Understanding Governance Social Science For Nurses And The Caring Professions:

Social Sciences in Health Care and Medicine Janet B. Garner, Thelma C. Christiansen, 2008 Health care and medicine are dependent upon a close interaction with social sciences and professions in order to effectively treat patients. Although medicines have become more and more targeted in recent times, it is the recovery of the patient which is the true test of the system, whether it be in a hospital setting or within a daily societal setting. Such interactions may be psychological or interactions with social organisations essential to phase the patient back into society. This book presents new issues, experiences and research in the field from around the globe.

Social Sciences for Healthcare Professionals Chris Allen, 2025-11-10 A comprehensive guide to social sciences in person-centred healthcare practice. To deliver truly person-centred care, healthcare professionals must understand the complex social, psychological and economic factors that influence health and wellbeing. *Social Sciences for Healthcare Professionals* bridges the gap between theory and practice, providing a thorough overview of essential social science concepts and their relevance in clinical settings. Covering a wide range of core topics from understanding social determinants of health to promoting equitable care, Dr Chris Allen and his team provide readers with evidence-based insights to drive better outcomes for individuals and communities. *Social Sciences for Healthcare Professionals* combines insights from disciplines including psychology, sociology and economics for a multidisciplinary approach to healthcare. Features practical case studies to illustrate theory and its application in diverse clinical settings. Promotes critical thinking and reflective practices for improved healthcare delivery. Includes activities and recommendations to support learning in both academic and professional contexts. Emphasises the importance of evidence-based, socially sensitive healthcare. Written by experienced educators and experts in nursing education. *Social Sciences for Healthcare Professionals* is essential reading for pre-registration undergraduate and postgraduate healthcare students in nursing, midwifery and allied health fields. It is designed to support both coursework and professional practice, aligning with degree programmes in healthcare and allied health sciences.
