 Faustef Epilogue *The Book of Thought* Dr. Thomas Stark,2018-02-06 Thoughts can create worlds Every time you dream
 you make worlds out of your own thoughts You do not make dreamworlds out of atoms out of matter How many people grasp
 the significance of this fact A dream in and of itself proves that a mind can create what convincingly passes as a material
 world even though the dreamworld emphatically isn t material but is made of thoughts produced by the mind of the dreamer
 Why don t we indulge in the boldest of thoughts If one mind can build a dreamworld out of its own thoughts what would
 happen if all minds dreamt together What world might they create with their united effort with their thoughts pulled together
 and operating as one In fact they would build the very world we are living in right now This is a universe of thought and
