Modern British Ambulances Peter Murphy,2017-06-15 Peter Murphy explores the world of British ambulances The Ballad of Jessie Gray Brian Crane,2017-01-31 The Ballad Of Jessie Gray and other stories Playing For Laughs focuses on one person who like the majority of those in the entertainment business fail to realise their dreams The Last Page attempts to show how the subsequent consequences of grief can affect a person From Whence I Came allows a man to sift through the memories of an experience created over 40 years before and to examine the impact on his life Dust On The Shelf sees a womans struggle with impending spinsterhood and the demons she has been harbouring since childhood A Minor Deception asks the question what is the affect on a hard working father when he finally comes to terms with the ramifications of his single mindedness The Corner Shop seems to have been there forever but what is the secret surrounding the latest proprietor The Ballad Of Jessie Gray anonymously jotted down on a scrap of paper in 1859 that starts a search with an astonishing outcome *Roland Triel Crime Story #1: Running Servant* Dennis Jürgensen,2024-10-24 Danish designer Frans Jessen s sculptural design the Running Servant has grown from a single clay prototype into an international billion dollar business But success comes at a price everyone wants a piece of it Following an extensive copyright suit launched by two of his oldest friends one of them is found dead brutally deformed to emulate the Running Servant s shape And his is only the first of the bodies to pile up Seasoned investigator Roland Triel of the Copenhagen Police Department leads his team in the hunt for this methodical killer Triel is secretly still reeling from a personal tragedy his wife was found murdered in their home and his daughter the only witness was rendered mute after being raped and beaten within an inch of death Four years later the case remains unsolved and Triel seems to be the only one determined to find the perpetrator who haunts his every thought As the Running Servant case unravels his wife s killer unexpectedly makes contact from tauntingly close pulling him into a dark psychological game with a criminal he will do anything to catch Join Triel and his team as they pursue the Running Servant murderer around the spellbinding city of Copenhagen in this captivatingly macabre psychological thriller

Stories - Volume I Richard Tallman,2023-07-21 This collection of stories is about the tension between our desire to belong to one another and how we affect one another in intimate and passing ways alike It s about journeying both internally and externally and are written to reflect real life experiences set out as metaphysical statements or curiosities **Legal Knowledge and Information Systems** Jerry Spanakis,Gijs van Dijck,2023-12-15 Technological advances related to legal information knowledge representation engineering and processing have aroused growing interest within the research community and the legal industry in recent years These advances relate to areas such as computational and formal models of legal reasoning legal data analytics legal information retrieval the application of machine learning techniques to different legal tasks and the experimental evaluation of these systems This book presents the proceedings of JURIX 2023 the 36th

International Conference on Legal Knowledge and Information Systems held from 18-20 December 2023 in Maastricht the Netherlands. This annual conference has become recognized as an international forum where academics and professionals working at the intersection of law and artificial intelligence can exchange knowledge and experience. A total of 92 submissions were received for the conference of which 18 were selected as long papers, 30 as short papers and 7 as demo papers following a rigorous review process. This represents an acceptance rate of around 20% for long papers, 60% overall. Topics covered include formal approaches applied to various aspects of legal reasoning, machine learning and information retrieval methods applied to various natural language processing tasks, hybrid approaches to working on the frontier between symbolic and sub-symbolic methods, experimental inquiries into the interfaces between computational systems and legal systems and network analysis in law. Providing a comprehensive overview of recent advances in the field, the book will be of interest to all those working at the intersection between law and AI.
