A Viewing Guide to the Pandemic Richard Scheib,2020-01-01 I have had a headache all day I am afraid of what will happen next A Viewing Guide to the Pandemic is a film book like no other It opens with the author's first hand account of the Covid 19 pandemic and life in lockdown His sense of dread and anxiety about his state of health were experiences shared with millions of others across the world Already committed to writing a book about plagues and pandemics in popular culture Covid 19 felt like a perverse twist of fate for Richard Scheib Media depictions of deadly contagions had to this point been speculative and often off the mark his book takes an in depth look at what filmmakers imagined would happen and contrasts it with the reality International in scope the book examines films in a wide variety of genres from the silent era to the present day Black Death Ebola Mad Cow Disease Bird Flu it explores

fictionalized accounts of plague and pestilence such as box office hit *Outbreak* 1995 as well as mockumentary treatments. Whether the threats depicted have a basis in reality the biowarfare of the Cold War era for instance or are more fantastical Scheib demonstrates how the fear of contagion has provided a wealth of inspiration for the big and small screen.
