Addressing special education leadership within the context of a multicultural society chapters incorporate content related to the diversity of families teachers and students Expertise Chapter authors have made significant contributions to the knowledge base in their specific areas of study such as educational policy special education law and finance school reform organizational management and instructional leadership This book is a reference volume for scholars leaders and policy makers and a textbook for graduate courses in special education educational administration and policy studies

International Handbook of Information Technology in Primary and Secondary Education Joke Voogt, Gerald Knezek, 2008-08-26 Since the introduction of the computer into education in the 1960 s its potential for K 12 education has been widely recognized The terminology used at times confusing due to rapid technology change has continuously evolved We are in transition to an information society and the term computer technology has been replaced by information technology IT or information and communication technology ICT New demands from the information society require education to focus on information management and communication skills for which IT can be an essential resource IT offers promising environments and tools to support new approaches to teaching and learning Despite major investments the implementation of IT in education has been a persistent problem And although it is generally assumed that IT has high potential for improving education major research findings have only recently confirmed positive results of IT on students performance While there is a vast amount of research on information technology IT in K 12 education most of it is scattered Until now a unified presentation of the research from a broad international perspective has not been accomplished As a ground breaking publication the two volume International Handbook on Information Technology full title synthesizes the major issues and directions of research in the field One major focus of the Handbook is the design and potential of IT based student learning environments Offering the latest research in IT and the learning process distance learning and emerging technologies for education these chapters address the critical issue of the potential for IT to improve K 12 education A second important theme deals with the implementation of IT in educational practice In these chapters barriers and opportunities for IT implementation are studied from several perspectives the teacher the curriculum the school organization and educational policy Curriculum competencies and attitudes teacher learning schools and international and regional programs and policies are examined to improve understanding how the implementation of IT in K 12 educational practice can be supported Additional topics addressed in the Handbook include the role of education in the information society threats to equity in education and as well various approaches to research in IT in education The International Handbook on Information Technology in Primary and Secondary Education provides researchers policy makers and practitioners with an integrated and detailed overview of this complex field making it an essential reference for all libraries and educators **Handbook of Effective Inclusive Schools** James McLeskey, Fred Spooner, Bob Algozzine, Nancy, L. Waldron, 2014-05-16 Over the last decade the educational context for students with disabilities has significantly changed primarily as a result of mandates

contained in NCLB and IDEA The purpose of this book is to summarize the research literature regarding how students might be provided classrooms and schools that are both inclusive and effective Inclusive schools are defined as places where students with disabilities are valued and active participants in academic and social activities and are given supports that help them succeed Effectiveness is addressed within the current movement toward multi tiered systems of support and evidence based practices that meet the demands of high stakes accountability *Resources in Vocational Education* ,1980
