Smith, Jane G. Fox, Alan C. Saunderson, Ming Kon Yui, 2010-06-25 Hunt Marshall's Clinical Problems in Surgery discusses common problems encountered in the clinical practice of surgery and how to solve and treat them The approach of the text will be to encourage diagnostic economy and to this end students will be assisted to develop skills in pattern recognition appreciation of the natural history and prognosis of individual problems and their causative diseases and an ability to come to the core of the patient's presenting problem while maintaining an holistic approach to the unique requirements of the individual patient The text is designed to help the student understand the questions raised at each level of the of the diagnostic therapeutic and overall decision making tree and thereby to construct an appropriate pathway of management for each clinical problem problem oriented approach with clear pathways to problem solving in the clinical practice of surgery individual chapters describe methods of diagnosis and management for each presenting problem Identification and definition of the clinical problem Consideration of common causes Comparison of patient's problem with the usual clinical pattern of the common causes Review of less common causes Checking for associated problems Choosing diagnostic and treatment plans **Whiplash and Other Useful Illnesses** Andrew Malleon, 2005 Whiplash is diagnosed so frequently that in the U S alone its annual cost is estimated at between 13 and 18 billion dollars Up to 10 per cent of all whiplash victims are reported as permanently disabled Andrew Malleon contends that whiplash is nothing more than a neck strain that heals in a matter of days or weeks and argues that medical and legal professionals foster and create illnesses by dangling illusive fortunes in front of would be claimants In an exposé of how some health care and legal professionals prey on the anxieties and greed of their clients Malleon argues that whiplash is only one of a long list of largely fabricated illnesses

and injuries such as fibromyalgia repetitive strain injury chronic fatigue syndrome occupational back pain chronic pain syndrome and post traumatic stress disorder that drain resources from the health care system **House of Commons - Transport Committee: Cost of Motor Insurance: Whiplash - HC 117** Great Britain: Parliament: House of Commons: Transport Committee,2013-07-31 Whiplash injuries can have debilitating consequences for those who suffer them However some of the increase in whiplash claims will have been due to fraud or exaggeration The Government must tighten up the requirements for motor insurance claims and ensure that insurers honour their commitment to reduce premiums The Government should consider requiring claimants to provide proof that they have either been seen by a doctor or attended A E shortly after the accident The MPs also note that their previous recommendation on making the links between insurers and other parties involved with claims more transparent has been ignored The absence of comprehensive statistics about road traffic accidents means that it is impossible to relate the increasing number of personal injury claims in recent years to the number of accidents Data collection about road accidents needs to be improved help to assist detection of fraudulent personal injury claims and help highways authorities improve road safety by targeting spending on accident black spots The Committee also supports the proposal for an accreditation scheme for medical practitioners who provide medical reports in relation to whiplash claims Access to justice could also be impaired by Government proposals to switch whiplash claims between 1 000 and 5 000 to the small claims court particularly for people who do not feel confident to represent themselves against insurers who will use legal professionals to contest claims Ways in which use of the small claims track could be combined with the routine submission of expert evidence should be considered **Library of Congress Subject Headings** Library of Congress.
