Unfinished Queer Agenda After Marriage Equality Angela Jones, Joseph DeFilippis, Michael Yarbrough, 2018-04-17 While legal recognition of marriage has met the needs of a segment of the LGBTQ population many still face daily struggles with issues around housing education healthcare policing and incarceration and immigration These are issues that were largely eclipsed in national arenas by the fight for marriage equality In reaction to this *The Unfinished Queer Agenda After Marriage Equality* examines the institutional failings and overlapping systems of injustice that continue to dehumanize queer and trans people and deprive them of basic human rights Building on a major conference held in 2016 entitled *After Marriage The Future of LGBTQ Politics and Scholarship* the editors have collected academic papers edited transcripts of selected conference sessions and interviews with activists Drawing from this source material the book argues that any queer agenda should be informed by an understanding that the issues facing queer and trans people come from the combined influence of neo liberal capitalism global white supremacy and heterosexism The authors argue that these modes of oppression continue to be especially damaging for poor people undocumented people people of color non binary trans and queer people By taking an in depth look at the myriad social issues that continue to affect LGBTQ communities and by exposing systemic prejudices and inequality as the root cause this title is an important intervention for students and researchers engaged with queer and trans activism beyond the fight for marriage equality *The Politics of Prevention* Tania Boler, David Archer, 2008-06-20

Sexuality and Public Space in India Carmel Christy,2017-03-16 The topic of sexuality and gender within the South Asian context is timely and widely discussed across a variety of academic disciplines Since the end of the

last century there have been debates in the cultural sphere in India on issues concerning Lesbian Gay Bisexual Transgender people's rights, gender, sex workers' rights and caste. There has also been an explicit visibility for sexuality in the form of discussion around intimate scenes in films, advertisements and moral concerns around pre-marital heterosexual relationships and same-sex relationships. This book brings out the modalities through which explicit visibility of sexuality gets constituted in the public space of India after the 1990s. The specificities through which relations of gender, sexuality and caste get constituted and performed in regional media provide significant entry points to an understanding of larger structures and the ever-present fissures through which these larger structures emerge. Focussing on the southern state of Kerala, the book investigates women's sexuality and caste through a number of case studies: the Suryanelli rape case, neology in the media and the debates around the life narratives of Nalini Jameela, a sex worker. The book does not stop at representational practices as it also looks at the negotiations between the subject and her represented figures, which is a significant addition to the existing body of work in the field of media and gender studies. *Sexuality and Public Space in India* is a careful interrogation of the mass-mediated space of contemporary public discourse around sexuality. It will be of interest to academics in South Asian Studies, Sociology, Anthropology and Gender Studies.
