Using New Testament Greek In Ministry:

Using New Testament Greek in Ministry David Alan Black, 1993-03-01 Here are all the tools pastors and teachers need to mine the Greek text and other language resources for the enhancement of personal study and sermon content **Biblical**

Greek Exegesis George H. Guthrie, J. Scott Duvall, 1998 This intermediate advanced text and workbook teaches syntax as well as exegesis by means of a modified inductive approach *Greek for Life* Benjamin L. Merkle, Robert L.

Plummer, 2017-08-01 Learning Greek is one thing Retaining it and using it in preaching teaching and ministry is another In this volume two master teachers with nearly forty years of combined teaching experience inspire readers to learn retain and use Greek for ministry setting them on a lifelong journey of reading and loving the Greek New Testament Designed to accompany a beginning or intermediate Greek grammar this book offers practical guidance inspiration and motivation presents methods not usually covered in other textbooks and surveys helpful resources for recovering Greek after a long period of disuse It also includes devotional thoughts from the Greek New Testament The book will benefit anyone who is taking or has taken a year of New Testament Greek **Using and Enjoying Biblical Greek** Rodney A.

Whitacre, 2015-11-24 Many who study biblical Greek despair of being able to use it routinely but veteran instructor Rodney Whitacre says there is hope By learning to read Greek slowly students can become fluent one passage at a time and grasp the New Testament in its original language Whitacre explains how to practice meditation on Scripture lectio divina in Greek presenting a workable way to make Greek useful in life and ministry Ideal for classroom use and for group or individual study this book helps students advance their knowledge of Greek and equips them to read the original texts with fluency and depth

Using Old Testament Hebrew in Preaching Paul D. Wegner, 2008-10-01 Using Old Testament Hebrew in Preaching provides seminary trained preachers and preachers in the making with a refresher in Hebrew exegesis a description of the tools they need a process of transforming exegesis into exposition and a reminder of the benefits both to the preacher and congregation of using the original language It is intended as a Hebrew counterpart to David Alan Black's widely acclaimed *Using New Testament Greek in Ministry* Baker 1993 **Getting into the Text** Daniel L. Akin, Thomas W.

Hudgins, 2017-03-01 David Alan Black has been one of the leading voices in New Testament studies over the last forty years His contributions to Greek grammar textual criticism the Synoptic problem the authorship of Hebrews and many more have challenged scholars and students to get into the text of the New Testament like never before and to rethink the status quo based on all the evidence The present volume consists of thirteen studies written by some of Black's colleagues friends and former students on a number of New Testament topics in honor of his successful research and teaching career Not only do they address issues that have garnered his attention over the years they also extend the scholarly discussion with up to date research and fresh evaluations of the evidence making this book a valuable contribution in itself to the field that Black has devoted himself to since he began his career New Testament Philology Melton Bennett Winstead, 2018-04-17 This work is

dedicated to David Alan Black a New Testament scholar who has contributed to the love of the Koine Greek language as it pertains to New Testament studies in numerous ways as a professor author missionary and editor The goal of this book is to demonstrate for students the value of continued research in the Greek New Testament The essays demonstrate how research is currently being done utilizing such tools as grammatical studies discourse analysis textual criticism verbal aspect and other linguistic analyses The chapters include studies on exegesis verbal aspect prepositional compounds relevance theory and scripture memorization This book demonstrates the explanatory power of an in depth usage of New Testament Greek It is recommended for those who have had at least one year of Greek Interpreting the New Testament Text Darrell L. Bock, Buist M. Fanning, 2006-10-20 With the explosive increase in availability of English Bible translations the question can easily be asked Why bother with the hard work of biblical exegesis Computers can translate foreign languages and our English texts can take us very close to the original meanings so why exegete Answer because the deepest truths of the Bible are found through the deepest study This book teaches the principles methods and fundamentals of exegeting the New Testament It also has examples of textual exegesis that clearly and helpfully show the value of exegeting a text well Any serious student of Scripture would benefit from utilizing this book in the study of the Bible **Luke 6:40 and the Theme of Likeness Education in the New Testament** Thomas W. Hudgins, 2014-01-07 What does Jesus mean when he says A disciple is not above his teacher but each disciple after being fully trained will be like his teacher Luke 6 40 This verse has been quoted cited and referenced in vast amounts of Christian education and discipleship literature Nevertheless the verse is nearly untouched in exegetical discussions with the exception of source critical analyses From this verse arises an undeveloped theme in the Gospel of Luke and the New Testament the theme of likeness education Using content analysis methodology Luke 6 40 one of the keystone passages in Christian education literature serves as the starting point for mining out the theme of likeness education in the New Testament This study consists of three concentric areas of investigation 1 Luke 6 40 and its immediate context 2 Luke Acts and 3 the New Testament corpus *New Testament Textual Criticism* David Alan Black, 1994-04 A concise companion to Ellis Brotzman's Old Testament Textual Criticism Introduces students to the process of comparing Greek texts and seeking the original wording
