True To Life Twenty Five Years Of Conversations With David Hockney:

True to Life Lawrence Weschler, 2009-01-26 Soon after the book's publication in 1982 artist David Hockney read Lawrence Weschler's *Seeing Is Forgetting the Name of the Thing One Sees* A Life of Contemporary Artist Robert Irwin and invited Weschler to his studio to discuss it initiating a series of engrossing dialogues gathered here for the first time Weschler chronicles Hockney's protean production and speculations including his scenic designs for opera his homemade xerographic prints his exploration of physics in relation to Chinese landscape painting his investigations into optical devices his taking up of watercolor and then his spectacular return to oil painting around 2005 with a series of landscapes of the East Yorkshire countryside of his youth These conversations provide an astonishing record of what has been Hockney's grand endeavor nothing less than an exploration of the structure of seeing itself David Hockney Christopher Simon Sykes, 2014-11-11 In this fascinating and entertaining second volume Christopher Simon Sykes explores the life and work of Britain's most popular living artist David Hockney is one of the most influential and best loved artists of the twentieth century His career has spanned and epitomized the art movements of the past five decades Picking up Hockney's story in 1975 this book finds him flitting between Notting Hill and California where he took inspiration for the swimming pool series of paintings creating acclaimed set designs for operas around the world and embracing emerging technologies the Polaroid camera and fax machine in the seventies and eighties and most recently the iPad Hockney's boundless energy extends to his personal life too and this volume illuminates the glamorous circles he moves in as well as his sometimes turbulent relationships Christopher Simon Sykes has been granted exclusive and unprecedented access to Hockney's paintings notebooks and diaries and a great number of them are reproduced here Featuring interviews with family friends and Hockney himself this is a lively and revelatory account of an acclaimed artist and an extraordinary man Mystery Jonah Lehrer, 2022-08-09 Drawing on the fields of psychology neuroscience and anthropology a New York Times best selling author unlocks the secrets of mystery's allure shedding new light on everything from the formulas of our favorite detective shows to the calculated risks of the stock market **David Hockney** James Cahill, 2022-11-03 The latest addition to the *Lives of the Artists* series highly readable short biographies of the world's greatest artists David Hockney is the most famous living British artist And he is arguably one of the more famous American artists as well Emerging from the north of England in the 1960s he made quite a splash in Swinging London as a portraitist and went on to make an even bigger splash in Los Angeles when he moved there in the 1970s His figurative paintings of the 1970s and 1980s captured the zeitgeist of West Coast living while he also explored new avenues by constructing mosaics out of polaroids By the beginning of the millennium he returned to his Yorkshire roots embarking on a new period of painting This came to an end with the death by misadventure in his home of a young studio assistant in 2013 He went home to LA and has in the intervening years begun a new period of contemplative portraiture Practical Form Abigail Zitin, 2020-10-27 A groundbreaking study of the development of form in

eighteenth century aesthetics In this original work Abigail Zitin proposes a new history of the development of form as a concept in and for aesthetics Her account substitutes women and artisans for the proverbial man of taste asserting them as central figures in the rise of aesthetics as a field of philosophical inquiry in eighteenth century Europe She shows how the idea of formal abstraction so central to conceptions of beauty in this period emerges from the way practitioners think about craft and skill across the domestic industrial and so called high arts Zitin elegantly maps the complex connections among aesthetics form and formalism drawing out the understated presence of practice in the writings of major eighteenth century thinkers including Locke Addison Burke and Kant This new take on an old story ultimately challenges readers to reconsider form and why it matters

On the Viewing Platform Katie Trumpener, Tim Barringer, 2020-11-17 A wide ranging study of the painted panorama s influence on art photography and film This ambitious volume presents a multifaceted account of the legacy of the circular painted panorama and its far reaching influence on art photography film and architecture From its 18th century origins the panorama quickly became a global mass cultural phenomenon often linked to an imperial worldview Yet it also transformed modes of viewing and exerted a lasting visible impact on filmmaking techniques museum displays and contemporary installation art *On the Viewing Platform* offers close readings of works ranging from proto panoramic Renaissance cityscapes and 19th century paintings and photographs to experimental films and a wide array of contemporary art Extensively researched and spectacularly illustrated this volume proposes an expansive new framework for understanding the histories of art film and spectatorship

How to Do Nothing Jenny Odell, 2020-12-29 A New York Times Bestseller NAMED ONE OF THE BEST BOOKS OF THE YEAR BY Time The New Yorker NPR GQ Elle Vulture Fortune Boing Boing The Irish Times The New York Public Library The Brooklyn Public Library A complex smart and ambitious book that at first reads like a self help manual then blossoms into a wide ranging political manifesto Jonah Engel Bromwich The New York Times Book Review One of President Barack Obama s Favorite Books of 2019 Porchlight s Personal Development Human Behavior Book of the Year In a world where addictive technology is designed to buy and sell our attention and our value is determined by our 24 7 data productivity it can seem impossible to escape But in this inspiring field guide to dropping out of the attention economy artist and critic Jenny Odell shows us how we can still win back our lives Odell sees our attention as the most precious and overdrawn resource we have And we must actively and continuously choose how we use it We might not spend it on things that capitalism has deemed important but once we can start paying a new kind of attention she writes we can undertake bolder forms of political action reimagine humankind s role in the environment and arrive at more meaningful understandings of happiness and progress Far from the simple anti technology screed or the back to nature meditation we read so often *How to do Nothing* is an action plan for thinking outside of capitalist narratives of efficiency and techno determinism Provocative timely and utterly persuasive this book will change how you see your place in our world

Bowie's Bookshelf John O'Connell, 2019-11-12 Named one of Entertainment Weekly's 12 biggest music memoirs this fall An artful and wildly enthralling path for Bowie fans in particular and book lovers in general Publishers Weekly starred review The only art I'll ever study is stuff that I can steal from David Bowie Three years before David Bowie died he shared a list of 100 books that changed his life His choices span fiction and nonfiction literary and irreverent and include timeless classics alongside eyebrow raising obscurities In 100 short essays music journalist John O'Connell studies each book on Bowie's list and contextualizes it in the artist's life and work How did the power imbued in a single suit of armor in The Iliad impact a man who loved costumes shifting identity and the siren song of the alter ego How did The Gnostic Gospels inform Bowie's own hazy personal cosmology How did the poems of T S Eliot and Frank O'Hara the fiction of Vladimir Nabokov and Anthony Burgess the comics of The Beano and The Viz and the groundbreaking politics of James Baldwin influence Bowie's lyrics his sound his artistic outlook How did the 100 books on this list influence one of the most influential artists of a generation Heartfelt analytical and totally original Bowie's Bookshelf is one part epic reading guide and one part biography of a music legend

The Ethics of Creativity S. Moran, D. Cropley, J. Kaufman, 2014-03-28 The Ethics of Creativity illuminates the thorny issues that arise when novel creative ideas collide with what we believe to be right or good This book tackles questions of when creativity and ethics tend to coincide and when conflict and how both might be harnessed to support a brighter future for all

Waves Passing in the Night Lawrence Weschler, 2017-01-31 From Pulitzer Prize nominee Lawrence Weschler a fascinating profile of Walter Murch a film legend and amateur astrophysicist whose investigations could reshape our understanding of the universe For film aficionados Walter Murch is legendary a three time Academy Award winner arguably the most admired sound and film editor in the world for his work on Apocalypse Now The Godfather trilogy The English Patient and many others Outside of the studio his mind is wide ranging his passion pursued for several decades has been astrophysics in particular the rehabilitation of Titius Bode a long discredited 18th century theory regarding the patterns by which planets and moons array themselves in gravitational systems across the universe Though as a consummate outsider he's had a hard time attracting any sort of comprehensive

hearing from professional astrophysicists Murch has made advances that even some of them find intriguing including a connection between Titius Bode and earlier notions going back past Kepler and Pythagorus of musical harmony in the heavens Unfazed by rejection ever probing Murch perseveres in the highest traditions of outsider science Lawrence Weschler brings Murch's quest alive in all its seemingly quixotic yet still plausible splendor probing the basis for how we know what we know and who gets to say The wholesale rejection of alternative theories has repeatedly held back the progress of vital science Weschler observes citing early twentieth century German amateur Alfred Wegener whose speculations about continental drift were ridiculed at first only to be accepted as fact decades later Theoretical physicist Lee Smolin says It is controversy that brings science alive and Murch's quest does that in spades His fascination with the way the planets and their moons are arranged opens up the field of celestial mechanics for general readers sparking an awareness of the vast and to us invisible forces constantly at play in the universe

Art and the Brain Amy Ione, 2016-10-11 In her new book *Art and the Brain: Plasticity, Embodiment and the Unclosed Circle* Amy Ione offers a profound assessment of our ever evolving view of the biological brain as it pertains to embodied human experience She deftly takes the reader from Deep History into our current worldview by surveying the range of nascent responses to perception thoughts and feelings that have bred paradigmatic changes and led to contemporary research modalities Interweaving carefully chosen illustrations with the emerging ideas of brain function that define various time periods reinforces a multidisciplinary framework connecting neurological research theories of mind art investigations and intergenerational cultural practices The book will serve as a foundation for future investigations of neuroscience art and the humanities

Uncanny Valley Lawrence Weschler, 2011-10-01 Shuttling between cultural comedies and political tragedies Lawrence Weschler's articles have throughout his long career intrigued readers with his unique insight into everything he examines from the ordinary to the extraordinary *Uncanny Valley* continues the page turning conversation as Weschler collects the best of his narrative nonfiction from the past fifteen years The title piece surveys the hapless efforts of digital animators to fashion a credible human face the endlessly elusive gold standard of the profession Other highlights include profiles of novelist Mark Salzman as he wrestles with a hilariously harrowing bout of writer's block the legendary film and sound editor Walter Murch as he is forced to revisit his work on *Apocalypse Now* in the context of the more recent Iraqi war film *Jarhead* and the artist Vincent Desiderio as he labors over an epic canvas portraying no less than a dozen sleeping figures With his signature style and endless ability to wonder Weschler proves yet again that the world is strange beautiful and connected *The Globe and Mail*

Uncanny Valley demonstrates his matchless ability to analyze the marvels he finds in places and people and offers us a new sublime way of seeing the world

What Do Philosophers Do? Penelope Maddy, 2017 How do you know the world around you isn't just an elaborate dream or the creation of an evil neuroscientist If all you have to go on are various lights sounds smells tastes and tickles how can you know what the world is really like or even whether there is a world beyond your own

mind Questions like these familiar from science fiction and dorm room debates lie at the core of venerable philosophical arguments for radical skepticism the stark contention that we in fact know nothing at all about the world that we have no more reason to believe any claim that there are trees that we have hands than we have to disbelieve it Like non philosophers in their sober moments philosophers too find this skeptical conclusion preposterous but they re faced with those famous arguments the Dream Argument the Argument from Illusion the Infinite Regress of Justification the more recent Closure Argument If these can t be met they raise a serious challenge not just to philosophers but to anyone responsible enough to expect her beliefs to square with her evidence What Do Philosophers Do takes up the skeptical arguments from this everyday point of view and ultimately concludes that they don t undermine our ordinary beliefs or our ordinary ways of finding out about the world In the process Maddy examines and evaluates a range of philosophical methods common sense scientific naturalism ordinary language conceptual analysis therapeutic approaches as employed by such philosophers as Thomas Reid G E Moore Ludwig Wittgenstein and J L Austin The result is a revealing portrait of what philosophers do and perhaps a quiet suggestion for what they should do for what they do best

The Senses and Memory Chanelle Dupuis,2025-06-17 How are the senses and memory linked What do sensory approaches to research reveal about the functions of memory This edited volume encompasses various interdisciplinary projects that showcase the value of viewing the world through all of the senses and the ways that memory is multisensorial From smell s Proust effect to music s ability to improve memory and mood we remember and memorize the world through sensory input This book expands research on multimodal work the senses and materiality the senses and methodology sensing memories of the past and technology s impact on sensory lives The chapters included cover all the senses as well as the cross modal experience of synesthesia Each chapter further covers concepts related to memory studies ranging from nostalgia traumatic memories and memorials to remembering the past history archives and questions of identity This edited volume is divided into five sections each containing two to three chapters The five sections Sensing Place and Space Art as a Medium of Memory In the Mind of Synesthesia Making Sense of Materiality and Technology and the Sensorium describe different groupings of interest From questions of spatiality to digital life each section invites the reader to explore new developments in the fields of memory studies and sensory studies and new insights on established topics In these intimate critical and penetrating chapters the authors of this book share new visions of what it means to write at the crossroads of the senses and memory and present new methodologies frameworks and pedagogies for examining this interconnection A resource for both research and teaching this volume represents a valuable guide for scholars working in sensory studies and memory studies The hope is that **The Senses and Memory** will inspire future research and thinking in these evolving and expanding fields of study

Life of David Hockney Catherine Cusset,2019-05-14 Named a Best Book of the Year by The Advocate Catherine Cusset s book caught a lot of me I could recognize myself David Hockney With clear vivid prose this meticulously researched novel draws an intimate moving portrait

of the most famous living English painter Born in 1937 in a small town in the north of England David Hockney had to fight to become an artist After leaving his home in Bradford for the Royal College of Art in London his career flourished but he continued to struggle with a sense of not belonging because of his homosexuality which had yet to be decriminalized and his inclination for a figurative style of art not sufficiently contemporary to be valued Trips to New York and California where he would live for many years and paint his iconic swimming pools introduced him to new scenes and new loves beginning a journey that would take him through the fraught years of the AIDS epidemic A compelling hybrid of novel and biography Life of David Hockney offers an insightful overview of a painter whose art is as accessible as it is compelling and whose passion to create has never been deterred by heartbreak or illness or loss

Seeing Is Forgetting the Name of the Thing One

Sees Lawrence Wechsler, 2023-09-01 When this book first appeared in 1982 it introduced readers to Robert Irwin the Los Angeles artist who one day got hooked on his own curiosity and decided to live it Now expanded to include six additional chapters and twenty four pages of color plates Seeing Is Forgetting the Name of the Thing One Sees chronicles three decades of conversation between Lawrence Weschler and light and space master Irwin It surveys many of Irwin's site conditioned projects in particular the Central Gardens at the Getty Museum the subject of an epic battle with the site's principal architect Richard Meier and the design that transformed an abandoned Hudson Valley factory into Dia's new Beacon campus enhancing what many had already considered the best book ever on an artist

David Hockney (Fourth Edition)

(World of Art) Marco Livingstone, 2017-11-21 Intelligent conscientious sensitive Burlington Magazine The relationship between art and life has been of overriding importance in the work of David Hockney who has perhaps enjoyed greater popularity than any other British artist this century Here Marco Livingstone traces those connections from the beginning of the artist's career in the early 1960s through the more recent works that have contributed to Hockney's international reputation These include photocollages and highly acclaimed stage designs for the opera as well as his embrace of technology which show the continuing preoccupation with invention and artifice that has made the artist's work at once popular and enduring The fourth edition of this best selling World of Art title includes updated information on Hockney's work in the past twenty years such as his foray into the world of digital art including large scale iPad drawings and video

Modern Painters, 2008

Latinx Art Arlene Dávila, 2020-07-24 In Latinx Art Arlene Dávila draws on numerous

interviews with artists dealers and curators to explore the problem of visualizing Latinx art and artists Providing an inside and critical look of the global contemporary art market Dávila's book is at once an introduction to contemporary Latinx art and a call to decolonize the art worlds and practices that erase and whitewash Latinx artists Dávila shows the importance of race class and nationalism in shaping contemporary art markets while providing a path for scrutinizing art and culture institutions and for diversifying the art world
