Notable American Women with Czechoslovak Roots Miloslav Rechcigl Jr.,2019-09-16 Even though there exist only a few general studies on the subject of Czechoslovak American women this is not at all a reflection of the paucity of work done by these women as this publication demonstrates This monograph is a compendium of notable American women with Czechoslovak roots who distinguished themselves in a particular field or area from the time they first immigrated to America to date Included are not only individuals born on the territory of former Czechoslovakia but also their descendants This project has been approached strictly geographically irrespective of the language or ethnicity Because of the lack of bibliographical information most of the monograph comprises biobibliographical information in which area a plethora of information exists As the reader will discover these women have been involved practically in every field of human endeavor in numbers that surprise On the whole they have been noted for their independent spirit and nonconforming role

Something Wiki Suzanne Sutherland,2014-12-19 2016 Young Author s Award Shortlisted CCBC s Best Books for Kids Teens Fall 2015 Commended Instead of writing in a diary twelve year old Jo Waller secretly edits Wikipedia entries to cope with the worst year of her life Jo Waller has three brainy friends two mostly harmless parents and one deep dark secret she edits Wikipedia for fun But when her twenty four year old brother moves back home with his pregnant girlfriend Jo is forced to reconcile the idealized version of her absent cool older brother with the reality of romantic relationships and the truth behind so many embarrassing health class videos With the young couple moving back into the family home there s barely enough room for anyone to move let alone have any privacy Throw in some major friendship turbulence a seriously unrequited crush and a mortifyingly bad haircut and it s looking like Jo will be lucky to make it out of the year alive When you re a pizza faced dork who uses Wikipedia as a diary and would rather wear ancient hand me downs than shop at the mall what s the upside Jo is about to find it in the most unlikely way

American Men and Women in Medicine, Applied Sciences and Engineering with Roots in Czechoslovakia Miloslav Rechcigl Jr.,2021-02-17 No comprehensive study has been undertaken about the American learned men and women with Czechoslovak roots The aim of this work is to correct this glaring deficiency with the focus on men and women in medicine applied sciences and engineering It covers immigration from the period of mass migration and beyond irrespective whether they were born in their European ancestral homes or whether they have descended from them This compendium clearly demonstrates the Czech and Slovak immigrants including Bohemian Jews have brought to the New World in these areas their talents their ingenuity the technical skills their scientific knowhow as well as their humanistic and spiritual upbringing reflecting upon the richness of their culture and traditions developed throughout centuries in their ancestral home This accounts for their remarkable success and achievements of these settlers in the New World transcending through their descendants as this publication demonstrates The monograph has been organized into sections by subject areas i e Medicine Allied Health Sciences and Social Services Agricultural and

Food Science Earth and Environmental Sciences and Engineering Each individual entry is usually accompanied with literature and additional biographical sources for readers who wish to pursue a deeper study The selection of individuals has been strictly based on geographical vantage without regards to their native language or ethnical background Some of the entries may surprise you because their Czech or Slovak ancestry has not been generally known What is conspicuous is a large percentage of listed individuals being Jewish which is a reflection of high level of education and intellect of Bohemian Jews A prodigious number of accomplished women in this study is also astounding considering that in the 19th century they rarely had careers and most professions refused entry to them *Doctors in Fiction* Borys Surawicz, Beverly Jacobson, 2016-07-06 Medical practitioners are key actors in many well known works of fiction and literature presenting a vital insight into the social medical scientific and ethical concerns of their authors and readers However medical professionals are often left little time to explore such cultural perceptions of their profession and by extension themselves despite the extent to which the views of their patients and society have been and still are shaped by them *Doctors in Fiction* explores and analyzes representations of medical practitioners in fiction encompassing classic and contemporary literature popular fiction and authors from many nations and traditions These include among others Albert Camus A Anton Checkhov A Robertson Davies A Graham Greene A George Eliot A Ian McEwan A F Scott Fitzgerald A Jaroslav Hasek A Henrik Ibsen A John Irving A Patrick O'Brien A Boris Pasternak A Aleksandr Solzhenitsyn This book will be of interest to those with an interest in the medical humanities and to students of cultural history and literature It will also be of particular interest to medical practitioners of all kinds who enjoy literature and wish to understand and reflect upon wider perceptions of their profession **The Britannias** Alice Albinia, 2024-02-27 Longlisted for the Ondaatje Prize and the Women's Prize for Non Fiction Shortlisted for the Stanford Travel Writing Award A dazzlingly brilliant book Hannah Dawson editor of The Penguin Book of Feminist Writing A revelatory portrait of Britain through its islands The Britannias weaves history myth and travelogue to rewrite the story of this island nation From Neolithic Orkney Viking Shetland and Druidical Anglesey to the joys and strangeness of modern Thanet The Britannias explores the farthest reaches of Britain's island topography once known by the collective term Britanniae the Britains This expansive journey demonstrates how the smaller islands have wielded disproportionate influence on the mainland becoming the fertile ground of political cultural and technological innovations that shaped history throughout the archipelago In an act of feminist inquiry personal adventure and literary quest Alice Albinia embarks on a series of journeys that traverse Britain and reach beyond its contemporary borders from Europe to the Caribbean Ireland to Scandinavia She walks the coastlines of Lindisfarne sails through the Hebrides archipelago and bikes into Westminster at dawn As she takes us across extravagantly varied island topographies and surveys centuries of history Albinia ranges between languages and genres and through disparate island cultures She talks to stubbornly independent islanders and searches for archaeological and linguistic traces of island identities discovering distinct traditions and

resistance to mainland control Trespassing into the past to understand the present The Britannias uncovers an enduring and subversive mythology of islands ruled by women Albinia finds female independence woven through Roman colonial reports and Welsh medieval poetry Restoration utopias and island folk songs These neglected epics offer fierce feminist countercurrents to mainstream narratives of British identity and shed new light on women's status in the body politic today Vivid perceptive and disruptive The Britannias boldly upturns established truths about Britain while revealing its suppressed and forgotten beauty *CRAZY STORIES FROM A CRAZY BRAIN* Hannah Lee Mahaffey, 2012-01-13 An interesting collection of original short stories that will blow your mind *Three German Women* Erika Esau, 2021-05-11 This book presents the life stories of three women of the German speaking realm whose lives inspired the author directly mathematician Maria Weber Steinberg 1919 2013 journalist Irmgard Rexroth Kern 1907 1983 and Viennese art historian Fr Dr Anna von Spitzm ller 1903 2001 The lives of these three women serve as emotional mirrors to the cultural transformations and tumultuous history of the 20th century Their stories tell of the hardships struggles and victories of intellectual European women in this era Each woman was related to men who played a prominent role in European cultural life men who received some recognition in history books As intellectual professionals these women in contrast received very few public accolades for their important achievements Placing them in the cultural context of the times in Germany and Austria the book highlights the traumatic choices imposed on ordinary people by political and social circumstances over which they had no control Along with the women's individual stories the chapters focus on overarching themes including educated women's roles in European society narratives of perseverance in confronting Nazism and specific historical background describing the incidents affecting their life trajectories **Monster Problems** Victor Piñeiro, 2022-07-05 Magnificent Kirkus Reviews STARRED Review on Time Villains Story Thieves meets Escape from Mr Lemoncello's Library in the second book of this wacky hilarious and fast paced middle grade series Can Javi and his friends stop Count Dracula from taking over the school With Blackbeard banished from their present time life has gone somewhat back to normal for Javi his sister Brady and his best friend Wiki And Javi can now focus on his favorite thing in the world crafting extreme sandwiches Except their beloved Principal Gale has to make an unexpected trip back to Oz leaving the excessively strict and downright terrifying Ms Vlad in charge With the school all kinds of doom and gloom the trio is desperate for some change Luckily that arrives in the form of their new Vice Principal Mr Dragon Mr D is immediately adored by the students especially Brady and Javi's glad he wasn't forced to summon any historical or fictional folks from his magical table to get the school back on track Except something seems a little off about Mr Dragon and soon it's clear he isn't who he says he is With Brady under his spell he's able to summon his monster crew to take over the town and eventually the world Javi's going to have to get his own team if he's going to stop their evil vice principal before it's too late Praise for Time Villains Piñeiro scores with this tale of friendship magic and adventure Magnificent Kirkus Reviews STARRED Review It's got heart it's got thrills it's got pirates You won't be

able to put down this action packed relentlessly funny adventure Sarah Mlynowski author of the New York Times bestselling Whatever After series A magical table that pulls in famous people from history and fiction Is this the greatest idea for a book ever Yes Yes it is Come join the best dinner party in history and books full of pirates sandwiches and history s greatest figures James Riley New York Times bestselling author of The Story Thieves series [Wikinomics](#) Don Tapscott,Anthony D. Williams,2008-04-17 The acclaimed bestseller that s teaching the world about the power of mass collaboration Translated into more than twenty languages and named one of the best business books of the year by reviewers around the world Wikinomics has become essential reading for business people everywhere It explains how mass collaboration is happening not just at Web sites like Wikipedia and YouTube but at traditional companies that have embraced technology to breathe new life into their enterprises This national bestseller reveals the nuances that drive wikinomics and share fascinating stories of how masses of people both paid and volunteer are now creating TV news stories sequencing the human genome remixing their favorite music designing software finding cures for diseases editing school texts inventing new cosmetics and even building motorcycles

Notable Americans of Czechoslovak Ancestry in Arts and Letters and in Education Miloslav Rechcigl Jr.,2021-11-02 As pointed out in my last two publications no comprehensive study has been undertaken about the American Learned Men and Women with Czechoslovak roots The aim of this work is to correct this glaring deficiency with the focus on immigration from the period of mass migration and beyond irrespective whether they were born in their European ancestral homes or whether they have descended from them Whereas in the two mentioned monographs the emphasis has been on scholars and social and natural scientists and men and women in medicine applied sciences and engineering respectively the present compendium deals with notable Americans of Czechoslovak ancestry in arts and letters and in education With respect to women although most professional fields were closed to them through much of the nineteenth century the area of arts and letters was opened to them as noted earlier and as this compendium authenticates
