Where Metaphors Come From Reconsidering Context In Metaphor:

Where Metaphors Come from Zoltán Kövecses, 2015 Kövecses recasts CMT as a contextual theory of metaphor expanding and refining it to account for the ways in which many verbal metaphors are tied to context *Where Metaphors Come From* Zoltán Kövecses, 2014-12-01 *Where Metaphors Come From* argues that what is known as conceptual metaphor theory has stood the test of time At the same time it also suggests that the view of metaphorical grounding as proposed in the book augments and refines conceptual metaphor theory according to which conceptual metaphors are based on our bodily experience *Metaphor in Socio-Political Contexts* Manuela Romano, 2024-05-06 Metaphor studies is a vibrant and fascinating field The present book brings together the work of influential researchers analyzing metaphor empirically from Critical Socio Cognitive perspectives CSCDA The case studies focus on the role of metaphor as a powerful strategy for the creation of specific world views and ideological frames as well as for their contestation in current crises **Cross-Cultural Perspectives in Literature and Language** Iwona Filipczak, Anna Gaidash, Joanna Stolarek, Michaela Weiss, Anna Wortman, Judit Baranyiné Kóczy, Oleksandr Kapranov, Jarosław Wiliński, Agnieszka Wróbel, 2017-12-28 Provides an international forum for the exchange of ideas related to multiculturalism multi ethnicity cross cultural perspectives in literature the arts and politics integration versus cultural shock as well as racial ethnic and religious problems of the world in the 21st century The editors hope that the articles selected for the volume will prove stimulating and inspiring to their readers be they blooming researchers or specialists in Anglophone literature culture linguistics and didactics PART I LITERATURE AND CULTURE PART II LINGUISTICS AND METHODOLOGY LCCN 2017962609 The Routledge Handbook of Language and Religion Stephen Pihlaja, Helen Ringrow, 2023-12-14 The Routledge Handbook of Language and Religion is the first ever comprehensive collection of research on religion and language with over 35 authors from 15 countries presenting a range of linguistic and discourse analytic research on religion and belief in different discourse contexts The contributions show the importance of studying language and religion and for bringing together work in this area across sub disciplines languages cultures and geographical boundaries The Handbook focuses on three major topics Religious and Sacred Language Institutional Discourse and Religious Identity and Community Scholars from a variety of different disciplinary backgrounds investigate these topics using a range of linguistic perspectives including Cognitive Linguistics Discourse Analysis Sociolinguistics Pragmatics and Conversation Analysis The data analysed in these chapters come from a variety of religious backgrounds and national contexts Linguistic data from all the major world religions are included with sacred texts conversational data and institutional texts included for analysis The Handbook is intended to be useful for readers from different subdisciplines within linguistics but also to researchers working in other disciplines including philosophy theology and sociology Each chapter gives both a template for research approaches and suggestions for future research and will inspire readers at every stage of their career **Cultural Linguistics and (Re)conceptualized**

Tradition Judit Baranyiné Kóczy, Veronika Szelid, 2024-12-16 This book offers a cutting edge compilation of studies on re conceptualized traditions in a wide variety of discourses such as the language of emotion folklore religion and morality the natural environment idioms and proverbs It also raises complex theoretical and methodological questions regarding the cultural cognitive linguistic approach to metaphors and figurative language embodiment diachronic and corpus linguistics and pragmatics The languages under scrutiny range from well documented to minority varieties and even to endangered languages and dialects Building from the assertion that cultural conceptualizations are rendered as manifestations of the interplay between language culture and the collective cognition of communities as handed down from generation to generation this edited book discovers and rebuilds traditional cultural cognition Employing analytical tools provided by the cultural cognitive linguistic framework the authors investigate how the field is being revitalized and renegotiated in present day cultural contexts and how it contributes to shaping our contemporary understanding of the world It is useful for academics and students interested in cultural and cognitive linguistics ethnosemantics sociolinguistics pragmatics applied linguistics linguistic anthropology and religious studies Chapter 7 is available open access under a Creative Commons Attribution 4.0 International License via link.springer.com

Understanding Abstract Concepts across Modes in Multimodal Discourse Elżbieta Górka, 2019-08-21 This volume looks at spatialization of abstract concepts in verbal pictorial aphorisms at work in the cartoons of a single artist While extensive work has been done in studying spatialization of abstract concepts in grammar and lexicon within cognitive linguistics this book is the first of its kind to provide a detailed account of such phenomena in multimodal discourse The volume integrates a range of approaches from cognitive linguistics including image schema theory conceptual theory of metaphor multimodal metaphor theory the dynamic approach to metaphor and a multimodal approach to metonymy and applies this multi faceted framework to a selection of cartoons from the work of Polish artist Janusz Kapusta Taken together these cartoons form the basis of two comprehensive case studies which explore the abstract concepts of emotions and life highlighting the ways in which cartoons can illustrate the important relationship between space situated cognition and language and in turn a clear and systematic framework for establishing cohesive ties between the verbal and pictorial modes in multimodal cognitive linguistic research The volume sheds new light on visual thinking and multimodal rendition of creative abstract thought

Figurative Language - Intersubjectivity and Usage Augusto Soares da Silva, 2021-05-15 Intersubjectivity and usage play central roles in figurative language and are pivotal notions for a cognitively realistic research on figures of thought speech and communication This volume brings together thirteen studies that explore the relationship between figurativity intersubjectivity and usage from the Cognitive Linguistics perspective The studies explore the impact of figurativity on areas of lexicon and grammar on real discourse and across different semiotic systems Some studies focus on the psychological processes of the comprehension of figurativity other studies address the ways in which figures of thought and language are socially shared and the variation of figures

through time and space Moreover some contributions are established on advanced corpus based techniques and experimental methods There are studies about metaphor metonymy irony and puns about related processes such as humor empathy and ambiguation and about the interaction between figures Overall this volume offers the advantages and the opportunities of an interactional and usage based perspective of figurativity embracing both the psychological and the intersubjective reality of figurative thought and language and empirically emphasizing the multidimensional character of figurativity its central function in thought and its impact on everyday communication
