

TRUSTWORTHINESS

Good people are people you can trust. They are honest; they tell the truth. They are brave enough to do good things, even when people want them to do bad things. They keep promises; if they say they'll do something, they do it. They say and do good things for their families and friends; they are loyal.

Good people do the right thing even when doing or saying the right thing gets them into trouble or causes them to lose friends, opportunities or money.

Honesty Do's

- ① Tell only the truth.
- ② Tell all the truth.
- ③ Say what you mean.
- ④ If you find something, return it to its owner.
- ⑤ Do the good things you say you'll do.

Honesty Don'ts

- ① Don't say you'll do something without really doing it.
- ② Don't tell a lie.
- ③ Don't let anyone think something that isn't true.
- ④ Don't trick anyone.
- ⑤ Don't steal.
- ⑥ Don't cheat.

Integrity Do's

- ① Be brave and always do and say the right things.
- ② Do the right thing even when people want you to do bad things.
- ③ Be good all the time.

Integrity Don'ts

- ① Don't do bad things even when people try to force you.
- ② Don't do or say bad things, even if it means you'll lose friends or fun or money.

Promise-keeping Do's

- ① Do what you say you are going to do.
- ② Return the things you borrow.
- ③ Be careful of what you say you'll do. Only say you will do the things you think you really can do.

Promise-keeping Don'ts

- ① Don't trick people to get out of a promise.
- ② Don't break a promise.
- ③ Don't make promises you can't keep.

Loyalty Do's

- ① Help and protect your family, friends, teachers, school and community.
- ② Keep confidential information to yourself.

Loyalty Don'ts

- ① Don't gossip or say things that hurt people.
- ② Don't lie, cheat or steal to get what you want.
- ③ Don't ask anyone to do anything bad.

Trust in Schools Anthony Bryk,Barbara Schneider,2002-09-05 Most Americans agree on the necessity of education reform but there is little consensus about how this goal might be achieved The rhetoric of standards and vouchers has occupied center stage polarizing public opinion and affording little room for reflection on the intangible conditions that make for good schools Trust in Schools engages this debate with a compelling examination of the importance of social relationships in the successful implementation of school reform Over the course of three years Bryk and Schneider together with a diverse team of other researchers and school practitioners studied reform in twelve Chicago elementary schools Each school was undergoing extensive reorganization in response to the Chicago School Reform Act of 1988 which called for greater involvement of parents and local community leaders in their neighborhood schools Drawing on years longitudinal survey and achievement data as well as in depth interviews with principals teachers parents and local community leaders the authors develop a thorough account of how effective social relationships which they term relational trust can serve as a prime resource for school improvement Using case studies of the network of relationships that make up the school community Bryk and Schneider examine how the myriad social exchanges that make up daily life in a school community generate or fail to generate a successful educational environment The personal dynamics among teachers students and their parents for example influence whether students regularly attend school and sustain their efforts in the difficult task of learning In schools characterized by high relational trust educators were more likely to experiment with new practices and work together with parents to advance improvements As a result these schools were also more likely to demonstrate marked gains in student learning In contrast schools with weak trust relations saw virtually no improvement in their reading or mathematics scores Trust in Schools demonstrates convincingly that the quality of social relationships operating in and around schools is central to their functioning and strongly predicts positive student outcomes This book offer insights into how trust can be built and sustained in school communities and identifies some features of public school systems that can impede such development Bryk and Schneider show how a broad base of trust across a school community can provide a critical resource as education professional and parents embark on major school reforms A Volume in the American Sociological Association s Rose Series in Sociology
