Where We Stand Allan L. Smith, 1997 A compilation of more than 60 essays on the myriad real life issues facing young Jewish adults This book is a must have survival guide to Jewish life after high school The Oxford Handbook of Jewish Ethics and Morality Elliot N. Dorff, Jonathan K. Crane, 2016-01-23 For thousands of years the Jewish tradition has been a source of moral guidance for Jews and non Jews alike As the essays in this volume show the theologians and practitioners of Judaism have a long history of wrestling with moral questions responding to them in an open argumentative mode that reveals the strengths and weaknesses of all sides of a question The Jewish tradition also offers guidance for moral conduct by individuals communities and countries and shows how to motivate people to do the good and right thing The Oxford Handbook of Jewish Ethics and Morality is a collection of original essays addressing these topics historical and contemporary as well as philosophical and practical by leading scholars from around the world The first section of the volume describes the history of the Jewish tradition s moral thought from the Bible to contemporary Jewish approaches The second part includes chapters on specific fields in ethics including the ethics of medicine business sex speech politics war and the environment

Hot Topics Behrman House, Susan Freeman, 2005 Ideal as a complete course text or as an informative supplement to one shot classroom discussions this complement to Teaching Hot Topics encourages students to engage with issues through its interactive design pertinent scenarios probing questions and charts that summarize points and counterpoints for each topic

Judaism and Christianity Rabbi Stuart Federow, 2012-10 Many people focus on the similarities between Judaism and Christianity but the religions are quite different and it s not just because one accepts Jesus as the messiah and the other does not The rise of Christians calling themselves messianic Jews the successes of Christian missionaries Jews ingratiating themselves to Evangelical Christians because of their support for the State of Israel the overuse of the term Judeo Christian and the increasing use of Jewish rituals in Christian churches blur the lines between Judaism and Christianity Develop a better understanding of the irreconcilable differences between Judaism and Christianity and where the two faiths hold mutually exclusive beliefs You ll learn how Their views differ regarding God humanity the devil faith versus the law the Messiah and more Both faiths read the same Biblical verses but understand them so differently and Missionary Christians use this blurring of the lines between the two faiths and other techniques to convert Jews to Christianity Real interfaith dialogue begins when those engaging in it not only speak of how they are similar but also where they differ Real understanding begins when the topics discussed are in areas of disagreement Judaism and Christianity A Contrast will help you understand the Jewish view of these disagreements Contemporary American Judaism Dana Evan Kaplan, 2009-08-22 No longer controlled by a handful of institutional leaders based in remote headquarters and rabbinical seminaries American Judaism is being transformed by the spiritual decisions of tens of thousands of Jews living in all corners of the United States A pulpit rabbi and himself an American Jew Dana Evan Kaplan follows this religious individualism from its postwar suburban

roots to the hippie revolution of the 1960s and the multiple postmodern identities of today From Hebrew tattooing to Jewish Buddhist meditation Kaplan describes the remaking of historical tradition in ways that channel multiple ethnic and national identities While pessimists worry about the vanishing American Jew Kaplan focuses on the creative responses to contemporary spiritual trends that have made a Jewish religious renaissance possible He believes that the reorientation of American Judaism has been a bottom up process resisted by elites who have only reluctantly responded to the demands of the spiritual marketplace The American Jewish denominational structure is therefore weakening at the same time that religious experimentation is rising leading to innovative approaches that are supplanting existing institutions The result as Kaplan makes clear is an exciting transformation of what it means to be a religious Jew in twenty first century America
