing on cases from contemporary Bulgaria. It includes in-depth examination of key mechanisms such as disability assessment, personal assistance, direct payments, and disability-based discrimination. On this basis, wider sociological and ontological claims are made concerning the body, identity, otherness, and exclusion.

**Disability Politics and Theory** A.J. Withers, 2020-06-19T00:00:00Z An accessible introduction to disability studies. *Disability Politics and Theory* provides a concise survey of disability history, exploring the concept of disability as it has been conceived from the late 19th century to the present. Further, A.J. Withers examines when, how, and why new categories of disability are created and describes how capitalism benefits from and enforces disabled people's oppression. Critiquing the model that currently dominates the discipline, the social model of disability, this book offers an alternative: the radical disability model. This model builds on the social model but draws from more recent schools of radical thought, particularly feminism and critical race theory, to emphasize the role of intersecting oppressions in the marginalization of disabled people and the importance of addressing disability both independently and in conjunction with other oppressions. Intertwining theoretical and historical analysis with personal experience, this book is a poignant portrayal of disabled people in Canada and the U.S. and a radical call for social and economic justice.

**Disability Studies** Dan Goodley, 2012-08-14 This introduction to disability studies represents a clear, engaging, and consistently thought-provoking study of the field. The book discusses the global nature of disability studies and disability politics, introduces key debates in the field, and represents the intersections of disability studies with feminist, class, queer, and postcolonial analyses. The book has a clear and coherent format which matches the interdisciplinary framework of disability studies, including chapters on sociology, critical psychology, discourse analysis, psychoanalysis, and education. Sitting alongside discussions on the global and local significance of disability studies, these chapters include:

- Society: Sociological disability studies
- Individuals: De-psychologising disability studies
- Psychology: Critical psychological disability studies
- Culture: Psychoanalytic disability studies
- Education: Inclusive disability studies

Each chapter engages with important areas of analysis such as the individual, society, community, and education to explore the realities of oppression experienced by disabled people and to develop the possibilities for addressing it. Broad, dynamic, and interdisciplinary in scope, this book will be crucial reading for students, researchers, and practitioners alike.

*Aphasia Rehabilitation* Nadine Martin, Cynthia K. Thompson, Linda Worrall, 2008 As a consequence of the disability movement, the thinking generated by the World Health Organization's classification of disability and functioning and an

upturn in concern for the long term consequences of aphasia it has become apparent that two distinctive pathways for the treatment of aphasia have emerged over the past decade The first and most traditional involves assessment and management directed toward lessening the effects of the impairment of aphasia while the second pathway focuses less on specific language than on the psychosocial consequences of aphasia This unique text specifically contrasts impairment and consequences focused treatment with the aim of providing clinicians with a level playing field that permits them to evaluate for themselves the relative contributions that each approach provides to evaluate their relative strengths and weaknesses and finally to seek common ground An opening chapter sets the scene while the heart of the book based on real cases concerns five meticulously described yet hypothetical individuals with aphasia In each of the cases detailed descriptions and assessment results are provided and clinical management plans representing each approach are presented internationally by recognized expert clinicians

*Wheeling and Dealing* Esther I. Wilder, 2006 Before his motorcycle accident Travis saw himself becoming a pro football player Now paralyzed from the nipple down he says At times it s a pain in the ass literally and figuratively But it allows me to not be as threatening to some people the way I was when I was still an athlete Because a lot of times male interaction is done on the basis of pissing contests I m bigger I m tougher I m stronger I m smarter When you re in a chair they don t look at you like that At the same time Travis complains that many people are uncomfortable interacting with him because of his disability I would rather you make a mistake and deal with me than not deal with me at all Meghan is a high level quadriplegic living alone who uses a power wheelchair and requires daily attendant care She laments There are so many people who think we re asexual we re not pretty and we re creeps and weirdoes To dispel this myth she envisions a fashion show of women in wheelchairs parading down a runway Meghan has been involved in a number of sexual relationships since sustaining her injury While she doesn t think her disability has diminished her sexual pleasure she feels that it has affected her sexual performance Well you can t move it You can t like bump and grind In 32 unusually frank in depth interviews like these the men and women in this book freely discuss their sex lives their beliefs about God how they want others to treat them and whether they want to walk again In each chapter the author presents their complex voices and comprehensive research about different facets of spinal cord injury SCI *Wheeling and Dealing* explores the extent to which people with spinal cord injury locate their challenges in their physical impairments or in the social environment Some disagree with those disability activists who focus almost exclusively on the latter but the author examines this issue in depth Topics include Physical health from degrees of loss of function to problems like pressure sores temperature regulation and bladder control The stages of psychological adjustment and rehabilitation Obstacles to sexual intimacy treatment of erectile dysfunction and new sources of sexual pleasure and emotional intimacy Religion and spirituality Social and political beliefs with those with SCI weighing in on everything from welfare services to embryonic stem cell research Dating marriage and parenting Friendship networks and social supports concerns about transportation and accessibility stigma Education

employment and economic consequences This book is the recipient of the 2004 Norman L and Roselea J Goldberg Prize from
