Using Rubrics to Improve Student Writing, K-5 Sally Hampton, 2009. Developed as part of the influential New Standards project, this resource gives you everything you need to design and improve your writing instruction. Each section opens with a discussion of a genre common in school writing assignments: narrative, report of information, instructions, and response to literature. Then the book presents detailed rubrics that illustrate what elements and strategies writing in that genre should display. With these rubrics, you'll have the tools you need to deliver formative assessment that will guide your instruction and support the young writers in your classroom. At the heart of the book are dozens of samples of children's work showing writing that exceeds, meets, or falls short of grade level standards. Accompanying each sample is an analysis of the piece and a discussion of where it falls on the rubric. Instructional implications are also included, along with guidance on developing rubrics that fit your teaching context.
