Jonathan Coe, 2020-07-14. A comedy for our times. The Guardian. Middle England is a piercing and provocative novel about a country in crisis. From the frenzy of the 2012 Olympics to the aftermath of the Brexit referendum, here Jonathan Coe chronicles the story of modern Britain by way of a cast of characters whose world is being upended. There are newlyweds who disagree about the country's future and possibly their relationship; a political commentator who writes impassioned columns about austerity from his lavish town house while his radical teenage daughter undertakes a relentless quest for universal justice; and Benjamin Trotter who embarks on an apparently doomed new career in middle age and his father whose last wish is to vote to leave the European Union. A sequel to *The Rotters Club* and *The Closed Circle* that stands entirely alone, *Middle England* is a darkly comic look at our strange new world.
