Utopia Boat Manual:

Utopia'S Suicide John Paul,2013-12-12 Having one foot in North America and one in Europe the author inevitably compares these two continents their surroundings their people and their modus vivendi The interpretation of happenings on these continents as they relate to one life s adventure is the scope of this work which is before everything else a collage of personal biography illuminated by flashes of the remarkable historical moments preceding the emigration There are moreover interpretations of impressions colored with romantic enchanting mysticism and alternatively subjective impressions of immigrants who came to America to find a better life and expected to some extent to find a promised land on a platter In either case impressions are based on predispositions of what immigrants from the old country envisioned American to be like However gratia is not a prerequisite it does not exist in the meaning of emi nor immi gratia Is this memoir an unprejudiced evaluation and objective notation of experiences as they were or a biased overflow of emotions ridicule and sarcasm or delight and adornment What is the difference between autobiography memoir and diary versus a fictitious rather historical novel in the first place A degree of deviation from factual reality A conglomerate relatively dry when transferred onto paper this cacophony without regard to categorization may enlighten the mind of one American or one potential immigrant by informing or reforming the picture of the mirage of a once magical New World or the romanticism of the Old One
