Umbraco User's Guide Nik Wahlberg, Paul Sterling, 2011-05-04. The first guide to show you how to power your site using Umbraco. More companies are turning to the power and simplicity of Umbraco's web content management system to build robust customized sites. Written by leaders in the Umbraco community, this invaluable guide takes you through every aspect of this open source tool. Code samples using XHTML, CSS, XSLT and C# are integrated throughout the pages to illustrate key concepts that you can apply. As you work through the chapters, you'll progress from building a basic Umbraco site to a sophisticated one that meets the needs of your organization.

Umbraco User's Guide Explains how to install Umbraco and walks you through its XML structure. Discusses how to create templates while building your understanding of layouts. Offers best practices for developing content designing types, organizing templates and using the rich text editor. Walks you through XSLT and .NET controls. Helps you build sample applications and troubleshoot any issues that arise. Covers how to create your own classified ads site by combining document types, templates, styles, macros and more.

Office and SharePoint 2007 User's Guide Michael Antonovich, 2008-07-06. Web sites, Collaboration, Document management, Paperless offices. We want it all in business today but how do you achieve all of these goals? More importantly, if you work for one of the millions of small to medium sized businesses, how do you find the time and build the expertise necessary to reach these goals? Even the most powerful tool will not allow you to succeed unless you can get the majority of your staff to use it efficiently and effectively. You need a guide that demonstrates a platform small to medium sized businesses can use to reach these goals.

Office and SharePoint 2007 User's Guide Integrating SharePoint with Excel, Outlook, Access and Word demystifies the path every Microsoft Office user can follow to benefit from the synergism of tools they are already familiar with. Together with SharePoint 2007, users can achieve goals like web sites with a consistent single view, improved collaboration within their organization, better document management and maybe even get one step closer to the paperless office we've been promised for years. This book has topics for Office users of all skill levels from those just starting to use Office tools to the experienced power user. It examines each major Office tool and shows how it contributes to the support and use of SharePoint in today's increasingly electronic based
